CODE OF POLICIES

April 2026

(Containing Board Decisions Through January 2026)

Preface
Rotary Code of Policies

PURPOSE
This volume constitutes the codification of Rotary International's general and permanent policies. The decisions of the RI Board, the RI Conventions, and the RI Councils on Legislation in establishing such policies have been collected and compiled since 1910. The purpose of the Code is to place all these general and permanent policies currently in effect, into one integrated and comprehensive volume.

ARRANGEMENT
Each chapter in the Code represents a separate subject, and each article is intended to represent a separate topic as indicated by the titles. The chapters are numbered consecutively and are arranged in logical order. A listing of the articles within the chapters is shown at the beginning of each chapter and a listing of the sections within the articles is shown at the beginning of each article. If new articles become necessary between Code editions, then such articles may be inserted in the appropriate locations.

NUMBERING
The Code uses a progressive–rather than consecutive–numbering system to provide space for the insertion of additional sections within the articles to accommodate future new policies. New sections, as necessary, may be inserted between existing sections without changing any of the current numbers. For example, a new section between 5.010 and 5.020 could be 5.015 or any other number between 5.010 and 5.020. Each section number also carries the number of the article in which it is found. The article number and the section number are separated by a decimal point. For example, Section 7.050 means Section 50 in Article 7.

AMENDMENTS AND NEW POLICIES
The Board will adopt new policies and amend existing policies in its regular course of business. In the case of amendments, the sections of the Code being amended will be referenced in the actions of the Board. In the case of new policies, the placement of the new policies in the Code will be referenced in the actions of the Board.

1.050. Relationship to the Constitutional Documents

This Code is supplemental to the constitutional documents and should be construed in harmony with them. In the event of a conflict between the provisions of the constitutional documents and the provisions of this Code, the constitutional documents take precedence and thereby modify the conflicting provisions of the Code. *(June 1998 Mtg., Bd. Dec. 348)*

1.060. Severability

The chapters, articles, sections, and subsections of this Code are severable. If any chapter, article, section, or subsection of this Code is declared invalid by the judgment of any court or other agency of competent jurisdiction, such invalidity shall not affect any of the remaining chapters, articles, sections, or subsections of this Code. If any part of this Code is declared invalid by any court or agency of competent jurisdiction, it shall be invalid only within the jurisdiction of such court or agency. *(June 1998 Mtg., Bd. Dec. 348)*

1.070. Repeal of Policies

When an action repealing a former policy is itself repealed or rescinded, such repeal or rescission shall not be construed to revive the former policy, unless such policy is expressly reinstated. *(June 1998 Mtg., Bd. Dec. 348)*

1.080. Implementation of Policies

Unless noted to the contrary in a particular provision, the general secretary shall have both the duty and the authority to implement the policies set forth in this Code. For that purpose,

the general secretary may prepare and approve policies, procedures, guidelines, rules, schedules and other documents to implement the policies. The general secretary also may delegate authority for the implementation of various policies to one or more members of the staff, either by name or title. *(June 1998 Mtg., Bd. Dec. 348)*

1.090. Amendments

Amendments to this Code may be made through action of a Council on Legislation, in accordance with the provisions of the constitutional documents for actions by the Council on Legislation. Amendments to the Code also may be made by the Board, in accordance with the constitutional documents for actions by the Board. Amendments made by a Council on Legislation shall become effective on 1 July following the action, subject to the limitations of the constitutional documents. All other amendments shall become effective upon their adoption by the Board, unless a later date is specified in such action. When appropriate, the Board will delay the effective date of amendments to the Code in order to provide adequate notice of the changes or additions to the policies.

When amending this Code, the Board shall endeavor to specify the chapter, article, section, or subsection being amended or to designate the place in the Code for the new policies to be inserted. Failure to make such references shall not affect the validity of actions by the Board to adopt new or different policies. The general secretary has the duty and authority to make technical corrections in the amendments adopted by the Board and to incorporate such corrections into the Code. Such corrections, if any, shall be reported to the Board at its next meeting. *(September 2016 Mtg., Bd. Dec. 28)*

2.010.1. Failure to Function

In accordance with the RI Bylaws, the RI Board is responsible for ensuring that all member clubs of the association are functioning, and defines a functioning club as

1. Having paid its per capita dues to Rotary International
2. Meeting regularly consistent with RI constitutional documents
3. Ensuring that its members subscribe to *Rotary* magazine or a licensed regional magazine.
4. Implementing service projects that address needs in the local community and/or in communities in other countries
5. Receiving the visit of the governor, assistant governor, or an officer of Rotary International
6. Maintaining appropriate liability insurance as provided in section 72.060. of this Code
7. Acting in a manner consistent with the RI constitution, bylaws, and the *Rotary Code of Policies*
8. Complying with requests from the RI Board to terminate a Rotarian's membership who admits to, is convicted of or is otherwise found to have engaged in harassment as defined in the Rotary Code of Policies.
9. Paying its RI membership and district dues without outside assistance
10. Providing accurate membership lists on a timely basis to the general secretary. At a minimum, clubs must report their membership changes to the general secretary so they are received by 1 July and 1 January.
11. Resolving club disputes in an amicable manner
12. Maintaining cooperative relations with the district
13. Cooperating with RI by not initiating or maintaining, or retaining in its membership an individual who initiates or maintains, litigation against Rotary International, The Rotary Foundation, or the district, including their directors, trustees, officers, and employees, prior to exhausting all remedies provided for in RI's constitutional documents
14. Following and completing the election review process established in the RI bylaws

Each governor shall identify which clubs in the district are failing to function according to the above criteria. Rotary senior leaders are also encouraged to report any observations that suggest that a club has failed to function. The general secretary may also identify clubs that are failing to function and request a report from the district governor. The governor's report, as well as other evidence, shall be considered to determine if a club is failing to function. *(January 2023 Mtg., Bd. Dec. 80)*

2.010.2. Plan For Achieving Minimum Standards in All Rotary Clubs

1. Creating Opportunities for Clubs to Become Functioning

The governor will make appropriate arrangements to strengthen clubs identified as weak, so they are able to fulfill the minimum standards established by the Board.

2. Addressing Clubs That Are Not Functioning

If a club elects not to participate in the strengthening opportunities offered by the district governor, the governor will work with the club to identify an appropriate course of action from the following options:

a. Resignation – After careful consideration, in consultation with the governor, the club members agree to resign the membership of their club in accordance with club resignation board policy. The governor will provide the names of interested Rotarians to nearby clubs.

b. Merger – In consultation with the governor, the club and all of its members will consolidate with a nearby club. Neighboring clubs with fewer than 20 members are encouraged to merge.

c. Termination – The governor notifies the general secretary, or the general secretary determines, that a club is not able to meet the minimum standards for a functioning club. The general secretary notifies the club that it has been identified by the governor or the general secretary as failing to function and asks for its response within a reasonable timeframe. If the club doesn't respond or if the club's response indicates that minimum standards cannot be achieved, the club is terminated for failure to function.

2.010.3. Resignation of Rotary Clubs

In accordance with RI Bylaws section 3.010., Club Resignation from RI, a club wishing to resign its membership in the association may follow these general guidelines:

With advance notice, convene a meeting of the entire membership and vote to decide if the club should resign its membership in Rotary International.

If a majority of the members present votes to resign the club's membership, the club's president and secretary should send a written communication to the district governor and the general secretary summarizing the club's vote and indicating the final date that the club will operate.

Care should be taken to follow all applicable local laws and stewardship requirements regarding the termination of a non-profit organization.

If the club has incorporated itself, and/or if it has incorporated an activity of the club, applicable laws and the articles of incorporation should be followed, especially concerning the disposition of assets.

The district should assist remaining members in locating other Rotary clubs if they express a desire to continue their Rotary membership. *(October 2013 Mtg., Bd. Dec. 31)*

2.120.2. Abuse and Harassment Prevention and Reporting Procedure

To uphold the Statement of Conduct for Working with Youth all clubs and districts must ensure the abuse and harassment prevention and reporting requirements are followed as established by the general secretary:

1. RI has a zero-tolerance policy against abuse and harassment.
2. All district governors-elect must complete youth protection course before the start of their term as governor, as determined by the general secretary.
3. Districts participating in any youth programs may develop and implement youth protection policies according to local customs. Districts participating in Rotary Youth Exchange must develop and implement youth protection policies as outlined in *Rotary Code of Policies* section 41.040. Rotary Youth Exchange.
4. Districts participating in any youth program should appoint a youth protection officer. The youth protection officer should advise clubs and the district related to abuse and harassment prevention, assist districts to manage risks and crises that impact the safety of youth, should have professional experience in counseling, social work, law, law enforcement, or child development, and may be a Rotarian or non-Rotarian.
5. All allegations of abuse or harassment shall be reported to RI within 72 hours of learning of the incident. Failure to report incidents to RI within 72 hours may result in suspension of the district's Youth Exchange certification. Where there is sufficient evidence that an individual, club, or district knowingly failed to report as required, the general secretary may determine whether and/or the extent to which involved parties may continue to be eligible to participate in Rotary's youth programs, or whether additional sanctions may be necessary, including but not limited to requiring the club to terminate an individual's membership.
6. Any allegation of abuse must be immediately reported to the appropriate law enforcement agency, in accordance with RI's zero-tolerance policy. All law enforcement reviews must be conducted by legal authorities that are not affiliated with Rotary.
7. In addition to reporting to law enforcement for investigation, an independent and thorough investigation must be made by the club and district into any claims of abuse or harassment including a determination for how to prevent a similar situation in the future.
8. Any person involved in Rotary against whom an allegation of sexual abuse or harassment is made must be prohibited from all contact with youth until the matter is resolved. A club must terminate the membership of any individual who initiates contact with youth in a Rotary context after being notified they have been prohibited from contact with youth.

9. A club must terminate the membership of any individual who admits to, is convicted of or is otherwise known to have engaged in sexual abuse or harassment of youth or youth program participants. A Rotarian or non-Rotary volunteer who admits to, is convicted of, or is otherwise known to have engaged in sexual abuse or sexual harassment or other act of moral turpitude must be prohibited from working with youth in a Rotary context. A club may not grant membership to a person who is known to have violated Rotary's youth protection policies. (Upon obtaining information that a club has knowingly failed to terminate the membership of such an individual, the RI Board may terminate the club for failure to comply).

10. If an investigation into a claim of sexual abuse or harassment is inconclusive, then, for the safety of youth participants and the protection of the accused, additional safeguards must be put in place to assure the protection of any youth with whom the individual may have future contact. If there are subsequent claims of sexual abuse or harassment, the individual shall be permanently prohibited from working with youth in a Rotary context. Regardless of criminal or civil guilt, the continued presence of the adult could be detrimental to the reputation of the organization and could be harmful to youth. A person who is accused but later cleared of charges, may apply to be reinstated to participate in youth programs. Reinstatement is not a right, and no guarantee is made that any individual will be reinstated to a former position.

11. Districts must track all individuals prohibited from contact with youth and ensure such prohibitions are implemented consistently throughout the district from year to year.

12. Individuals prohibited from working with youth may not serve as District Interact Chair, Interact Club Adviser, District RYLA Chair, District Youth Exchange Chair, District Youth Protection Officer, or in any other locally-appointed club or district role where there may be contact with youth.

Clubs should develop their own programs according to the needs of their communities. It is not within the scope of the program of RI to sponsor or prescribe for any club a particular service project or program.

A fundamental principle of RI is the substantial autonomy of the member clubs.

The constitutional and procedural restrictions on clubs are kept to a minimum necessary to preserve the fundamental and unique features of Rotary. Within that provision there is the maximum flexibility in interpretation and implementation of RI policy, especially at the club level. *(April 2016 Mtg., Bd. Dec. 157)*

8.030. Basic Principles of Vocational Service

8.030.1. Statement on Vocational Service

Vocational Service is the manner in which Rotary fosters and supports the application of the ideal of service in the pursuit of all vocations.

The second Object of Rotary is the basis for vocational service, specifically, encouraging and fostering:

- high ethical standards in business and professions;
- the recognition of the worthiness of all useful occupations;
- the dignifying of each Rotarian's occupation as an opportunity to serve society.

Inherent in the vocational service ideals expressed above are:

- Faithfulness and fidelity to employers, employees and associates, fair treatment of them and of competitors, the public, and all those with whom one has any business or professional relationships;
- The contribution of one's vocational talents to the problems and needs of society.

Vocational service is both the responsibility of a club and of its members. The role of the club is to implement and encourage the objective by frequent demonstration, by application

to its own actions, by example and by development of projects that help members contribute their vocational talents. The role of the members is to conduct themselves, their businesses, their occupations, and their professions in accordance with Rotary principles and to respond to projects which the club has developed. *(October 2019 Mtg., Bd. Dec. 29)*

8.030.2. Member Code of Conduct

All members (Rotarians and Rotaractors) are expected to:

1. Act with integrity and high ethical standards in their personal and professional lives.
2. Treat others fairly by using respectful language, being supportive, fostering a welcoming environment, and honoring all individual member characteristics..
3. Use their professional skills through Rotary to improve people's quality of life their own communities and elsewhere in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotary members.
5. Follow all codes of conduct for any Rotary-related event.

In addition, district and regional leaders, including district governors will:

6. Comply with all applicable laws and regulations in conducting Rotary business and in their personal lives.
7. Adhere to the provisions of Constitution of Rotary International and the Rotary International Bylaws, as well as to the provisions established by the RI Board in the Rotary Code of Policies.
8. Serve for the benefit of all members and participants in upholding Rotary's purpose, prioritize the interests of district members, and avoid even the appearance of impropriety in their conduct.
9. Foster an environment in the district that promotes safety, courtesy, dignity, which includes promptly addressing any allegations of harassment.
10. Avoid using their office for personal prestige or benefit or to benefit family members or friends.
11. Act on what is fair to all concerned.
12. Promote transparency about financial information, compliance with all local and national laws relating to financial management and adhere to Rotary's reimbursement policies for expenses.
13. Use confidential or proprietary information for their intended purposes (never for personal ones), prohibit and restrict the disclosure, communication, and use of this information, and take precautions against any accidental disclosures.

In addition to meeting the expectations for all members and for governors, directors will:

14. Act in the best interests of all members and of RI as a whole (not just of the zones they were elected from), adhere to their duty of loyalty to RI, act independently of any inappropriate influence, and put the interests of the association first.

15. Follow the Board's Conflict of Interest Policy, which is designed to preclude even the appearance of impropriety regarding the Board's actions, and thus refrain from accepting any offers, gifts, or favors in exchange for influencing or taking a position on any item that the Board will consider.

16. Carry out their responsibilities with diligent and appropriate care, including asking reasonable questions, gathering as much information as they can before making a decision, and generally being as prudent as anyone in a similar position would be in similar circumstances.

17. Weigh the potential impact of their decisions, which often has a significant impact on various groups and individuals, in a way that is consistent with The Four Way Test, treats equally all the people who will be affected, and thus maintains members' confidence that the Board acts fairly and in the best interests of the association.

18. Report any suspected or potential violations of this code to the general secretary or the RI president and encourage other Board members to do so in order to ensure that people comply and that the goals of the code are accomplished.

19. Review this code of conduct during their orientation and then at least annually and acknowledge that they have read it, understand it, and will comply with their responsibilities under the code.

If the general secretary or RI president learns that a director has potentially violated this code, they will provide all the details they can to the Board's Executive Committee. The committee will then obtain all relevant information and take action as it deems appropriate, including providing counsel to the alleged violators and offering the full Board recommendations for corrective action. Only the Board can take disciplinary action against a director. *(April 2025 Mtg., Bd. Dec. 147)*

8.030.3. Key Messages on Vocational Service

Rotarians, clubs, and districts should implement the following strategies in their support of Vocational Service:

- Strengthen the emphasis on vocation and classification in new member recruitment and induction
- Identify means of emphasizing vocation in club activities

- Create a stronger emphasis on business networking with integrity in Rotary at the club and district level
- Focus more attention on business networking with integrity as a means of attracting and mentoring the new generation
- Emphasize the connection between the Four Way Test and the Rotarian Code of Conduct and their importance to the values of Rotary

8.040. Basic Principles of Community Service

8.040.1. 1923 Statement on Community Service

Community Service is to encourage and foster the application of the ideal of service in each Rotarian's personal, business and community life.

In carrying out this application of the ideal of service, many clubs have developed various Community Service activities as affording opportunities for service by their members. For the guidance of Rotarians and Rotary clubs and to formulate a policy for Rotary toward Community Service activities, the following principles are recognized and accepted as sound and controlling:

1. Fundamentally, Rotary is a philosophy of life that undertakes to reconcile the ever-present conflict between the desire to profit for oneself and the duty and consequent impulse to serve others. This philosophy is the philosophy of service - "Service Above Self" - and is based on the practical ethical principle that "One profits most who serves best."

2. Primarily, a Rotary club is a group of representative business and professional people and community leaders who have accepted the Rotary philosophy of service and are seeking:

   First, to study collectively the theory of service as the true basis of success and happiness in business and in life; and second, to give, collectively, practical demonstrations of it to themselves and their community; and third, each as an individual, to translate its theory into practice in business and in everyday life; and fourth, individually and collectively, by active precept and example, to stimulate its acceptance both in theory and practice by all non-Rotarians as well as by all Rotarians;

3. RI is an organization that exists:

   a. for the protection, development and worldwide propagation of the Rotary ideal of service;

b. for the establishment, encouragement, assistance and administrative supervision of Rotary clubs;

c. as a clearinghouse for the study of their problems and, by helpful suggestion but not compulsion, for the standardization of their practices and of such Community Service activities, and only such Community Service activities, as have already been widely demonstrated by many clubs as worthwhile and as are within, and will not tend to obscure, the Object of Rotary as set out in the RI Constitution.

4. Because they who serve must act, Rotary is not merely a state of mind, nor Rotary philosophy merely subjective, but must translate itself into objective activity; and the individual Rotarian and the Rotary club must put the theory of service into practice. Accordingly, corporate action by Rotary clubs is recommended under the safeguards provided herein. It is desirable that every Rotary club sponsor a major Community Service activity each fiscal year, varied from year to year if possible before the end of the fiscal year. This activity is to be based upon a real community need and should require the collective cooperation of all its members. This is to be in addition to the club's continuing its program for the stimulation of the club members to individual service within the community.

5. Each individual Rotary club has absolute autonomy in the selection of such Community Service activities as appeal to it and as are suited to its community; but no club should allow any Community Service to obscure the Object of Rotary or jeopardize the primary purpose for which a Rotary club is organized; and RI, although it may study, standardize and develop such activities as are general and make helpful suggestions regarding them, should never proscribe any Community Service activity for any club.

6. Although regulations are not prescribed for an individual Rotary club in the selection of Community Service activities, the following rules are suggested for its guidance:

   a. Because of the limited membership of Rotary, only in a community where there is no adequate civic or other organization in a position to speak and act for the whole community should a Rotary club engage in a general Community Service activity that requires for its success the active support of the entire citizenship of the community, and where a chamber of commerce exists, a Rotary club should not trespass upon or assume its functions, but Rotarians, as individuals committed to and trained in the principle of service, should be members of and active in their chambers of commerce and as citizens of their community should, along with all other good citizens, be interested in every general Community Service activity, and, as far as their abilities permit, do their part in money and service;

   b. As a general matter, no Rotary club should endorse any project, no matter how meritorious, unless the club is prepared and willing to assume all or part of the responsibility for the accomplishment of that which it endorses;

   c. While publicity should not be the primary goal of a Rotary club selecting an activity, as a means of extending Rotary's influence, proper publicity should be given to a worthwhile club project well carried out;

d. A Rotary club should avoid duplication of effort and in general should not engage in an activity that is already being well handled by some other agency;

e. A Rotary club in its activities should preferably cooperate with existing agencies, but where necessary may create new agencies where the facilities of the existing agencies are insufficient to accomplish its purpose. It is better for a Rotary club to improve an existing agency than to create a new and duplicative agency;

f. In all its activities a Rotary club acts best and is most successful as a propagandist. A Rotary club discovers a need but, where the responsibility is that of the entire community, does not seek alone to remedy it but to awaken others to the necessity of the remedy, seeking to arouse the community to its responsibility so that this responsibility may be placed not on Rotary alone but on the entire community where it belongs; and while Rotary may initiate and lead in the work, it should endeavor to secure the cooperation of all other organizations that ought to be interested and should seek to give them full credit, even minimizing the credit to which the Rotary club itself is entitled;

g. Activities which enlist the individual efforts of all Rotarians generally are more in accord with the genius of Rotary than those requiring only the mass action of the club, because the Community Service activities of the Rotary club should be regarded only as laboratory experiments designed to train members of a Rotary club in service.

8.040.2. 1992 Statement on Community Service

Rotary Community Service encourages and fosters the application of the ideal of service to the personal, business and community life of every Rotarian. In carrying out this application of the ideal of service, a variety of activities developed by Rotary clubs have afforded significant opportunities for service by their members. For the guidance of Rotarians and to formulate a policy for Rotary toward Community Service activities, the following principles are recognized:

Community Service is an opportunity for every Rotarian to exemplify "Service Above Self." It is the commitment and social responsibility of every Rotarian and Rotary club to improve the quality of life for those who live in the community and to serve the public interest.

In this spirit, clubs are encouraged to:

1. review regularly service opportunities within their communities and involve each club member in an assessment of community needs

2. capitalize on the unique vocational and avocational talents of members in implementing their Community Service projects

3. initiate projects in accordance with the needs of the community and commensurate with the club's standing and potential in the community, recognizing that every Community Service activity, however small, is important
4. work closely with the Interact clubs, Rotaract clubs, Rotary Community Corps, and other groups which they sponsor in order to coordinate Community Service efforts
5. identify opportunities to enhance Community Service projects through Rotary programs and activities at the international level
6. involve the community, when desirable and feasible, in implementing Community Service projects, including the provision of required resources
7. cooperate with other organizations in accordance with RI policy, to achieve Community Service objectives
8. achieve proper public recognition for their Community Service projects
9. act as catalysts to encourage other organizations to work together in Community Service efforts
10. transfer responsibility for continuing projects, when appropriate, to community, service, or other organizations so that the Rotary club can become involved in new projects

As an association of clubs, RI has the responsibility to communicate news of Community Service needs and activities, and from time to time suggest programs or projects which advance the Object of Rotary and which would benefit from the concerted efforts of Rotarians, clubs and districts who wish to participate. *(May 2003 Mtg., Bd. Dec. 325)*

8.040.3. Participation in Community Service Activities by Clubs and Districts

As a basis for effective Community Service, all club presidents are encouraged to appoint Rotarians to serve on Community Service subcommittees, as needed, within the following groups: Human Development, Community Development, Environmental Protection, and Partners in Service. These subcommittees are urged to:

1. ascertain community needs by comprehensive survey and analysis of the particular relative circumstances in their respective localities;
2. encourage individual club members to supplement and strengthen such survey and analysis by exploring the locality of the club in their personal and vocational capacities for the purpose of discovering community needs;
3. meet with other community organizations for discussion and exchange of ideas where such meetings can be undertaken in harmony with established policy;
4. include as a factor in considering prospective members, their demonstrated active interest in and familiarity with community needs.

12.120. Grow Rotaract Membership Operational Plan

An emphasis on growing Rotary's member and participant-base is a key element of the RI Strategic Plan. The Grow Rotaract Operational Plan endeavors to align operations and resources to Rotary's strategic priorities in order to achieve long-term membership sustainability and growth of Rotaract, while also facilitating a smooth transition from Rotaract to Rotary club membership.

This plan supports our existing Rotaract clubs' efforts to remain relevant and attractive to new members and deliver an experience that engages and retains existing members, while also strengthening the collaboration between Rotary and Rotaract clubs.

The plan also seeks to expand Rotaract's reach with innovative models that welcome more participants and gives them meaningful ways to unite and take action.

Priority: Increase Impact
Membership Initiatives:

- Ensure a consistent message that Rotaract is a unique and valued membership type for young adults.
- Foster a perception shift, where Rotarians see value in Rotaract and believe their Rotary experience is better as a result of collaboration with Rotaractors.
- Expand the awareness and understanding of The Rotary Foundation for Rotaractors, including access to funding and evaluation of the success and sustainability of their district and global grant projects.

- Encourage greater giving to and fundraising for The Rotary Foundation by Rotaract based on a tailored donor engagement and recognition strategy that resonates with this target audience.
- Improve Rotaractors' ability to achieve and measure greater impact through hands-on-service projects.

Priority: Expand Reach
Membership Initiatives:

- Over the next 5 years, achieve sustainable growth in Rotaract membership
- Develop new clubs and other opportunities to participate with Rotary that appeal to younger and diverse participants.
- Leverage the experience of the family of Rotary as opportunities to better connect with existing and prospective Rotaractors and participants.
- Encourage, monitor, and measure transitions from Rotary's youth programs to Rotaract club membership.
- Encourage, monitor, and measure transitions from Rotaract club membership to Rotary club membership.

Priority: Enhance Engagement
Membership Initiatives:

- Encourage Rotary and Rotaract clubs to offer opportunities for greater collaboration to improve membership experiences for both Rotarians and Rotaractors
- Increase awareness of membership and service recognition opportunities available to Rotaract clubs and members.
- Better define the value and member benefits of Rotaract while creating a distinctly appealing, flexible, and innovative club experience tailored for young adults
- Strengthen Rotary's learning opportunities, including in-person volunteer-led events, to support the Rotaract club experience.

Priority: Increase Ability to Adapt
Membership Initiatives:

- Update RI Code of Policies to fully integrate Rotaract as a membership type, while providing sufficient distinction between Rotary and Rotaract clubs as unique member experiences.
- Continue to promote active participation of Rotaractors in committees and other leadership appointments.

17.010.1. Role of the District

A district is a group of clubs within a geographical boundary established by the Board. The purpose of a district is to strengthen and support clubs. Districts are not required to complete a particular service project or program. *(April 2018 Mtg., Bd. Dec. 160)*

17.010.2. Authority to Act

Districts are authorized to act only on their own behalf. A district does not have the authority to act, negotiate, or contract on behalf of Rotary International or The Rotary Foundation. *(April 2018 Mtg., Bd. Dec. 160)*

17.010.3. Size of the District

Because districts that have a large membership base are more effective than districts with fewer clubs and Rotarians, the Board encourages all districts to strive to have at least 75 clubs and 2,700 members.

Larger districts have:

- A larger pool of qualified Rotarians from which to select governors, assistant governors, and other district leaders
- More resources for carrying out large-scale, sustainable service projects
- Greater potential for raising Rotary's visibility
- Larger and more dynamic district conferences and meetings
- More effective learning events for club and district leaders

17.010.4. Establishment of Districts Within Zones

At its first meeting of each year, the RI Board establishes Rotary's zones and any needed adjustments to the zone sections, for that year. *(April 2018 Mtg., Bd. Dec. 160)*

Amended by April 2018 Mtg., Bd. Dec. 160

17.010.5. Districting

Through districting, the Board redraws district boundaries, either by dividing districts, by realigning clubs within districts, or by consolidating districts.

1. As stated in RI Bylaws section 15.010.1, the Board may change the boundaries of a district with fewer than 20 clubs or 1,100 Rotarians or merge clubs in these districts with adjacent districts, or divide a district with more than 100 clubs or 5,400 Rotarians.
2. All districts are bound by RI Bylaws 15.010. to accept clubs from districts with fewer than 20 clubs or 1,100 Rotarians whose boundaries are redrawn.
3. District governors use the District Reorganization Form, available from the general secretary, to propose districting changes.
4. When districts are consolidated or divided, all of the affected districts' future governors who have already been selected (elected, nominated, or designated) are offered the opportunity to serve in the newly merged or divided district, although some may not serve during their originally selected term.
5. In districts with 1,100 or more Rotarians or fewer than 20 clubs, the governor(s) of the existing district(s) must share the districting proposal with the clubs. Clubs have 30 days from receipt of the proposal to discuss and vote on the proposal. If a majority of clubs in a district with 1,100 or more Rotarians or fewer than 20 clubs reject the proposal it does not move forward. Each districting proposal includes certification that the majority of clubs in the district(s) did not reject the proposal and signatures of the current and future elected governors.
6. The districting committee evaluates districting proposals and sends its recommendation to the Board.

7. The District Reorganization Form asks for:
    a. The proposal
    b. Description of the new district boundaries
    c. Suggestions for the new district numbers. Consolidated or divided districts must have new numbers to ensure the accuracy of Rotary reports and historical archives. The consolidated district may not use the number of either of the merged districts. The Board ultimately assigns new district numbers.
    d. The desired effective date of the change
    e. The current and future district leadership plans for the affected districts, including the number of assistant governors and number of clubs assigned to each
8. The general secretary will provide the following data to the districting committee for each districting proposal:
    a. The affected districts' membership history, based on 1 July invoices for the past five years
    b. A list of the affected districts' clubs, including their charter date and membership as of their most recent club invoice; the list will highlight the number and percentage of clubs with fewer than 20 members and clubs chartered in the past three years.

Amended by October 2022 Mtg., Bd. Dec. 30

17.010.6. Districting Criteria

The procedures for districting shall be as follows:

1. Districting decisions are based on the official membership of the district as of 1 July or 1 January, whichever is the most recent at the time of the Board meeting.
2. Districting proposals may consider geographical boundaries, potential for district growth, and cultural, economic, language, and other relevant factors
3. New districts should:
    a. Have at least 60 clubs or 2,100 members
    b. Have demonstrated potential for growth to at least 75 clubs and 2,700 members within 10 years, based on their five-year membership history
    c. Have at least 90 percent of its clubs be clubs that were chartered at least three years before the date of the proposal
    d. Have more than 20 members in at least 80 percent of their clubs
4. For districts that have 1,200 members or fewer:

- The districting committee will request an annual membership development plan from the district and share district consolidation information.
- The director and the district's governor-elect, governor-nominee, and governor-nominee-designate will receive copies of all correspondence about the district's size and will be asked to work together on increasing membership.

5. Where district boundaries remain the same and the district boundary description changes involve only changes to the names of states, provinces, etc., the general secretary is authorized to approve the changes on behalf of the Board.

6. The general secretary is authorized to act on behalf of the Board to approve district boundary changes that involve the transfer of up to 10 clubs, or of an area where there is no Rotary club, from one district to another. The current governors of the districts that are involved must agree to the change.

The approved boundary modification will take effect the next 1 July. *(October 2019 Mtg., Bd. Dec. 29)*

17.010.7. Additionally-Supported Districts

The board may authorize the general secretary to assign additionally-supported status to certain districts identified by the Board to provide additional support because of unique geographical, language, cultural, economic, social, political, or other factors.

Additionally-supported status allows the Board to maintain districts that do not meet the minimum numbers of clubs or members as designated in RI Bylaws section 15.010. The additional support lasts for a period of up to three years, unless the Board extends the timeframe.

The RI Board will provide the following:

- Up to a total of US$200,000 for all additionally-supported districts annually for additional learning events, membership development, promotion of participation in The Rotary Foundation and other support as determined by the general secretary after consultation with the director and district leadership
- Tools, advice, and other resources needed to reach membership targets and other benchmarks designated by the general secretary

- An exemption from having to hold their district governor selection process 24 months in advance of the term of office

Additionally-supported districts will be reviewed annually by the Districting Committee. In the second year of the districts' additionally-supported status the Districting Committee will recommend to the Board whether to extend or remove the additionally-supported status. This includes the possibility to transfer clubs into another district, and if a governor-elect will attend the next International Assembly. *(April 2024 Mtg., Bd. Dec. 119)*

17.020. Incorporation of Districts

17.020.1. Incorporation Process

A district may seek the approval of the Board to incorporate upon the approval of at least two-thirds of the clubs in the district in a vote at a district conference, or in a ballot-by-mail. In either process, each club shall be entitled to one vote. Upon approval of the Board, the district may incorporate.
The incorporated district shall, in all respects, possess all of the powers, rights and privileges, and shall perform all of the obligations and requirements of a district under the constitution, bylaws, and policies of RI.

Insofar as the provisions of the laws of the local jurisdiction shall permit, the corporate documents of an incorporated district shall be consistent with the constitution, bylaws, and policies of RI. In the event that there is any amendment to the constitution, bylaws, or policies of RI that cause a district's corporate documents to be inconsistent with the amended constitution, bylaws, or policies of RI, the district shall immediately amend its corporate documents so that they shall again become consistent. District corporations shall act in accordance with the constitution, bylaws, and policies of RI, and shall not take any action inconsistent with the constitution, bylaws, and policies of RI.

A district shall immediately notify the general secretary if a provision of the laws of the local jurisdiction precludes the incorporated district from taking any action necessary or requires the incorporated district to take any action prohibited under the constitution, bylaws, or policies of RI.

The district must submit to the general secretary on behalf of the Board the corporate documents required to be submitted to the local jurisdiction in order to incorporate. Upon completion of the incorporation process, subsequent amendments to these corporate documents need not be submitted to the Board for review. However, any amendments must be consistent with the constitution, bylaws, and policies of RI.

The district governor shall be responsible for supervising the incorporation process.

The incorporated district should be structured in furtherance of the District Leadership Plan.

The corporate documents of each incorporated district shall include provisions assuring that the district corporations comply with the following requirements:

1. The name of the incorporated district shall be "Rotary International District (district number), (Inc., LLC, etc.)"
2. The corporation shall be a not-for-profit entity, and it shall pay no dividend and no part of its money, property or other assets shall be distributed to its members, directors, or officers
3. Where any provision of the corporate documents of the incorporated district is not in conformity with the constitution, bylaws, or policies of RI, the terms of the constitution, bylaws, or policies of RI shall prevail at all times
4. All Rotary clubs in the incorporated district shall be members of the incorporated entity
5. The initial membership of the district shall be the Rotary clubs in the district as of the time of the incorporation. The addition or removal of a club or clubs from a district pursuant to the RI bylaws shall immediately and automatically result in a corresponding change in the membership of the district corporation
6. Only Rotary clubs in the district may be members of the incorporated district
7. 17.030. District Leadership Plan

All districts are required to develop and adopt a District Leadership Plan (DLP) in conformity with sections 17.030.1.-17.030.3. of the *Rotary Code of Policies*.

The required components of the DLP are as follows:

2. Defined responsibilities and duties for assistant governors, district learning facilitators, district committee members, and club leadership
3. District committees that ensure continuity of leadership within the district
4. A clear statement of the duties and responsibilities that the governor cannot delegate
5. A defined plan for assisting clubs in the implementation of a corresponding club leadership plan

The District Leadership Plan provides for the appointment by the governor of assistant governors to carry out much of the administrative work associated with club operations, thereby giving the governor more time to:

1. emphasize the importance of membership attraction and engagement
2. motivate Rotarians to participate in club and district activities and projects through attendance at specific events

5. plan for the future of the district
6. address the long-term development of the clubs in the district through the Club Leadership Plan
7. undertake the duties set forth in section 16.030. of the RI Bylaws

A District Leadership Plan must address the following issues:

1. The number of assistant governors appointed based on the needs of each district, taking into consideration factors such as geography, language, culture, the balance of strong and weak clubs in each area, and the number of clubs an assistant governor can reasonably be expected to support. (It is recommended that between four and eight clubs be assigned to each assistant governor, but in no case shall an assistant governor be responsible for only one club.)
2. How the assistant governors will be trained
3. What committees the district will need
4. Communication procedures between the governor, assistant governors and the district committees
5. How the district will provide for continuity in leadership through the use of assistant governors
6. How the district will provide for continuity within committees as appropriate or necessary
7. Methodology used to appoint and/or remove assistant governors

8. A corresponding Club Leadership Plan for clubs in the district

The current district governor, governor-elect, and governor-nominee should reach consensus on the following:

1. District's strategic plan
2. District appointments that last more than one year
3. District service projects that last more than one year.

ARTICLE 21. MULTIDISTRICT ACTIVITIES

21.010. Guidelines for Multidistrict Activities, Projects, and Organizations
21.020. Intercountry Committees

21.010. Guidelines for Multidistrict Activities, Projects, and Organizations

Service activities, projects and organizations involving clubs in two or more districts are encouraged, subject to the following:

Multidistrict activities, projects and organizations:

- shall be, in nature and scope, within the capability of the clubs and Rotarians in the districts to be undertaken successfully without interfering with or detracting from the scope and effectiveness of club activities in furthering the program of Rotary at the club level
- shall not be undertaken initially unless each governor concerned has agreed to such a joint activity and then, only after approval of two-thirds of the clubs in each district. Any participating district that seeks to terminate its participation in a multidistrict activity, project or organization must secure the approval of two-thirds of the clubs in the district to withdraw.
- shall be under the direct supervision of the governors concerned; the custody of all funds contributed or collected for such activities, projects or organizations shall be the responsibility of the governors concerned, though a committee of Rotarians from within the districts involved may be appointed to assist in administering any such activity, project or organization and related funds. The governors involved in any multidistrict activity, project or organization shall also be responsible for ensuring that an annual financial review by a qualified person or an audited financial statement of multidistrict finances is prepared for the activity, project or organization and distributed to the participating clubs. (Please see section 34.040.7., point 9 for a further definition of "full control of a Rotary Entity.")
- shall involve participation by Rotary clubs and/or individual Rotarians on a voluntary basis, clearly presented as such; the cost of participation by a club or individual Rotarian, if any, should be kept to a minimum, and not implicitly or directly be made an obligation in the form of a per capita assessment or otherwise
- shall adhere to all applicable RI policies, including RI's circularization policy and policies for use of the Rotary Marks.
- in order to clarify that the activity, project or organization is not one of RI or TRF, the promotional materials, printed and electronic, and especially on any donation page, shall state that the activity, project or organization is one of a local nature.

This policy does not include projects involving cooperation between districts partnering for an international service project.

Multidistrict PELS organizations are exempt from these Multidistrict Guidelines. Rather, they are to be governed by the Multidistrict PELS Guidelines.

With the exception of a multidistrict PELS, which shall be under the direct authority and control of the governors-elect in cooperation with governors, the ultimate responsibility for multidistrict events, activities, projects and organizations lies with the governors of the districts involved.

Local approval of a multidistrict activity, project or organization in no way implies legal, financial or other obligation or responsibility on the part of RI. A multidistrict organization may not act on behalf of RI, or represent or imply that it has authority to act on behalf of RI. A multidistrict organization is not an agency of RI. Multidistrict organizations must be self-sustaining financially, administratively, and otherwise.

In instances where multidistrict activities, projects and organizations are incorporated, the members of the corporation should be the governors of the districts involved or their appointees. The board of directors of any such incorporated activity, project or organization should be elected by the members of the corporation. Corporate structures not in harmony with these provisions will generally be considered as not in conformance with RI policy regarding supervision of multidistrict activities, projects and organizations by the governors. *(October 2025 Mtg., Bd. 21.020.2. Establishing an Intercountry Committee

Intercountry Committees can be national or sub-national relationships between two countries. National intercountry committees require the consensus of all districts in a country. Sub-national intercountry committees require the consensus of all districts participating in the relationship. An established Intercountry Committee shall inform the Executive Council of its formation.

To form an Intercountry Committee between two or more countries, approval from all of the countries' district governors must be obtained. District governors from a given country who wish to delegate decision-making authority for establishing new national Intercountry Committees may do so with unanimous consent of all district governors in the country.

Interested Rotarians in each country should form a planning committee to establish an Intercountry Committee. The responsibilities of the planning committee include obtaining approval to organize an Intercountry Committee from each district's governor, electing an Intercountry Committee chair to lead the relationship, identifying potential projects, and activities for the ICC participants to undertake, and organizing a planning meeting. The name of an intercountry committee shall be taken from the names of the participating countries. (Refer to the Brand Center for guidance on using a geographic identifier as part of the Intercountry Committee's name or branding.) Should a district decide to leave the relationship, the relationship shall evolve into a subnational Intercountry Committee.

2. Establishing a subnational Intercountry Committee

To form a subnational Intercountry Committee between two or more districts, approval from all of the district governors must be obtained.

Interested Rotarians in each district should form a planning committee to establish a district-level Intercountry Committee. The responsibilities of the planning committee include obtaining approval to organize a subnational Intercountry Committee from each participating district governor, electing an Intercountry Committee chair to lead the relationship, inviting club presidents from each district to participate, identifying potential projects and activities for ICC participants to undertake, and organizing a planning meeting. The name of a subnational Intercountry Committee shall be taken from the names of the participating districts. (Refer to the Brand Center for guidance on using a geographic identifier as part of the Intercountry Committee's name or branding.) Should a district decide to leave the relationship, the name of the ICC shall be updated to reflect the remaining participants.

21.020.3. Governance

An Intercountry Committee is led by an Intercountry Committee chair, elected from participating districts for a three-year term. Intercountry Committees must abide by the rules governing organizations in their country and shall have officers including a chair, secretary, and treasurer. The chair should serve for three years while the other leaders should rotate on an annual basis. *(October 2019 Mtg., Bd. Dec. 45)*

21.020.4. Relationships with District

Intercountry Committees are encouraged to collaborate with the district governors of participating districts as well as their district international service committees, if one is appointed.

Intercountry committee chairs may contact district governors, district governors-elect, and district international service committee chairs in their country regarding the formation of a new ICC or to annually invite participation in an existing ICC relationship. *(September 2020 Mtg., Bd. 21.020.5. ICC Executive Council

The ICC Executive Council is a resource for districts and countries wishing to form a new Intercountry Committee. The Executive Council collects and shares best practices for forming Intercountry Committees and subsequent projects and activities. The Executive Council maintains a list of Intercountry Committee Chairs and active Intercounty Committees, made available through its website.

The Executive Council is led by a president, secretary and treasurer, elected by reported Intercountry Committee chairs. The president of the executive council serves a three-year term, acts as the liaison between intercountry committees and Rotary International and submits an annual report to RI in July each year. The annual report shall include contact information for Intercountry Committee chairs, a list of Intercountry Committee relationships, and a summary of major projects and activities. Failure to submit an annual report by 1 August will result in termination of the president's term and will require the Executive Council members to elect a new president. The Executive Council may collect modest optional fees from established ICCs to cover website expenses. The Executive Council may not create additional governance or leadership positions for individual Intercountry Committees, nor does it have authority to approve or decline the formation of new ICCs. *(October 2019 Mtg., Bd. Dec. 45)*

21.020.6. Relationship with Rotary International

Establishing an Intercountry Committee in no way implies legal, financial or other obligation or responsibility on the part of RI, or any district or club. An Intercountry Committee may not act on behalf of RI, or represent or imply that it has authority to act on behalf of RI. An Intercountry Committee is not an agency of RI. Intercountry Committees

must be self-sustaining financially, administratively, and otherwise. Intercountry Committees may not exist or function in any country in violation of the laws of such country. *(October 2019 Mtg., Bd. Dec. 45)*

21.020.7. Finances

Intercountry Committees shall function without financial support from Rotary International. Modest optional fees may be collected from participating districts to cover operating costs of an Intercountry Committee. The fees may be used for administrative purposes or to support humanitarian projects and cannot be used to offset travel or other expenses incurred by an individual as a result of participating in activities organized by an Intercountry Committee or the Executive Council. If an Intercountry Committee or the Executive Council elects to collect fees, the Intercountry Committee's leadership or Executive Council's leadership shall prepare a budget of estimated income and estimated expenditures for the year at the beginning of each fiscal year. All bills shall be paid by the treasurer, or other authorized officer, only after approval by two other officers. An annual financial review by a qualified person shall be made of all the Intercountry Committee's and Executive Council's financial transactions and be shared with all participating districts. *(October 2019 Mtg., Bd. 26.060.4. Rules Regarding Campaigning, Canvassing, and Electioneering

It is a fundamental principle in Rotary that the best qualified candidate should be selected for service in Rotary's elective offices. Therefore, any effort to influence the selection process in a positive or negative manner by campaigning, canvassing, electioneering or otherwise is prohibited under the RI Bylaws.

The following rules shall be followed concerning campaigning, canvassing and electioneering for any Rotarian considering election to the office of president, director, Governor, or Council representative, or the nominating committee for any such office. These rules are designed to ensure that the best qualified candidate is selected for office:

1. Rotarians should at all times conform to the prohibitions of the RI Bylaws concerning campaigning, canvassing or electioneering. All Rotarians should observe both the letter and the spirit of the bylaws and refrain from any activity whose purpose or effect is to influence others by promoting or soliciting support for a candidate's or another Rotarian's candidacy. Such activity is repugnant to the spirit of the bylaws and the principles of Rotary and will be grounds for disqualification of a candidate.
2. Campaigning, canvassing or electioneering is any action seeking to promote, attack, support, or oppose a candidate, either directly or indirectly, in any medium, including, but not limited to, any action seeking votes, requesting support in a forthcoming election, distribution of literature or promotional materials or other overt actions intended to promote one's candidacy for an elected Rotary office. However, communication seeking concurrences to a challenge resolution or election complaint within one's own club or district is permitted, provided that such contact is limited to the exchange of factual, procedural information.
3. The periods of candidacy for elective office begin when individual Rotarians begin to give serious consideration to submitting their names for a position covered by the RI rules for nominations and elections. Commencing at that time, candidates should be

particularly careful to avoid any actions designed to publicize their names or achievements, to call attention to the applicable nominations or elections, or to give candidates an unfair advantage over other candidates for the same position.

4. The normal performance of duly-assigned Rotary activities would not be considered to be a violation of the policies related to campaigning, canvassing or electioneering.

26.070. Election Complaint Procedures

The following procedures for review of RI elections shall be followed whenever a complaint is made and filed in accordance with the applicable sections of the RI Bylaws:

26.070.1. Advising the Parties of a Complaint

After receiving any election complaint, the general secretary shall inform the party in question of the allegation, request a written response with documentation by a certain date, and notify the parties of the proper procedure to be followed. *(June 2001 Mtg., Bd. Dec. 326)*

26.070.2. Methods of Resolution

The president, or the general secretary acting on the president's behalf, shall resolve an election dispute in the following situations:

1. there has been a misunderstanding about the requirements of the relevant constitutional documents;

2. information has been received and certified by the general secretary that a candidate has appealed to a "non-Rotary agency" prior to completing the RI election review procedures. In such instances the president shall, in accordance with RI Bylaws section 13.030.5. and on behalf of the Board, send a "show-cause" letter by priority mail to the candidate requesting information within 15 days indicating that the lawsuit was not filed on the candidate's behalf. Upon the candidate's failure to provide adequate evidence that the action was not taken on the candidate's behalf, the President, on behalf of the Board, shall notify the candidate that he or she is disqualified for the election in question and from contesting any elective office of RI in the future for a period as determined by the board, without referral to the RI election review committee. The president shall also notify the executive committee of any action taken pursuant to this subsection.

In all other situations, the president shall, in consultation with the chair of the election review committee, select three members of that committee (one of whom shall be designated as

convener) to serve as a panel to evaluate the complaint. Any member of the committee, however, may disqualify himself or herself from considering a particular complaint. Any vacancy on the panel shall be filled in the same manner. A member of the Election Review Committee should not serve on a panel that reviews any complaint from the committee member's own zone or country. The election complaint will be administered in accordance with the procedures set forth below. *(April 2016 Mtg., Bd. Dec. 157)*

26.070.3. Requirement for Cash Bond

At the time a club files a complaint with the general secretary, such club shall pay to Rotary International a cash bond. If such complaint addresses a district level office, e.g., governor, council representative, member of a nominating committee for governor or director, the amount of the cash bond shall be US$2,000. If such complaint addresses the election of an individual to any other position, the amount of the cash bond shall be US$5,000. The general secretary shall take no action with respect to any such complaint until the cash bond is paid. No complaint shall be considered as received by the general secretary until the cash bond is paid. If the cash bond is not received by the general secretary by the deadline provided in Article 13.030.1. of the RI Bylaws, the complaint shall be deemed invalid and will not be considered further. The general secretary shall cause the cash bond to be refunded without interest only if the complaint is upheld by the Board. Otherwise, the cash bond shall be forfeited and retained by Rotary International. *(September 2016 Mtg., Bd. Dec. 28)*

26.070.4. Summary and Analysis of Complaint

The general secretary shall prepare and convey to the panel of the election review committee a summary and analysis of the complaint (and response, if one has been received by the set date), with copies of all documents submitted. 26.070.5. Consideration of Additional Information

The committee may request the general secretary to obtain additional evidence or information from the complainant, the candidate or any other concerned party. The panel of the election review committee shall evaluate a complaint by correspondence. However, should the election be for the general offices of president or director, the president (or the general secretary acting on the president's behalf) may, upon the recommendation of the committee and after consultation with the chair of the election review committee, authorize a meeting of the panel at a time and place determined by the general secretary. 26.120. Harassment-Free Environment at Meetings, Events, or Activities

Rotary is committed to maintaining an environment that is free of harassment. Harassment is broadly defined as any conduct, verbal or physical, that threatens, denigrates, insults or offends a person or group based on the following characteristics: age, ethnicity, race, color, disability, religion, socioeconomic status, culture, sex, sexual orientations, or gender identity.

All members and individuals attending or participating in Rotary meetings, events or activities should expect an environment free of harassment and shall help maintain an environment that promotes safety, courtesy, dignity, and respect to all. Adults who work with youth are subject to policies outlined in Rotary Code of Policies section 2.120.

District leaders, including governors, assistant governors, and committee chairs are encouraged to work with their clubs to create a harassment-free environment. District leaders should also work with their clubs to establish a code of conduct and policies for how to address and prevent harassment within their clubs, among their membership, and with other participants in Rotary.

All allegations of criminal activity should be referred to appropriate local law enforcement authorities.

The Rotary or Rotaract club board, district, or zone leadership shall promptly address allegations of harassment and shall not retaliate against those making the allegation.

For Rotary or Rotaract clubs, allegations of harassment at Rotary meetings, events, or activities shall be reviewed by the Rotary or Rotaract club board and responded to within a reasonable timeframe, typically one month. If the alleged offender is a member of the Rotary or Rotaract club board, the individual is expected to remove oneself from the discussion. The review and/or investigation shall be dependent on the circumstances including the severity and pervasiveness of the behavior. Concerns that allegations of harassment were not adequately addressed by the Rotary or Rotaract club, may be referred with appropriate documentation to the district governor.

For districts, allegations of harassment at Rotary meetings, events, or activities shall be reviewed by the governor, or a committee appointed by the governor for this purpose, and responded to within a reasonable time-frame, typically one month. If the district governor is the alleged offender, the immediate past district governor (or most recent past governor), directly or by appointment of a committee for this purpose, shall review and respond to the allegation. The general secretary shall be informed within two weeks of any allegations of harassment by district governors, governors-elect, and governors-nominee. The review and/or investigation shall be dependent on the circumstances including the severity and pervasiveness of the behavior. Concerns that allegations of harassment were not adequately addressed by the district, may be referred with appropriate documentation to the RI Director whose zone includes the district.

For zones, allegations of harassment at Rotary meetings, events or activities shall be reviewed by the RI Director, or a committee appointed by the RI Director for this purpose, and responded to within a reasonable time-frame, typically one month. If the RI Director is the alleged offender, either another current or past RI director as appointed by the RI president shall review and respond to the allegation.

The RI president shall be informed within two weeks of any allegations of harassment by RI directors, directors-elect, and directors-nominee. Concerns that allegations of harassment were not adequately addressed by the zone, may be referred with appropriate documentation to the RI president.

Any person involved in Rotary against whom any allegation of sexual abuse or sexual harassment is made must be removed from all contact with youth until the matter is resolved.

A non-Rotary volunteer who admits to, is convicted of, or is otherwise known or found to have engaged in sexual abuse or sexual harassment must be prohibited from working with youth in a Rotary context.

A Rotary or Rotaract club must terminate the membership of any individual who admits to, is convicted of, or is otherwise known or found to have engaged in sexual abuse or sexual harassment or severe and/or pervasive harassment.

A Rotary or Rotaract club may not grant membership to a person who admits to, is convicted of, or is otherwise known or found to have engaged in sexual abuse or sexual harassment, or severe and/or pervasive harassment. Upon obtaining information that a club has knowingly failed to terminate the membership of such an individual, the RI Board may terminate the club for failure to function.

Rotary and Rotaract club, district, and zone leaders must promptly report sexual abuse, sexual harassment, and severe and/or pervasive harassment and any resulting membership terminations to the general secretary. Failure to adequately address findings of harassment will be reported to the RI Board for appropriate action, which may include club termination or other sanctions.

As it pertains to Rotary Alumni Associations, Rotary Action Groups, and Rotary Fellowships, the Alumni Association, Rotary Action Group, and Rotary Fellowship leadership shall promptly address allegations of harassment and shall not retaliate against those making the allegation. Allegations of harassment at an Alumni Association, Action Group, or Fellowship event or activity shall be reviewed by the Alumni Association, Action Group, or Fellowship, or a committee appointed by the chair of the Alumni Association, Action Group, or Fellowship for this purpose, and responded to within a reasonable time-frame, typically one month. If the chair or other leaders of the Alumni Association, Action Group, or Fellowship is/are the alleged offender, the immediate past chair (or most recent chair), directly or by appointment of a committee for this purpose, shall review and respond to the allegation. If the alleged offender is a member of the board of the Alumni Association, Action Group, or Fellowship, the individual is expected to remove oneself from the discussion. The review and/or investigation shall be dependent on the circumstances including the severity and pervasiveness of the behavior. Concerns that allegations of harassment were not adequately addressed by the Alumni Association, Action Group, or Fellowship may be referred with appropriate documentation to the RI president.

Rotary Alumni Associations, Rotary Action Groups, and Rotary Fellowships must report allegations of harassment to the alleged offender's club president and district governor. If a Rotary Alumni Association, Rotary Action Group, or a Rotary Fellowship fails to adequately address findings of harassment, the RI president shall notify the RI Board for appropriate action. 26.130. Enforcement Levels for Rotary Code of Policies (RCOP) Violations

26.130.1. Guiding Principles

1. Article-Specific Consequences Take Priority: If an article of the Rotary Code of Policies specifies its own enforcement mechanism, that consequence applies directly.

2. Enforcement Levels Apply When No Specific Consequence Exists: The general framework ensures accountability and consistency where RCOP does not define a consequence.
3. Progressive Escalation: Enforcement begins with education and corrective support, and escalates only if necessary to higher levels
4. Available Actions: The actions listed at each level are to be understood as options available, not mandatory requirements
5. Sequence of Enforcement Levels: If no action is taken at one level within a reasonable time, or if the issue requires it, the higher level or general secretary may initiate proceedings or set a deadline.
6. Interpretation of Director References: For the purposes of this policy, any reference to an RI Director taking action in conjunction with a club, district, or individual shall be understood to mean the RI Director representing the zone in which such club, district, or individual is situated. If the implicitly designated Director declines, the Executive Committee shall appoint another Director to act in their place.
7. Time Limit for Appeals: Unless otherwise specifically provided in the RCOP, any appeal shall be filed within 30 days from the date of the official written communication of the decision. Failure to submit an appeal within this period shall render the decision final and not subject to further review.

27.010.2. Procedures for the Functioning of the Nominating Committee for President

The RI board has adopted procedures for the functioning of the Nominating Committee for RI president as follows:

Confidentiality

Applicants for membership on the Nominating Committee for President must sign a binding agreement at the time of their application that requires the member to immediately notify the RI president if he or she has been contacted by an individual for campaigning or electioneering purposes on behalf of a candidate for RI president. Members of the nominating committee, prior to and following the meeting of the committee, shall not discuss with other members of the committee or any other person the work of the committee, and shall at no time discuss or divulge any of the deliberations or discussions of the committee, except as they may participate in the deliberations of the committee at the time of its meeting. This confidentiality may be waived solely by the Board, or the RI Election Review Committee acting on its behalf, in order to investigate any duly filed election complaint. Names of

members of the nominating committee may not be made public until after 30 June of the year in which they are selected.

Preparation for the Committee Meeting

1. The general secretary will assign a member of the Secretariat staff to work with and for the committee with instructions that all aspects of the work of the committee are to be kept in strict confidence.

2. Candidates for RI president shall be asked to submit a statement not to exceed 300 words outlining their vision and goals for Rotary.

3. To ensure the highest standards of leadership, all candidates for RI president must submit a background check conducted by a reputable third-party. The background check should disclose any past or pending criminal or financial issues. In jurisdictions where third-party checks are not feasible or permitted as required above, candidates shall comply to the extent possible and provide an explanation as to why they are unable to comply with the full policy. All background checks shall be included in the candidate documentation provided to the members of the nominating committee.

4. If the general secretary is aware of any extraordinary circumstances that would impact a candidate's ability to fulfill all of the duties and obligations of the RI president, the general secretary may, at their discretion, inform the RI executive committee chair of these circumstances. With the consent of the executive committee chair, such information shall be shared with the nominating committee chair, who shall share it with the members of the nominating committee at the time of the meeting.

5. In accordance with RI Bylaws section 10.050.2., which provides for candidates for RI president to be given an opportunity to be interviewed by the committee, the RI President, President-elect, and President-nominee will identify the key issues facing Rotary and develop three to five questions annually that candidates will be asked to answer in writing. Directors will be invited to submit proposed questions and key issues to the President, President-elect, and President-nominee for their consideration no later than 1 March.

   There shall be a 150-word limit on a candidate's answers to each of the three to five questions. The list of key issues facing Rotary will be shared with the nominating committee.

6. The general secretary shall send the interview questions to those Rotarians who submit their names for consideration by the nominating committee. Answers to the interview questions must be returned no later than 10 July.

7. Written statements submitted by candidates that exceed the applicable word limits in the language submitted shall not be transmitted to the Nominating Committee for RI President.

8. In accordance with RI Bylaws section 10.040.3., no later than 15 July the general secretary shall forward to committee members an alphabetical list of the past directors who have notified the general secretary that they wish to have their names listed as being willing and able to serve as president with the name of the Rotary club in which each

holds membership indicated in capital letters. If there are more than six candidates, committee members will be required to vote on their top six candidates within the following five days. Any committee members not voting by the deadline shall not attend the committee meeting. The top six vote getters shall be considered the "finalists" and invited by the general secretary to be interviewed in-person by the committee. In the event of a tie for the sixth position that would result in more than six candidates being considered finalists, a second vote shall immediately be held between all those involved in the tie to reduce the number of finalists to six. This second vote shall be by single transferable ballot and must be completed within the following 48 hours. If this second vote fails to break the tie, all candidates still involved in the tie shall be invited to be interviewed in-person by the committee. The finalists' travel and related expenses shall be paid by RI. Candidates who are not invited to be interviewed shall not be considered further by the committee. If there are six or fewer candidates, all candidates shall be considered finalists and invited to be interviewed.

9. With regard to the finalists identified by the committee, the assigned staff person shall prepare the following materials for each committee member. These materials shall be delivered to members of the committee electronically five days before the meeting. A hard copy of these materials will be distributed to each member the day before the committee meeting.

        v. a chronological list of RI committees on which the candidate has served

        vi. a copy of the general biographical data on record in the secretariat

vii. a signed statement by the candidate stating:

1. that to the best of their knowledge and belief, except as disclosed to the nominating committee, they have no health issues, legal issues (including limitations on travel), or financial issues that would limit or impact their ability to fulfill all of the duties and obligations of the RI president should they be nominated;

2. they agree that the focus of their work will be to support Rotary's Action Plan, they will utilize the Board-approved message for their year as president, and there will not be a specific presidential theme or logo or any specific presidential initiatives.

viii. A copy of the background check submitted by the candidate

10. The election of the chair and secretary shall be by electronic ballot conducted under the direction of the general secretary in advance of the meeting. The general secretary shall prepare and distribute a single transferable ballot listing each member of the nominating committee who has indicated a willingness to serve as chair or secretary. Each member of the committee shall be asked to cast one vote for the chair and one vote for the secretary. The chair and secretary shall serve no more than two consecutive terms.

At the Committee Meeting

11. The members of the nominating committee shall be seated in alphabetical order.

12. The general secretary shall inform the committee that RI bylaws (section 10.050.1.) provide that "The committee shall meet and nominate the best qualified Rotarian from among the list of past directors who have indicated they are willing to serve as president regardless of their country of residence. However, the committee shall not nominate candidates from the same country of residence two years consecutively."

13. Following the instructions provided by the general secretary, no one is to be in attendance during the meeting of the committee other than the duly elected members of the nominating committee and any interpreters needed for members of the committee, except that the general secretary or an assigned staff member may be called into the meeting upon the request of the chair or other member of the committee. This staff person shall assist the committee during the course of its meeting, should any assistance be required, and shall work under the direct supervision of the chair of the committee.

14. Before the committee begins its deliberations, the chair shall inquire whether any member of the committee has been contacted by, or on behalf of, any candidate related in any way whatsoever to his or her candidacy for RI President, or is aware of any effort to influence members of the nominating committee, either directly or indirectly, and, if so, to bring these to the attention of committee at this time. The chair shall at this time ask all committee members to review and sign a written disclosure statement of any attempt to influence members of the committee. Any member of the committee who is later found to have failed to properly report campaigning or electioneering activity on behalf of a candidate may be subject to penalties imposed by the RI Board that include

removal of past RI director status, removal of past district governor status, and banning the individual from any future appointments to serve on RI committees.

15. The questions to be asked each candidate shall be developed with the entire committee as follows: Following the election of the committee chair and secretary, the chair shall invite committee members to submit two suggested questions. The chair and secretary, working with other committee members as needed, shall develop suggested questions based on the responses received by committee members and present those questions to the committee on the morning of the meeting. The general secretary shall allow at least 90 minutes between the beginning of the meeting and the first interview for the committee to discuss and finalize the questions it wishes to ask the candidates.

16. The committee shall conduct interviews of no more than 45 minutes with each of the finalists previously identified by the committee in the finalist's language of choice. As part of the interview, each candidate will be allowed up to five minutes to present a prepared statement on a topic developed by the Board and distributed to candidates in advance of the meeting and up to three minutes for any closing remarks. The committee may use its discretion to adjust any of these times to allow for a candidate's interpretation needs. The finalists shall be interviewed in random order assigned in advance of the meeting by the general secretary. The same members of the nominating committee shall ask the same questions in each interview, and no follow-up questions shall be allowed. Candidates shall be shown the questions as they are asked and provided an opportunity to write them down if they wish. The General Secretary shall provide a timing device that is visible to both the committee secretary and the candidate for timing the candidates' responses. The general secretary will inform candidates that they may bring and refer to notes during their interview.

17. Following the interviews, but before conducting a ballot for president, the nominating committee shall discuss the qualifications and written statements of each candidate. No member of the committee should leave the room once the committee has started the deliberation process until the nominee has been selected.

18. Following the discussion of all of the candidates, the chair shall instruct each member of the committee to vote for four candidates. All voting conducted under this paragraph shall be conducted by secret ballot using electronic voting technology provided by the general secretary. After the secretary announces the results of this ballot, similar steps shall be followed to reduce the number of candidates to two and, finally, to one. Notwithstanding the foregoing, a candidate eliminated during a previous round of balloting may be reconsidered at any point if requested by at least six members of the committee. Voting must continue until there are two candidates remaining and one of the final two candidates receives at least ten votes, regardless of whether any candidate received ten or more votes in a previous round of voting. The committee shall not select an alternate, and the candidate who finishes second in the final vote shall not be considered to be an alternate.

19. In the event of a tie in voting for the final four or two candidates, the candidates involved in the tie shall proceed to the next round of voting. If there are more than two candidates in the final round of voting and no candidate receives 10 votes in the initial vote, the lowest vote-getter shall be removed from further consideration on subsequent ballots.

20. The RI Bylaws (section 10.050.3.) provide that "Twelve members of the committee shall constitute a quorum. All business of the committee shall be by majority vote, except that to select the committee's nominee for president, at least ten members of the committee shall vote for the nominee."

21. The report of the committee naming its nominee shall be signed by the chair on behalf of the committee and be delivered and certified to the general secretary. This report is to be the only formal record of the committee. The general secretary will notify each club of the contents of the report and the names of the nominating committee in accordance with the RI Bylaws.

22. Should the selection of another nominee for president be necessary, the general secretary shall contact those past directors who previously indicated to the general secretary that they wished to be considered by the nominating committee. The names of the candidates who still wish to be considered shall be considered by the committee. The procedures to be used at any emergency meeting of the committee shall follow these procedures as closely as possible.

23. In the event that the RI Board determines that it is impractical for the committee to meet in person, the RI Board may authorize a virtual committee meeting. The procedures to be used at any virtual committee meeting shall be determined by the RI president and shall follow these procedures as closely as possible.

Subsequent to the Meeting

24. So as to ensure that the committee has sufficient time for its deliberations, committee members should not plan to depart until the day following the committee's meeting.

25. The vision and goals statement and written answers to the interview questions developed by the RI Board submitted by the candidate chosen by the Nominating Committee for RI President shall be made available to Rotarians.

28.005. Policies Relating to the Board

The Board has adopted the following policies governing its work. These policies should be reviewed annually at the Board's first meeting.

I. The Role of the Board of Directors of RI

The Constitution and Bylaws of RI place certain duties and responsibilities on the Board, and give the Board certain powers to carry out those duties and responsibilities:

The affairs and funds of RI are under the direction and control of the Board, in conformity with the constitution, the RI bylaws and the Illinois General Not-for-Profit Corporation Act of 1986, as amended. (RI Constitution, art. 5, sec. 2).

The Rotary International Board of Directors shall be responsible for doing whatever may be necessary for:

- the furtherance of the purposes of Rotary International
- the attainment of the Object of Rotary
- the study and teaching of its fundamentals
- the preservation of its ideals, its ethics, and its unique features of organization and its extension throughout the world

Article 2 of the RI Constitution provides that RI's purpose is to:

- Support clubs, Rotaract clubs, and districts in their pursuit of programs and activities that promote the Object of Rotary and
- Encourage, promote, extend and supervise Rotary through the world.

To fulfill these purposes, the Board shall adopt a strategic plan, oversee its implementation in each zone, and report on the plan's progress at each Council on Legislation. (RI Bylaws section 5.010.3.) The Board shall review the strategic plan regularly.

The Board is responsible for:

- establishing policy for the organization;
- evaluating implementation of policy by the general secretary;
- exercising general control and supervision over all officers, officers-elect, and officers-nominee, and committees of Rotary International. (RI Bylaws section 5.010.2.)
- exercising other powers conferred by the constitution, by the bylaws, and the Illinois General Not-for-Profit Corporation Act of 1986, and their amendments. (RI Bylaws section 5.010.2.)

The Board elects the general secretary. (RI Bylaws section 6.040.)

Clubs are administered under the general supervision of the board. (RI Constitution, Article 7, Section 2.) (*October 2022 Mtg., Bd. Dec. 30)*

II. Duties and Responsibilities of the Board

1. The Board functions as a policy maker for the association. While the Council on Legislation and Council on Resolutions act as legislative arms of the association, it is the Board that develops and establishes new policy, reviews existing policy, and modifies policy where appropriate.

2. The Board functions as the program planning body for the association. It establishes goals and objectives—both short-range and long-range—and it considers proposals for new programs or changes in current programs. It may establish new programs, review existing programs, or may discontinue programs that have served their purpose or are no longer viable.

3. The Board controls the finances and adopts the annual budget of the association (with per capita dues being determined by the Council on Legislation).

4. The Board promotes and advocates for the ideals and programs of Rotary. It has a responsibility for promoting and extending the fundamental ideals and object of the association and gaining acceptance for its programs.

5. The Board and its individual members motivate RI officers and committees, member clubs, and Rotarians in furtherance of Rotary's goals and priorities.

6. The Board identifies problems or trends in Rotary that may warrant Board action.

III. The Board of Directors and the Legislative Process of RI

As provided in the RI Bylaws, the RI President, President-elect, and one other RI Director are non-voting members of the Councils. A director cannot serve at a Council as the representative of the clubs of his or her district. A director's primary responsibility is as a member of the Board (see section 59.030.1.).

1. The Board may establish a position or organize members of the Board to speak in the Council on behalf of the Board, for or against pending legislation or resolutions, when:
   a. items of proposed legislation or resolutions are offered by the Board
   b. items are offered by others on matters that the Board considers to be of importance to the organization.
2. Director participation in Council deliberations will be on behalf of the Board, not a reflection of individual views. Moreover,
   a. if the chair of the Council on Legislation or Council on Resolutions feels that an item of proposed legislation or resolution from the Board requires clarification, the president may designate a director to speak on the Board's behalf;
   b. in the event a criticism of the Board is made during a session of the Council on Legislation or Council on Resolutions, the Board may reply to such criticism through a designated spokesperson;
   c. in the event the Board withdraws its proposal from consideration by a Council, an explanation of the Board's reasons for such withdrawal may be provided by a designated spokesperson.
3. With respect to proposed legislation or resolutions offered by the Board at the instruction of a Council, the Board shall make clear that it is offering such proposed legislation or resolutions in compliance with such instruction.

IV. Criteria for Items Coming to the Board

The RI Board's primary role is to establish Rotary policy and to evaluate the general secretary's implementation of this policy. The general secretary shall be responsible for policy implementation, management, and administration.

The Board functions most effectively when it is able to devote its time and attention to policy and program matters for the association, not on administrative matters or matters where authority has been delegated to the general secretary.

1. Items for consideration by the Board may come from the following sources:

   - Individual Rotary clubs (by petition)
   - Rotary District Conferences
   - Rotary institutes for present, past, and incoming officers of RI
   - Councils on Legislation or Councils on Resolutions
   - RI committees
   - Trustees of The Rotary Foundation
   - General Council of RIBI
   - Current RI general officers, including the general secretary
   - Current RI officers
   - Past RI general officers
   - Any committee of the Board

   Individual Rotarians may not submit items for Board meeting agendas.

2. The Board considers items based on written presentations and background statements, as provided in an advance memorandum. Except in cases where the president determines that a personal presentation will be beneficial to the Board's consideration of a matter, the Board does not receive groups or individuals who wish to appear personally before the Board.

3. Items for which the president, the Executive Committee, or the general secretary is authorized to act on the Board's behalf shall be reported to the Board.

4. Items included on the Board's agenda shall be limited to those that involve or relate to:

   a. duties and responsibilities placed on the Board by statute and that have not been delegated to others by the Board

   b. establishing modifying or terminating policy

   c. strategic planning

   d. establishing, modifying, or terminating an RI program

   e. reviewing and approving the budget and authorizing budget variances

   f. a change in RI policy, procedures, or programs that would require Council action

   g. programs and expenditures of The Rotary Foundation

   h. reviewing Committee reports

   i. reviewing the finances of the association

   j. considering matters brought to the Board's attention by the general secretary

5. All matters of an administrative nature shall be referred to the general secretary for attention and, as needed, for decision.

6. Program proposals from clubs or individuals requiring Board approval should be referred to appropriate advisory committees for the Board's consideration.

V. Decisions Made by the Board of Directors

In the consideration of any item before the Board, RI Directors may express personal opinions on the matter but once a decision is adopted by the Board, the decision is to be deemed, reported, and discussed as a decision of the entire Board. The vote and discussion of the item shall remain strictly confidential. Staff attending the Board meeting shall also maintain confidentiality as above. A director, however, may have his or her negative vote recorded in the minutes upon request.

The Board shall use electronic voting on all substantive items on its agenda. Any director can demand an electronic vote on any item without requiring a second or debate.

All decisions, unless specified otherwise, take effect immediately upon the adjournment of the meeting. *(October 2019 Mtg., Bd. Dec. 30)*

Source: July 1999 Mtg., Bd. Dec. 9;
Amended by October 2019 Mtg., Bd. Dec. 30

VI. Consent Items at Board Meetings

At each meeting of the Board for which an advance memorandum is prepared and which includes a listing of items for consideration at the meeting, the Board may take action on one or more agenda items by general consent, i.e., by agreeing to a draft decision without general discussion on an item.

Adopting items on consent allows the Board to spend more time discussing strategic and transformative topics. Consent items are typically administrative or non-controversial items that can be adopted without full Board discussion.

Shortly before each meeting, the Board will be sent a list of agenda items suggested for adoption on the first consent list. Concerns about any item on consent should first be directed to the staff who drafted the item to see if the concern can be answered (staff contact information is provided on each item). If the director still has concerns or questions about the item on consent or would like the Board to discuss the issue, the item can be removed from the list by the director for full discussion and decision by the Board.

The Board may also consider a second list of consent items from recommended draft decisions from the Board's Committees. Any director may ask to have one or more of the

recommended decisions removed from the list for full discussion and decision by the Board. *(October 2019 Mtg., Bd. Dec. 30)*

Amended by October 2019 Mtg., Bd. Dec. 30

VII. Board Agenda Procedures

1. On the agenda at each meeting, is an item for the Board to review the draft agenda for its next meeting. Approximately eight weeks before a Board meeting, Corporate Governance staff will send the Board a revised draft agenda that includes any newly added items since the Board's early review. At this time, directors have an opportunity to request new items be added to the agenda.

   Agenda items may be suggested by individual directors, the general secretary, and any group or individual listed under paragraph D.1. of Rotary Code section 28.005. A director may place an item on the agenda during the course of a meeting if the matter is of an urgent nature and cannot wait until the Board's next meeting. Such items will be considered during the meeting at the discretion of the chair.

2. All items presented for RI Board consideration which have any financial impact on RI capital or operating budgets will be submitted to Corporate Finance and Planning for analysis of that impact. (see section 68.010.5.)

3. The general secretary shall establish a deadline for the submission of Board agenda items. The advance memorandum will be made available via Board governance software to each director approximately three weeks in advance of the meeting, except for those items that for good reason could not be prepared earlier but will be provided as soon as they can be available or at the time of the meeting.

4. The president shall refer all items for the Board's consideration to the Administration, Programs, or Executive Committee of the Board, provided that the president may direct that an item be considered only by the full Board. These committees shall function in accordance with section 28.030.4. A Board meeting committee shall make every effort to finish its consideration of its assigned items within the specified time period; items not considered by that time shall go to the full Board without a committee recommendation.

5. The committees shall recommend a draft decision for each item for the Board's consideration. If the recommendation of the committee is less than unanimous, the recommendation shall state the vote of the committee.

6. The president, in consultation with the general secretary, shall establish the order of consideration of agenda items.

7. A director's primary responsibility is to his or her own committee. However, he or she is encouraged to attend other committee meetings when his or her interest or expertise on a particular subject would assist the committee in its deliberations.

meal for the committee during its meeting, as well as for out-of-pocket postage, copying, telephone and miscellaneous expenses incurred in making arrangements for the committee meeting, and which may be reimbursed upon submission of an expense report form.

RI will not reimburse the expenses of nominating committee members other than the convener. Each district is encouraged to meet expenses of nominating committee members. *(November 2007 Mtg., Bd. Dec. 52)*

28.010.5. Guidelines for the Functioning of the Nominating Committee for Director

I. Prior to the Meeting

1. The convener shall make the necessary arrangements for the committee to meet at the time (which shall be between 15 September and 15 October, unless otherwise authorized by the Board) and place decided by the Board of Directors of RI.

2. As soon as possible following the final date (1 September) for receipt by the convener of forms from clubs submitting the names of suggested candidates for consideration by the nominating committee, the convener shall send to the other members of the committee copies of the suggestion forms filed with the convener.

3. There should be no other communication or exchange of information between members of the committee regarding a suggested candidate, prior to the meeting of the committee.

4. Prior to the time of the meeting, members of the committee, in reviewing the qualifications of a suggested candidate, should consider only the information provided in the official suggestion form. So that candidates may be considered on an equal basis, the nominating committee, and the individual members of the committee, should not take into consideration supplementary brochures, circulars, statements, etc., which may be attached to the official suggestion form or otherwise received by the members of the committee.

5. In person interviews of all candidates are required; however, in the event that extenuating circumstances arise (such as sudden illness or a death in the family) that prevent a candidate from appearing in person before the committee, the committee shall make every effort to interview the affected candidate electronically. Any candidate who is not interviewed may not be selected by the committee.

6. The committee shall ensure that each candidate is asked the same questions and each interview is allowed the same amount of time. The committee shall also ensure that all interviews are conducted on the same day or on consecutive days if required by the number of candidates and at the same location, which shall be conveniently located within the zone.

II. The Meeting

7. After the convener has called the meeting to order and reviewed the responsibility of the committee and the work at hand, the first order of business should be the selection of a

chair from among the members of the committee. The election of the chair shall be conducted by secret ballot. Each member of the committee shall cast one vote for the chair. The convener and an assistant appointed by the convener shall count the votes and announce the results. If a majority of votes is not received by any member of the committee, a second ballot between the top two vote-getters shall be held. It shall be the duty of the committee chair to ensure that the following criteria are carefully observed and adhered to by the committee.

8. Before the committee begins its deliberations, the chair shall inquire whether any member of the committee has been contacted by or on behalf of any candidate, or is aware of any effort to influence members of the nominating committee, either directly or indirectly, and, if so, to bring these to the attention of committee at this time. The chair shall at this time ask all committee members to review and sign a written disclosure statement documenting any attempt to influence members of the committee. Further, the declaration is to include a pledge not to discuss any information on what occurred during the nominating committee meeting. Any member of the committee who is later found to have failed to properly report campaigning or electioneering activity on behalf of a candidate may be subject to penalties imposed by the RI Board that include removal of past district governor status, and banning the individual from any future appointments to serve on RI committees. Such finding by the Board must be within three years of the committee meeting.

9. No one is to be in attendance during the meeting of the committee other than the duly elected members of the nominating committee and any interpreters needed for members of the committee.

10. The questions to be asked each candidate shall be developed with the entire committee present at the beginning of the meeting.

11. The committee shall conduct interviews of between 30 and 60 minutes with each of the candidates. The chair shall appoint a timekeeper during the interview process.

12. Following the interviews, but before conducting a ballot, the committee should thoroughly review the qualifications of each candidate. Committee members are encouraged to share their personal knowledge of candidates with one another. The chair, or a committee member appointed by the chair, may contact a candidate to ascertain correct information concerning the candidate's qualifications. No member of the committee should leave the room once the committee has started the deliberation process until the nominee has been selected.

13. The committee should strive to select the best qualified candidate, and consider using the following in selecting its candidate:

    a. The Qualifications, Primary Duties and Responsibilities contained in RI Director Job Description

    b. The questions developed by the RI Board to be used that year by the Nominating Committee for RI President in selecting its candidate

    c. The candidate’s vision and goals for Rotary

d. How the candidate's skills, competencies, and experience could bring specific or unique talents to the RI Board

14. Following the discussion of all of the candidates, the chair shall distribute ballots containing an alphabetical list of candidates and instruct each member of the committee to vote for six candidates. All voting conducted under this paragraph shall be conducted by secret ballot. The chair and assistant shall tabulate the results and announce the six highest vote-getters. Each of these candidates shall be discussed further by the committee, and the chair shall distribute another set of ballots with the names of all but the remaining candidates crossed out. Each member of the committee shall be instructed to vote for four candidates. After the chair announces the results of this ballot, similar steps shall be followed to reduce the number of candidates to two and, finally, to one. Notwithstanding the foregoing, a candidate eliminated during a previous round of balloting may be reconsidered at any point if requested by at least six members of the committee. Voting must continue until there are two candidates remaining and one of the final two candidates receives at least at least a 60% majority of votes, regardless of whether any candidate received a 60% majority of votes in a previous round of voting. The candidate who finishes second in the final vote shall not be considered to be an alternate. If there are six or fewer candidates, the voting under this section shall commence with a vote for the top four candidates if there five or six candidates, the top two candidates if there are three or four candidates, and the top candidate if there are two candidates.

15. To select the alternate, each of the five remaining candidates from the initial six who were selected shall be discussed further by the committee, and the chair shall distribute another set of ballots with the names of all but the remaining candidates crossed out. Each member of the committee shall be instructed to vote for four candidates. After the chair announces the results of this ballot, similar steps shall be followed to reduce the number of candidates to two and, finally, to one. Notwithstanding the foregoing, a candidate eliminated during a previous round of balloting may be reconsidered at any point if requested by at least six members of the committee. Voting must continue until there are two candidates remaining and one of the final two candidates receives at least a 60% majority of votes, regardless of whether any candidate received a 60% majority of votes in a previous round of voting. If there are fewer than five candidates, the voting under this section shall commence with a vote for the number of candidates that is one fewer than the actual number of candidates remaining.

16. In the event of a tie in voting for the final six, four or two candidates for director or alternate, the candidates involved in the tie shall proceed to the next round of voting. If there are more than two candidates in the final round of voting and no candidate receives at least a 60% majority of votes in the initial vote, the lowest vote-getter shall be removed from further consideration on subsequent ballots until there are only two candidates remaining.

17. Prior to the adjournment of the meeting of the committee, the chair, on behalf of the committee, should contact the candidate selected by the committee to determine that person's willingness and ability to serve as director of RI if nominated and elected.

III. Subsequent to the Meeting

18. Immediately following the meeting of the committee, the chair shall notify all the candidates of its selection of the candidate for nomination as director of RI.

19. As soon as possible following the adjournment of the meeting of the committee, the chair shall send to the general secretary the name and address and acceptance of the nominee. The chair shall later file with the general secretary the written report of the committee naming its selection of a candidate for nomination as director, including an indication that the named candidate has been contacted by the committee and has indicated willingness and ability to serve as director of RI if nominated and elected. The report should also state that, to the best of the committee's knowledge, the selected candidate has not violated RI's rules against campaigning for office and shall confirm that all members of the committee have signed the written disclosure statement required by paragraph B.2. of this policy. The written report of the nominating committee and required disclosure statements must be filed with the general secretary no later than ten days following the meeting of the committee.

20. The proposal forms for the candidate selected and the alternate selection and the proposal forms for the remainder of candidates shall be transmitted to the general secretary. The name of the alternate candidate shall otherwise be kept confidential.

21. Members of the committee are not to discuss with anyone their deliberations within the committee at any time or reveal the name of the nominee until after all candidates have been notified.

Regional leaders is the term used for the team of Regional Rotary Foundation Coordinator (RRFC), Rotary Membership Coordinator (RMC), Rotary Public Image Coordinator (RPIC), the Endowment/Major Gifts Adviser (E/MGA), and the End Polio Now Coordinator (EPNC) that works together in the districts they serve to improve membership, giving, program participation, and public image. *(June 2025 Mtg., Bd. 29.010.1. Teamwork

The regional leader team supports the interrelated priorities of Rotary's strategic plan and goals working under the direction of the RI Director with support from either a Trustee that resides in the zones of that Director or from a Trustee within the greater geographical region.

All regional leaders and their assistants need to work together as a team to successfully serve their districts. Regional leaders understand their role and the role of each member on their team. No individual regional leader role is more important than another and none holds a more senior level of Rotary office than any other regional leader. Each regional leader has individual responsibilities, however, in order to be successful, their work intersects and supports the work of the full team. Regional leaders approach their work collaboratively, identify team dysfunction, and work together to overcome it, while continuously communicating. Working as a team, regional leaders can better meet their goals and the needs of their districts.

The regional team is strongly encouraged to jointly:

- develop shared goals and visions for their districts and zones
- hold learning events whenever possible in their geographic area of responsibility
- send communications to district leadership to facilitate better communication within the districts and zone
- encourage positive change in the districts they serve.

The Incoming Trustee Chair-elect and the President-nominee select the lead facilitators for the roles they appoint. The names of those selected for moderator and lead facilitator are shared with the RI Board and TRF Trustees for review before appointments are finalized.

Second and third year regional leaders are provided continued resources, learning, and skill-building opportunities through a structured plan provided by the general secretary. *(January 2023 Mtg., Bd. Dec. 86)*

30.050. Definition of Past Officer of RI

Terms such as "past president," "past director," and "past governor" identify those who have served full terms in those offices except where the RI Board has, on the merits of individual cases, decided that something less than a full term may be deemed to have been a full term for purposes of these definitions and for purposes of qualifying to hold higher office in RI under provisions of the RI Bylaws.

30.050.1. Removal of Past Officer Status

The grounds for such a determination may include, but are not limited to, a finding that the past officer has been involved in criminal activity, financial malfeasance, fraud, harassment, election interference, lawsuits against Rotary, its officers, districts, or clubs, has acted in a manner inconsistent with the Rotarian Code of Conduct, or has engaged in any other action or activity that the Board considers to be inconsistent with the standard of conduct the Board considers to be appropriate for a past officer.

Prior to submission for consideration, the matter must have been reviewed at the appropriate Rotary club, district or zone level, consistent with Rotary policies, with the findings presented to the Board.

In reaching its determination, the Board may rely upon findings of the appropriate local (club, district, and zone) entity that are documented and presented to the Board by a director or general secretary.

The Board will consider a request to reinstate the past officer status of a Rotarian whose past officer status has been removed only if additional information has been presented to the general secretary that demonstrates that the past officer status should be reinstated. *(January 2024 Mtg., Bd. 30.060. Guidelines for Aides to RI Officers

The RI Board has adopted "Guidelines for Aides to RI Officers." RI presidents, Directors, or Foundation Trustees may develop guidelines that are specific to their special travel needs and that vary from these guidelines.

The duties will vary depending on the duration of the stay and the type of activities planned. The overall responsibility is to be sure that the officer is comfortable, arrives on time for all events, and enjoys the visit.

The following guidelines are to be followed by the aide(s):

1. Before arrival, the aide's responsibilities are to:
    a. Send information to the officer giving details about himself/herself, such as contact information and name of partner and photos, if possible
    b. Inform officer of any special dress obligations (formal wear, etc.) during the time of the visit; ask for any specific requests from officer
    c. Send the officer, or confirm that event organizers have sent, complete program for the entire time of the visit, including information on all presentations or speeches the officer will be expected to make and any other commitments, visits or activities in which he/she will be expected to participate, as well as general background on the host club(s) and/or district(s)
    d. Have information on hand as to medical help (hospital, doctor, dentist) for emergencies;
    e. Inquire about any special accommodation needs or preferences the officer may have (type of beds, smoking/non-smoking, etc.) and any dietary restrictions or allergies
    f. Check hotel arrangements

i. Pre-register officer (and partner, if appropriate)

ii. Have key to deliver to the officer personally

iii. Check room to make sure that it is ready for occupancy

iv. Check billing instructions, so there are no problems with checkout. Be sure that arrangements for payment are clear. If the officer is expected to pay directly, be sure the officer is aware of this prior to check-in. Review the hotel bill on behalf of the officer.

g. If there are registration materials and/or badges for the event, secure that material in advance and check to be sure names are spelled correctly and that all necessary material and information is included in the materials.

2. During the officer's stay, the aide's responsibilities are to:

a. Meet the officer at the airport (or other point of arrival), assist with baggage as needed and provide transportation, as needed, throughout the visit

b. Be sure the officer knows how to contact you at all times during his/her stay

c. Be sure the officer knows the exact time he/she is to be picked up for any activity

d. Escort the officer and his/her partner to each activity and stay with them at the activity. If possible, know the seating arrangements in advance and have your seats as close to them as possible

e. Introduce the officer to other participants and provide as many opportunities as possible for the officer to interact with other Rotarians and guests. However, it may also be necessary to be available to help move the officer through a crowd or prevent one person from monopolizing the officer

f. Be attentive to any need of officer and partner during the activity; be protective and helpful, but not overbearing or intrusive

g. Handle any gifts or literature the officer may receive. If possible, make sure a business card is attached to these items. If necessary, send gifts to the officer's home or office following the event. Please also send a list of the gifts received with the complete name and address of the giver

h. Keep the event organizer(s) informed about any needs or desires of the officer

i. Do not plan any activities other than those already planned by the coordinator of the event, unless specifically asked to do so by the officer

j. Be ready for the unexpected; to the extent possible, anticipate situations; do not be afraid to ask officer what her/his wishes are

k. Be prepared to carry out various "ad hoc" responsibilities. For example, you may be called upon to serve as "photographer" for those wishing to have photos taken with the officer.

3. Following the event, the aide's responsibilities are to:

a. Provide (or arrange) transportation back to the airport (or other point of departure) for the officer and partner, including assistance with baggage

b. If needed, ship large gifts or mementos to the officer.

30.060.1. Guidelines for the Selection of Aides to RI Officers

The RI Board has adopted "Guidelines for the Selection of Aides to RI Officers." RI presidents, Directors, or Foundation Trustees may develop guidelines that are specific to their special travel needs and that vary from these guidelines.

The role of the aide to the RI president or other RI officer is to provide assistance and information to the officer before, during and after the visit of the officer. The selection of the aide should be based on the ability of the individual(s) to fulfill the responsibilities of the assignment. Please take the following guidelines into consideration when appointing a Rotarian to serve as the aide to a visiting RI officer.

The aide must

1. be a knowledgeable and experienced Rotarian, preferably a past district governor or past director, with an understanding of Rotary protocol, and be well-versed in host club/district activities and information;
2. be available to the officer throughout the visit/event;
3. have the stamina to maintain the demanding schedule of the event;
4. be well organized, punctual and patient;
5. be fluent in the language of the officer and able to provide interpretation if the officer is not conversant in the language used in the host area;
6. provide/arrange transportation for the officer, if needed;
7. be fully informed on the officer's schedule and needs;
8. be able to carry out all duties outlined in the "Guidelines for Aides to Rotary International Officer."

    a. If a renewal is desired, the Executive Committee shall review the performance of the general secretary, including past performance reviews.     b. If the Board agrees to extend the contract with the general secretary, the Executive Committee shall negotiate the new agreement as directed by the Board.

33.010.1. Compensation Strategy

To assure that Rotary is able to recruit, motivate, reward, recognize, and retain highly talented employees who possess the skills necessary to carry out the work of Rotary, our compensation strategy is to compensate our employees fairly by targeting the middle of the labor market (50th percentile), whereby half of employers with comparable jobs pay less and half pay more. Rotary competes for talent among for-profit and not-for-profit industries and organizations in the locations where Rotary has employees. As such, our labor market is defined as:

- National data w/no geographic differential for executive roles only
- Local data w/geographic differential for all non-executive staff
- 50% for profit
- 50% not-for-profit

Rotary utilizes multiple sources of compensation comparability data. Such sources are reviewed and approved by the Operations Review Committee and approved by the Executive Committee.

As the cost of labor increases with annual salary adjustments made by employers with whom Rotary competes for talent, our compensation strategy is to ensure that Rotary's wages maintain parity with market. Therefore, annual increases to the organization's salary budget for the express purpose of issuing performance-based merit increases to employees' base salaries shall be determined by the salary budget increase projection survey sources approved by the Operations Review Committee and the Executive Committee of the Board. Such sources are reviewed and approved by the Operations Review Committee and form the basis for salary budget assumptions for each fiscal year. *(April 2021 Mtg., Bd. Dec. 146)*

33.010.2. Equal Opportunity Employment

religion, national origin, ancestry, sex, sexual orientation, gender identity, gender expression, marital status, veteran status, disability, or age, and is in full compliance with all other applicable federal, state and local laws where Rotary has employees.

RI is committed to maintaining a professional work environment for its employees. Rotarians are expected to interact with staff members in a professionally respectful, collaborative, and courteous manner, whether such interaction be in person, or by telephone, email, or other form of communication, and whether the interaction occurs in an RI office, at a Rotary event or function or elsewhere. Furthermore, RI is also committed to maintaining a work environment that is free of any form of harassment, whether harassment is initiated by Rotarians, other volunteers, employees, vendors, or others with whom employees have contact while performing their jobs. RI will take appropriate measures to prevent and/or stop any such harassment. All invitations for RI staff members to attend any Rotary institute, club or district function or any other Rotary meeting or event shall be sent to the general secretary, who shall determine whether such invitations should be accepted and which staff member(s) should attend which meeting or event. In making such determinations, the general secretary shall be satisfied that the requested attendance could enhance the work of the staff member(s) assigned or that the meeting or event itself is of such significance that staff representation could be considered complementary to the public relations, field service or other program objectives or the association.

For Rotary institutes, RI normally will pay the expenses of only one staff member to such institute, except for staff attending to conduct seminars or other events arranged by RI, or when the attendance of additional staff is consistent with the achievement of any authorized program activity for which funds have been appropriated and are available. The expenses of other staff invited and assigned by the general secretary to an institute shall be borne by that institute. Staff attendance at club or district functions shall be at no or minimal expense to RI.

Where practical, staff attendance at all club, district, regional/zone or other Rotary meetings or events shall be combined with other official travel by such staff. *(June 1998 Mtg., Bd. Dec. 348)*

34.005. Definition of Rotary Marks

The "Rotary Marks" include all of the below listed word and design marks, as well as their various translations, plus the annual RI Convention logos, the annual RI Messages, and the past RI Presidential Themes and Theme logos, among numerous others. These marks are trademarks and service marks owned by Rotary International and used by Rotary clubs, Rotary districts, and other Rotary Entities under guidelines promulgated by the Board, which is entrusted with authority to maintain, preserve and otherwise protect the use of RI's intellectual property marks under section 19.010. of the bylaws of the association. Rotary clubs, Rotary districts, and other Rotary Entities are encouraged to use the Rotary Marks under RI guidelines. However, global ownership rights remain with RI in accordance with the bylaws in order to maintain the integrity and exclusivity of ownership of the Rotary Marks and to preserve and protect them for use by Rotarians throughout the world. (RIB 19.010.) The registration of RI's intellectual property by RI enhances the association's exclusive use of the marks and strengthens RI's position to prevent misuse by other individuals and entities. Rotary Entities and Rotarians are therefore asked not to apply for trademark registration of the Rotary Marks or any translations, abbreviations, or portions thereof.

34.020. Permission to Use Rotary Marks

The Board has adopted the following regulations and conditions for use of the Rotary Marks by those seeking to do so:

1) All dies, stamps, mold, cuts or other impressions of the Rotary Marks shall conform exactly to the description and specifications of the official emblems authorized and adopted by RI. The Rotary Marks shall not be mutilated in any way nor shall they have anything superimposed upon them.

34.030. Use of Emblem

34.030.1. Rotary Emblem Specifications

The official emblem of RI is a gear wheel of six spokes or arms, 24 teeth or cogs and a keyway; one tooth is placed on the center line of each arm and three in between the center

lines of arms. The wheel is designed in accordance with the proportions given in the table below. The two words "Rotary International" appear in depressed spaces in the rim. With the wheel standing on edge, the word "Rotary" appears in the depression at the top which occupies a space of about five teeth, and the word "International" appears in the depression at the bottom which occupies the space of about nine and one-half (9 1/2) teeth. On each side and between these two depressions are two other depressions without lettering. The space between any two of these four depressions is about two units in accordance with the proportions given below and the space between the depressions and either edge of the rim is one and one-half (1 1/2) units. The arms are tapered and elliptical in cross-section. When the wheel is standing on edge with the word "Rotary" at the top, the center lines of two opposing arms form a vertical diameter of the wheel, and bisect the keyway which has reached the highest point in its revolution. The sides of the teeth are slightly convexed outward, so that the space left between teeth is approximately mechanically correct. The proportions for the correct design are

Overall diameter 61 units
Center to base or root of teeth 26 units
Width of rim (inside edge to base of teeth) 8½ units
Hub diameter 12 units
Shaft diameter 7 units
Arms or Spokes
Width where they join the rim (sides projected) 5 units
Width at center of shaft (sides projected) 7 units
Vertical section of keyway
Width 1¾ units
Depth 7/8 units
Teeth or cogs
Width at base 4¼ units
Width at tip 2¼ units
Height 4½ units
Lettering
Width of depressed space 5½ units
Height of letters 4 units

It should be noted that in order to make the wheel more emblematic of service, a keyway has been added to the above description. In a one-dimensional reproduction, the hub of the gear wheel should be demarcated by a circle surrounding the keyway. If it is a three-dimensional reproduction, the hub should be raised. And furthermore, the position of the spokes has been established. For correct color reproductions of the Rotary emblem, current guidelines are found in the Brand Center at https://brandcenter.rotary.org which give further specifications for reproducing the Rotary emblem and guidelines for maintaining a standardized, coordinated identity for all Rotary materials. *(February 2022 Mtg., Bd. The use by Rotarians of distinctive badges, jewels, ribbons, etc., indicative of official position in Rotary is not in harmony with an organization of business and professional people and community leaders. Accordingly, the use of such regalia is disapproved except in those countries where local custom dictates otherwise, with the understanding that the simple and temporary nameplates and ribbon badges used at Rotary conventions and conferences are not included in this disapproval. *(June 2007 Mtg., Bd. 34.030.6. Use of the Masterbrand Signature, Simplified Signature, Mark of Excellence, or other Rotary Marks by Rotary Entities

When used by itself, the word "Rotary" or the Rotary Emblem normally refers to the entire organization, Rotary International. It also means the ideals and principles of the organization. All club, district, multidistrict and other Rotary Entity activities, projects and organizations must include identifiers of the club, district, multidistrict group, zone or other Rotary Entity when using the Rotary Emblem or other Rotary Marks. In limited instances and otherwise in accordance with policy (see Brand Center for guidelines), a geographic identifier may be used, provided it accurately represents the interests of each club in that area and appropriate approvals are sought from the district governors, club presidents and/or directors. Such identifier must be in close proximity to and in equal prominence with the Rotary Emblem or other of the Rotary Marks (see Brand Center).

The Rotary Marks must always be reproduced in their entirety. No alterations, obstructions or modifications of the Rotary Marks are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up or with "Interact" or "Rotaract" as part of the simplified signatures. RI allows for overwriting of the Rotary emblem or other Rotary Mark (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed.

For correct color reproductions of the Rotary emblem or other of the Rotary Marks, current guidelines are found in the Brand Center at https://brandcenter.rotary.org which gives further specifications for reproducing the Rotary emblem and guidelines for maintaining a standardized, coordinated identity for all Rotary materials. Rotarians are reminded that Rotary is both a local and a global organization and even local uses may enjoy global recognition through the use of the Internet and other electronic communications. Different cultures have different standards and different sensitivities. Any use of the Rotary Marks under these guidelines should attempt to be culturally sensitive and in concert with the Object of Rotary. RI reserves the right to review and approve any uses of the Rotary Marks. The Rotary Marks may not be depicted in combination with images of guns, weapons, or other armaments. *(June 2022 Mtg., Bd. The Rotary emblem may be incorporated in insignia which include names or other emblems descriptive of a Rotary program, provided that the insignia are under the exclusive control of the Board and that no such insignia will be used in a pin that can easily be mistaken for the RI emblem lapel pin reserved for Rotarians and honorary Rotarians.

All program logos currently used by RI and its Foundation, and all such logos deemed necessary in the future, should include the Rotary emblem.

The general secretary is authorized to approve, on behalf of the Board, specific insignia for Rotary-sponsored programs that incorporate the Rotary emblem for use by program participants, provided that such actions meet the requirements of the RI Constitution (article 13) and Bylaws. *(June 2013 Mtg., Bd. The Official Flag of Rotary consists of a white field with the official emblem of the organization emblazoned in the center of the flag. The entire wheel should be of gold, with the four depressed spaces in the rim of royal blue. The words "Rotary" and "International" in the depressions should be of gold. The hub and the keyway white. 34.030.13. Commercialization of the RI Name and Emblem

Sponsorship, partnership and cooperative relationships and participation in RI's member benefit program are not commercialization of the RI emblem and other Rotary Marks. The second sentence of RI Bylaws section 19.020. is sequential to the first, and hence would not prohibit,

1. for sponsorship purposes, the use of the RI emblem and other Rotary Marks with the mark of another organization
2. for partnership purposes, the use of the RI emblem and other Rotary Marks with the mark of another organization
3. for cooperative relationship purposes, the use of the RI emblem and other Rotary Marks with the mark of another organization
4. for the purposes of RI's member benefit program, the use of the RI emblem and other Rotary Marks with the mark of another organization

Each sponsorship relationship should terminate with the completion of the sponsored event.

Except as specifically allowed under RI's licensing system, and under RI's member benefit program or the provisions of RI's sponsorship, partnership and other cooperative relationship policies, the use of the Rotary Marks in combination with any other name or emblem for any commercial purpose is not recognized by RI. 34.030.15. RI and TRF Guidelines for Use of the Rotary Marks by Other Organizations

1. For the limited use granted herein, Rotary International (hereinafter "RI") (or The Rotary Foundation (hereinafter "TRF")) [strike out whichever does not apply] recognizes that [name of sponsor, or other third-party organization] (hereinafter "Other Organization") may use the Rotary Marks, as defined below, in the following manner(s) and subject to the following provisions.

2. Other Organization recognizes that RI is the owner of numerous trademarks and service marks throughout the world, including, but not limited to, "Rotary," the Rotary emblem, "Rotary International," "RI," "Rotary Club," "The Rotarian," "The Rotary Foundation," the Rotary Foundation logo, "Rotarian," "Rotaract," "Rotaract Club," the Rotaract emblem, "Interact," "Interact Club," the Interact emblem, "Interactive," "Paul Harris Fellow," the image of Paul Harris, "PolioPlus," the PolioPlus logo, the convention logo, "Service Above Self," among others (the "Rotary Marks").

3. Nothing in the limited use granted herein will constitute an assignment or license of any of the Rotary Marks by RI to Other Organization.

4. Other Organization recognizes that RI (or TRF) retains control over where recognition materials are allowed to be displayed in the various venues of RI authorized meetings, RI or TRF events or publicly displayed otherwise in connection with the sponsorship, partnership or other third-party relationship.

5. Other Organization recognizes that RI (or TRF) reserves the right to pre-approve publications and other media in which Other Organization wishes to advertise using the Rotary Marks, and to approve all uses of the Rotary Marks in any materials connected with the sponsorship or partnership or other third-party relationship in any and all media, including, but not limited to, for publicity and promotional purposes. Other Organization further recognizes that each use contemplated herein will be subject to a pre-publication review and approval process by Rotary or Rotary's legal counsel. RI retains the sole right

to specific denial or authorization of such use or, in the case of alteration (of copy or layout), to be mutually agreed upon by the parties.

6. Other Organization agrees that any use of its logo in any advertisement or promotional materials directly related to a sponsored Rotary event or project (including, but not limited to, recognition materials such as banners or signs) must be of equal or lesser unit size to the Rotary emblem (or other Rotary Marks, at the sole discretion of RI (or TRF)), unless the Rotary emblem or other Rotary Mark is part of a repetitive background screen. RI allows for overwriting of the Rotary emblem or other Rotary Mark (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed. RI agrees that in cases where the Other Organization might wish to highlight its role in sponsoring a Rotary event or project in conjunction with its regular advertising, the Rotary emblem may be smaller than the Other Organization's logo.

7. Other Organization recognizes that, without altering the provisions set out in paragraph 6 above, the Rotary Marks may not be altered, modified or obstructed but must be reproduced in their entirety. No abbreviations, prefixes or suffixes such as "Rot" or "Rota" are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up or with "Interact" or "Rotaract" as part of the simplified signatures.

   There should be no overlap between Other Organization's logo and the Rotary emblem or other Rotary Mark; the two images should be clearly spaced so as to be two separate and distinct images.

8. For correct color reproductions of the Rotary emblem and other of the Rotary Marks, current guidelines are found in the Brand Center at https://brandcenter.rotary.org which gives further specifications for reproducing the Rotary emblem and guidelines for maintaining a standardized, coordinated identity for all Rotary materials.

9. Other Organization recognizes that the Rotary Marks may only be reproduced by a vendor authorized by RI to do so. Whenever possible, reproductions of the Rotary Marks should be done by an RI officially licensed vendor. If the desired goods are not reasonably available from a RI licensee, a release must be obtained from the RI Licensing Section.

10. If goods are being produced in connection with an alcohol industry sponsor, the Mark of Excellence should not be included on the labels of the alcohol products.

11. Rotary is both a local and a global organization and even local uses may enjoy global recognition through the use of the Internet. Different cultures have different standards and different sensitivities. Any use of the Rotary Marks under these guidelines should attempt to be culturally sensitive and in concert with the Object of Rotary. RI reserves the right to review and approve any uses of the Rotary Marks. The Rotary Marks may not be depicted in combination with images of guns, weapons, or other armaments.

34.040.2. Use of Rotary Marks in Connection with Buildings and Other Permanent Structures

The use of the Rotary Marks without the further identifying language of the Rotary club, Rotary district or other Rotary Entity involved in connection with any project implies financial or moral RI obligation in connection with such project. Therefore, to avoid any future RI involvement, either directly or by implication, any Rotary club, Rotary district or other Rotary Entity which contemplates the construction or acquisition of a building or other permanent structure:

- should ensure that neither the name of such venture nor any legal documents in connection therewith reference either the name, "Rotary," without the further identifying language of the Rotary club, Rotary district or other Rotary Entity involved or the name, "Rotary International."
- should not affix any of the Rotary Marks thereto in any permanent manner, such as etching the Rotary name or emblem into the facade of a building or inlaying the Rotary name or emblem into a floor. The Board will not require the removal of any Rotary Marks which have been permanently affixed to a building prior to 2001 where the removal of such would cause permanent and irreparable damage to the building, and/or incur unreasonable costs to a Rotary club, Rotary district or other Rotary Entity.

34.040.3. Use of Rotary Marks by RI Officers in Publications

Incoming, current, and past officers of RI and those Rotarians appointed by the president or the Board to serve in various capacities are authorized to use the Rotary Marks in publications, printed or electronic, in connection with their roles as RI leaders. In each such instance, the use shall include a clear indication of the capacities in which they have served and the years of such service to RI. Rotary senior leaders may publish and sell books about their Rotary experiences without being licensed by RI, provided that all net proceeds from the book sales are donated to TRF and the book publisher is either licensed or released by RI to reproduce the Rotary Marks, with the approval of the general secretary. Each such publication shall include in a prominent location a statement that it is not an official publication of RI. *(January 2010 Mtg., Bd. Dec. 107)*

34.040.4. Use of Rotary Marks on Websites of RI Officers

Incoming, current, and past officers of RI and those Rotarians appointed by the president or the Board to serve in various capacities are authorized to use the Rotary Marks on websites developed in connection with their roles as RI leaders. In each such instance, the use shall include a clear indication of the capacities in which they have served and the years of such service to RI. Every consideration shall be made to ensure that it is clear that the website is that of the Rotarian and not a RI site, so as to avoid confusion among Rotarians and potential liability for RI. If necessary, the general secretary may require a disclaimer to be placed on such websites. Use of the Rotary Marks in domain names should comply with Board policy set forth in section 52.020.1. *(October 2003 Mtg., Bd. Dec. 77)*

34.040.5. Use of Name “Rotary” in Connection with Club or District Foundations

A Rotary club or group of clubs may use the name "Rotary" in connection with club or district foundation activities, provided:

1. such use relates the activity to the club or clubs concerned and not to RI;
2. the word "international" is not used in connection with or in the name of a club or district foundation activity;
3. the name of the club or district foundation activity begins with the name of the club or the district designation;
4. the words "Rotary" and "foundation," when used in connection with a club or district foundation activity, be separated in the name of the activity;

The general secretary may act on behalf of the Board in authorizing Rotary clubs to use the name "Rotary" in incorporating club or district foundation activities in accordance with the foregoing. For the purposes of this section the definition of “incorporate” is the same as for incorporation of a club or district. *(November 2008 Mtg., Bd. Dec. 104)*

34.040.6. Use of Name "Rotary," or other Rotary Marks by Rotary Entities

When used by itself, the word "Rotary" or the Rotary Emblem normally refers to the entire organization, Rotary International. It also means the ideals and principles of the organization. All club, district, multidistrict and other Rotary Entity activities, projects or organizations must include identifiers of the club, district, multidistrict group, zone or other Rotary Entity when using the name "Rotary," or other Rotary Marks. In limited instances and otherwise in accordance with policy (see Brand Center for guidelines) a geographic identifier may be used, provided it accurately represents the interests of each club in that area and appropriate approvals are sought from the district governors, club presidents and/or directors. Such identifier must immediately follow or precede "Rotary." Such identifier must be in close proximity to and in equal prominence with the Rotary Emblem or other of the Rotary Marks.

The Rotary Marks must always be reproduced in their entirety. No abbreviations, prefixes or suffixes such as "Rot" or "Rota" are permitted, except for use in "Interota" for the periodic Interota meetings and "Rotex" for approved Rotary Alumni Associations. No alterations, obstructions or modifications of the Rotary Marks are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up or with "Interact" or "Rotaract" as part of the simplified signatures. RI allows for overwriting of the Rotary emblem or other Rotary mark (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed.

For correct color reproductions of the Rotary emblem and other of the Rotary Marks, current guidelines are found in the Brand Center at https://brandcenter.rotary.org which gives further specifications for reproducing the Rotary emblem and guidelines for maintaining a standardized, coordinated identity for all Rotary materials. Rotarians are reminded that Rotary is both a local and a global organization and even local uses may enjoy global recognition through the use of the Internet. Different cultures have different standards and different sensitivities. Any use of the Rotary Marks under these guidelines should attempt to be culturally sensitive and in concert with the Object of Rotary. RI reserves the right to review and approve any uses of the Rotary Marks. The Rotary Marks may not be depicted in combination with images of guns, weapons, or other armaments.

Rotary Entity activities, projects or organizations that are to include the name "Rotary," or other Rotary Marks without a further qualifier, must first seek an exception to policy from the Board. Rotarians coordinating existing activities, projects and organizations should review and make necessary changes consistent with this policy. *(October 2025 Mtg., Bd. Dec. 19)*

34.040.7. Requests for Exception to Guidelines for Use of "Rotary" Name or Other of the Rotary Marks

When considering requests for exception to policy set forth in section 34.040.6., the Board may consider:

1. The organizing group's attempt to work with the general secretary to bring the name of the project or activity into compliance with Board policy
2. The ease or difficulty with which the organizing group could bring its name into compliance with Board policy
3. The length of time the organizing group has been using the non-compliant name, with greater consideration given to projects, activities or organizations with a longer, demonstrated period of use
4. The merit of the project, activity or organization and the benefit it brings to the Rotary movement as a whole
5. Whether the proposed non-compliant name in some other way accurately identifies the organizing group involved
6. Whether the proposed non-compliant name could create a likelihood of confusion with Rotary International or with any other Rotary Entity or with a project, activity or organization of Rotary International or any other Rotary Entity
7. Whether the organizing group is a recognized Rotary Entity
8. Whether the organizing group is otherwise compliant with Board policy
9. The degree to which the project or activity or the name of the project, activity or organization could expose RI to liability

If the group is not a Rotary Entity and/or the project, activity or organization is not under the full control of a Rotary Entity, then the Board may grant an exception for the group to enter into a license agreement with RI for use of the Rotary name or other of the Rotary Marks, based on the above criteria. The agreement shall include RI's standard licensing terms, including, but not limited to, terms requiring insurance and indemnification.

If the group is a Rotary Entity and the project, activity or organization is under the full control of the Rotary Entity, then a Board exception may be granted for use of the "Rotary" name or other of the Rotary Marks without a further identifier of the name of the Rotary Entity and a license agreement is not required.

Under the "full control of a Rotary Entity" shall be defined as follows:

1. A Rotary club, Rotary district or group of Rotary clubs or Rotary districts is solely responsible for the governance of the project, activity or organization

2. This level of Rotary Entity governance must be demonstrated by the requesting group to the satisfaction of RI and may come in a number of different forms, including, but not limited to:

   a. the Rotary club, district or other Rotary Entity is responsible for the direct, daily operational administration and control of the project, activity or organization, including, but not limited to, review and approval of the budget, including the expenditures for any project, activity or organization, or

   b. the Board of Directors or equivalent governing body of the project, activity or organization consists solely of every Rotary club President (or President's designate) or every Rotary district governor (or governor's designate) of all Rotary clubs or districts involved and/or present in the geographic region, and

   c. such governing body shall have operational and administrative control, including, but not limited to, review and approval of the budget, including all expenditures for any programs or other endeavors and selection of the Rotary Entity's projects, activities or organizations.

3. Rotarian involvement and/or support in the form of monetary donations and/or volunteer time does not establish governance of the project, activity or organization, even if the support comes from every club in a district or from every district in a region and even if every club president or district governor in the applicable region supports the project, activity or organization.

An exception for use of the "Rotary" name or other of the Rotary Marks does not also carry with it an exception to use the Rotary emblem or any other of the Rotary Marks.

The general secretary is asked to bring any existing projects, activities and organizations into compliance with current policy. *(January 2020 Mtg., Bd. Dec. 85)*

34.040.8. Use of Word "Rotary" by Other Groups

Except as concerns groups organizing to form Rotary clubs under the direction of the governor, the use of the word "Rotary" by any group in such manner as to indicate or imply status as a Rotary club or as an affiliate of a Rotary club or of RI is not authorized and shall not be permitted. Therefore, the Board instructs the general secretary to take such steps as may be practicable or necessary to stop any such unauthorized use of the word "Rotary." *(October 2015 Mtg., Bd. Dec. 75)*

Amended by October 2015 Mtg., Bd. Dec. 75

34.040.9. Use of Name "Rotary" and Rotary Emblem by Former Rotarians

Except as concerns groups organizing to form Rotary clubs under the direction of the governor, the use of the word "Rotary" or any abbreviation or portion thereof by any group

in such manner as to indicate or imply status as a Rotary club or as an affiliate of a Rotary club or of RI is not authorized and shall not be permitted.

Inasmuch as the constitution and bylaws contain no provisions to cover the situation, it is manifestly impossible for the Board to recognize an organization of involuntary past Rotarians as a body having any connection with RI and particularly it is impossible for the Board to permit or encourage the use of any name by an organization which would indicate connection with RI which does not exist and cannot exist until such time as the constitution and bylaws of RI are amended so as to provide for it.

Notwithstanding its sympathetic understanding and appreciation of the interest and motives which may prompt former or involuntary past members of Rotary clubs to associate themselves in fellowship groups or other groups, the Board instructs the general secretary to call the foregoing policies to the attention of any group of former or involuntary past members of Rotary clubs, which may be making use of, or wish to use, the name "Rotary, " “Rotarians,” and/or the Rotary emblem, advising that the group does not have official status and that its use of the Rotary name (or any abbreviation or portion thereof) and/or emblem is not authorized and further, calling upon such group not to use or to discontinue immediately use of the name "Rotary," “Rotarians,” and/or the Rotary emblem. *(September 2017 Mtg., Bd. 34.040.10. Use of Rotary Name and Emblem by Other Organizations

No matter how worthy may be the purposes of such organizations or groups or the ambitions of such individuals, RI cannot permit them to appropriate the name or emblem of Rotary or other of the Rotary Marks without thereby endangering the preservation of the name and insignia of Rotary for the exclusive use and benefit of Rotarians. RI does not seek to discourage organizations or groups desiring to emulate the example of Rotary clubs but believes that suitable names and insignia can be devised by such organizations and groups without infringing upon the terminology and insignia of Rotary, and all Rotarians are encouraged to give their sympathetic assistance and encouragement to any group seeking to emulate the example of Rotary. *(January 2020 Mtg., Bd. Dec. 85)*

34.040.11. Use of Name “Rotary” in Connection with Club Activities

Use of the word “Rotary” in connection with or in the name of an activity of a club or group of clubs must relate the activity directly to such club or group of clubs and neither directly nor indirectly to Rotary International. Use of the word “Rotary” (or any abbreviation or portion thereof) is not authorized in connection with or in the name of an activity that is not under full control of a Rotary club or group of Rotary clubs or in connection with or in the name of any organization, the membership of which includes non-Rotarian individuals or

organizations. *(See Rotary Code of Policies* section 34.040.6.) *(September 2017 Mtg., Bd. Dec. 24)*

34.040.12. Use of the Name "Rotary," the Rotary Emblem, or Other Rotary Marks in Multidistrict Activities

All club, district, multidistrict and other Rotary Entity activities, projects and organizations must include identifiers of the club, district, multidistrict group, zone or other Rotary Entity when using the name "Rotary," the Rotary Emblem or other Rotary Marks. In limited instances and otherwise in accordance with policy (see Brand Center for guidelines), a geographic identifier may be used, provided it accurately represents the interests of each club in that area and appropriate approvals are sought from the district governors, club presidents and/or directors. Such identifier must be in close proximity to and in equal prominence with the Rotary Emblem or other of the Rotary Marks (see Brand Center). In order to clarify that the activity, project or organization is not one of RI or TRF, its promotional materials, printed and electronic, and especially on any donation page, shall state that the activity, project or organization is one of a local nature.

The Rotary Marks must always be reproduced in their entirety. No abbreviations, prefixes or suffixes such as "Rot" or "Rota" are permitted, except for use in "Interota" for the periodic Interota meetings. No alterations, obstructions or modifications of the Rotary Marks are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up or with "Interact" or "Rotaract" as part of the simplified signatures. RI allows for overwriting of the Rotary emblem or other Rotary Mark (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed.

Rotary Entity activities, projects or organizations that are to include the name "Rotary," the Rotary Emblem, or other Rotary Marks without a further identifier must first secure an exception to policy from the Board. Rotarians coordinating existing doctor banks and similar club, district, multidistrict and other Rotary Entity activities, projects or organizations should review and make necessary changes to the activity, project or organization names and materials, consistent with this policy. *(October 2025 Mtg., Bd. Dec. 19)*

34.040.13. Use of the Rotary Marks by Rotary Alumni Associations

When used by itself, the word "Rotary" refers to the entire organization, Rotary International. It also means the ideals and principles of the organization. Rotary Alumni associations that are chartered by the general secretary are permitted to use the name "Rotary" in their

organizational name but only together with identifiers of the Rotary district or Rotary zone. Such identifier must immediately precede or follow "Rotary." An acceptable example would be "Rotary District XXXX Alumni Association." In limited instances and otherwise in accordance with policy (see Brand Center for guidelines), a geographic identifier may be used, provided it accurately represents the interests of the alumni association in that area and appropriate approvals are sought from the district governors. Such identifier must immediately follow or precede "Rotary." Such identifier must be in close proximity to and in equal prominence with the Rotary Emblem or other of the Rotary Marks. *(June 2022 Mtg., Bd. Dec. 159)*

34.040.14. Use of the "Rotary" Trademark, Masterbrand Signature, Simplified Signature, or Mark of Excellence by Programs of Scale Awardees

When used by itself, the word "Rotary" or the Mark of Excellence or Masterbrand Signature or Simplified Signature normally refers to the entire organization, Rotary International. It also means the ideals and principles of the organization. All Programs of Scale Awardees, where possible, must include identifiers of the club(s), district(s) or multidistrict group or other Rotary Entity when using the "Rotary," Mark of Excellence, Masterbrand Signature, or Simplified Signature. Such identifier must be used in a lockup with the official program name and in conjunction with program implementation, including, but not limited to, on merchandise, signage, and other visual recognition of the Programs of Scale award. When space or the media do not allow for use of a lockup, the Rotary Marks may be used alone, provided that the Programs of Scale awardee shares with Rotary International in advance of use, all use cases, including merchandise, signage, and other visual recognition and that use is approved by RI.

Each Programs of Scale Grant Agreement will include standard RI licensing terms, including those related to insurance and indemnification. Programs of Scale awardees will only purchase merchandise with the Marks from RI Licensed Vendors, where reasonably available. If not reasonably available, a one-time exception may be sought from RI Licensing.

All participants in Programs of Scale will use the following disclaimer on all materials: *"[Programs of Scale award name] is a program sponsored by the Rotary Club/District of [Club/District name]. [Programs of Scale awardee name] is not a program of The Rotary Foundation or Rotary International."*

Other Rotary club and district organizations participating in the Programs of Scale award and the other partner organizations providing goods and services to the program shall maintain insurance.

The Rotary Marks must always be reproduced in their entirety. No alterations, obstructions or modifications of the Rotary Marks are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up. RI allows for overwriting

of the Rotary emblem or other Rotary Mark (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed.

For correct color reproductions of the Rotary emblem or other of the Rotary Marks, current guidelines are found in the Brand Center at https://brandcenter.rotary.org which give further specifications for reproducing the Rotary emblem and guidelines for maintaining a standardized, coordinated identity for all Rotary materials. Rotarians are reminded that Rotary is both a local and a global organization and even local uses may enjoy global recognition through the use of the Internet and other electronic communications. Different cultures have different standards and different sensitivities. Any use of the Rotary Marks under these guidelines should attempt to be culturally sensitive and in concert with the Object of Rotary. RI reserves the right to review and approve any uses of the Rotary Marks. The Rotary Marks may not be depicted in combination with images of guns, weapons, or other armaments. *(February 2022 Mtg., Bd. Dec. 76)*

34.040.16. Use of Geographic Designations with "Rotary International"

The use of the RI letterhead is restricted to incoming, current and past officers of RI, or those Rotarians appointed by the president or the Board to serve in various capacities, with the understanding that, as to such capacities as may be listed, the years of service to RI should be clearly indicated. RI letterhead may only be used for Rotary-related business. 34.060.1. Rotary Programs Logos

The general secretary shall create and update from time to time, logos and other indicia that are in alignment with current guidelines to be used for the various Rotary Programs, in order to create a standardized, coordinated identity for all Rotary materials. 34.060.2. Use of Logo with RI or TRF Programs

The general secretary is, when reviewing future proposed logos for a program or activity of RI or its Foundation, to consider including the Rotary emblem in the logos if such can be done without lessening RI's legal trademark rights or creating a badge that could be understood to identify a non-Rotarian as a Rotarian. *(June 1998 Mtg., Bd. Dec. 348)*

34.060.3. Rotary Program Logos and RI Emblem

The design of Rotary program logos that do not in some manner incorporate the RI emblem weakens and impedes the communication to the public of the association of Rotary with successful programs and projects. Therefore, all program logos currently in use by RI and its Foundation, and all such logos deemed necessary in the future, should include the Rotary emblem. The public relations value of incorporating the Rotary emblem with program logos of RI and its Foundation outweighs the possible mis-identification of a non-Rotarian as being a Rotarian. *(May 2024 Mtg., Bd. The Interact and Rotaract Marks are for the exclusive use of the Interact and Rotaract clubs bearing those names and the members of those clubs:

1. When displayed by individual club members, the Interact and Rotaract emblems may be used without further information.

2. When the Interact and Rotaract emblem is used to represent an Interact or Rotaract club, the name of the club should appear with the emblem, as shown in the RI Brand Center at https://brandcenter.rotary.org. "Interact," "Rotaract," the Interact emblem, and the Rotaract emblem must always be reproduced in their entirety. No alterations, obstructions or modifications of "Interact," "Rotaract," the Interact emblem, or the Rotaract emblem are permitted. No abbreviations, prefixes or suffixes such as "Rot" or "Rota" are permitted, except for use in "Interota" for the periodic Interota meetings.

   The Interact emblem and the Rotaract emblem should be reproduced in the colors and manner shown in the RI Brand Center at https://brandcenter.rotary.org.

3. When the Interact or Rotaract emblem is used to represent district Interact or Rotaract activities the district number should appear with the emblem, as shown in the RI Brand Center at https://brandcenter.rotary.org.

No publication may bear the Interact or Rotaract emblem without the name of the club or number of the district except those published by or under the authority of Rotary International for the use of Rotary, Interact or Rotaract clubs in establishing or carrying out the affairs of one of the sponsored clubs.

No other use of the Interact and Rotaract emblems is permitted by Rotary International which has legal control of all the Rotary Marks. *(October 2025 Mtg., Bd. Dec. 19)*

35.010.2. Prohibition Against Altering Rotary Marks

Note: "Rotary Marks" are any emblems or names registered and owned by Rotary International. (See Section 34.005.)

The Rotary Marks should not be altered, modified or obstructed in any way, or reproduced other than in their complete form. No abbreviations, prefixes or suffixes such as "Rot" or "Rota" are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up or with "Interact" or "Rotaract" as part of the simplified signatures. 35.010.5. Limitation on RI Merchandise Solicitations

Individuals or companies who are not licensed to sell merchandise bearing the Rotary Marks may not solicit districts, clubs or Rotarians to purchase merchandise bearing the Rotary Marks. Only vendors properly licensed by Rotary International may solicit districts, clubs or Rotarians to purchase merchandise bearing the Rotary Marks.

On occasion, Rotarians will need to produce customized merchandise bearing the Rotary Marks for a specific event or purpose. All Rotarians should always first seek out licensed Rotary vendors for such customized merchandise. In the event that such customized merchandise is not reasonably available from a RI Licensee at a competitive price, RI shall issue a one-time release to a non-licensed vendor, provided that those goods are subject to the equivalent review and pre-approval process as Licensed Products. 35.040.3. Event-Specific Uses of the Rotary Marks

Clubs and districts may sell merchandise bearing the Rotary Marks without a license when they are promoting club or district projects. If the merchandise sold in conjunction with such special projects involves the fundraising sale of alcoholic beverages as a one-time event or as an annual event (the sale of merchandise may not be the special project), such sales are permissible so long as all sales start and conclude within a 30-day window of the date of the fundraising event, and:

1. Alcohol sales are culturally appropriate where the club or district is situated.
2. The art on the label or packaging is consistent with brand guidelines for use of the Rotary Marks by clubs and districts.
3. The alcohol is a limited edition in that the labels must include, in addition to one of the Rotary Marks, the club or district name, and reference the fundraising project and its duration or date.
4. Because alcoholic beverage sales, manufacturing and distribution may be subject to specific local laws, the club or district has reviewed and the sales are in compliance with all applicable laws (clubs and districts may want to consult with their attorney for points 4, 5 and 6).
5. The club or district has reviewed any contracts with vendors to ensure they do not assume risks or responsibilities beyond their control.

36.010. General Guidelines

Rotary International and The Rotary Foundation actively seek to develop partnerships with other organizations that will increase our capacity to provide service. There are four types of partnerships: Strategic, Resource, Service, and Project. All potential partnerships must at a minimum do one or more of the following:

a) align with the strategic plan
b) address one or more areas of focus
c) provide opportunities for positive public image
d) attract new members, contributions, or project volunteers

Given the extreme variety among potential partners, these guidelines are not exhaustive. All potential partners shall enter into an agreement with RI/TRF, and the nature of each agreement may be different.

While Rotary and/or The Rotary Foundation may, from time to time, partner with organizations whose mission states or implies a religious orientation, results of such partnerships must not promote any particular religious entity, activity, or viewpoint. All proposed partnerships with an organization whose mission states or implies a religious orientation will be carefully researched by staff (including financial considerations and accountability), reviewed by a Foundation committee, and approved by the Trustees and the RI Board to ensure the proposed partnership is appropriate. Any such partnership is open to review and possible termination if analysis determines the collaboration to no longer be appropriate.

Rotary does not endorse its partners, their products or services, policies or positions. Partnership does not imply endorsement or approval of the partner's products or services, policies or positions by Rotary. A partnership does not imply any exclusive arrangement with Rotary. A partnership does not imply any grant of control or influence to the partner over the content of any Rotary activity, publication, position or policy, nor does it imply that Rotary will exert any influence to advance the partner's interests outside the particulars of the arrangements made for the joint initiative, event, or activity. Promotional materials and

communications cannot include any wording or design that suggests endorsement or approval of a product or service, policy or position by Rotary.

The general secretary shall provide an annual report on all partnerships to the Board and the Trustees at their second meetings each year. *(June 2021 Mtg., Bd. Dec. 177)*

36.010.1. Criteria for Evaluation

Reviews of partnership proposals should consider the following:

1. Mission, scope, geographic presence and status of potential partner, including compatibility with RI's diverse membership structure
2. The number of countries or regions the potential partner serves
3. Reputation of the potential partner in the Rotarian community and community at large
4. Success and financial health of the potential partner
5. Willingness of potential partner to make full and continuing financial and operational disclosures
6. The financial impact of the relationship on RI and TRF, including administrative costs
7. The potential of relationship to enhance RI's public image and recognition
8. The effect of the relationship on club or district projects
9. The effect of the relationship on RI/TRF programs
10. Level of participation offered by the potential strategic partner to clubs and districts and the number of Rotarians likely to participate
11. Disclosed conflicts of interest
12. Planned recognition for RI/TRF from the potential partner

RI/TRF shall not enter into partnerships with other organizations that:

1. Conflict with Rotary's values
2. Support the use of addictive or harmful products and activities
3. Promote a particular political or religious viewpoint through the partnership's activities and results
4. Discriminate based on race, ethnicity, age, gender, language, religion, political opinion, sexual orientation, national or social origin, property, or birth or other status through the partnership's activities and results

36.010.2. Benefits Provided to Other Organizations

All partners are eligible for one or more of the following services on a graduated basis, with specific benefits defined in each agreement:

1. Promotion on the RI website and in *Rotary* magazine and the licensed regional magazines
2. Information about the organization shared with Rotarians
3. Invitation to apply for booth space at the RI Convention, consistent with section 57.110.7. of the Rotary Code of Policies
4. Invitation to attend or participate in the RI Convention, based on established registration fees and guidelines
5. A license to use one or more of the Rotary Marks, consistent with section 34.030.15. of the Rotary Code of Policies and/or the terms of partner's license agreement with RI/TRF

RI/TRF will not provide partners with any of the following:

1. Membership or donor data
2. Support for fundraising initiatives of other organizations
3. An endorsement of the other organization or its programs
4. Guarantees or commitments on behalf of Rotary clubs or districts to participate or support the other organization or its programs.

36.010.3. Contact with Other Organizations

No officer of Rotary International or The Rotary Foundation shall enter into any agreement on behalf of the organization unless approved by the appropriate authority and any non-approved agreement shall be null and void. The general secretary may assign responsibility for officers, staff, and other individuals to open discussions with other organizations.

The general secretary maintains a "no contact list" of individuals, foundations, corporations, governments and other entities with which Rotary International or its Foundation is working to develop relationships and obtain funding at an international level. No representative of any Rotary Entity other than Rotary International or its Foundation shall contact or solicit any organizations on the "no contact list" for the purpose of obtaining funds or cooperation for their projects. Written requests for exceptions to this policy must be submitted to the general secretary, who will consult with the RI president and Trustee chair as appropriate, before responding to the requestor.

This should not be construed as prohibiting clubs, districts and multidistrict groups from developing partnerships with local organizations; on the contrary, they are encouraged to develop these local relationships. Rotary does not endorse its partners, their products or services, policies or positions. Partnership does not imply endorsement or approval of the partner's products or services, policies or positions by Rotary. A partnership does not imply any exclusive arrangement with Rotary. A partnership does not imply any grant of control or influence to the partner over the content of any Rotary activity, publication, position or policy, nor does it imply that Rotary will exert any influence to advance the partner's interests outside the particulars of the arrangements made for the joint initiative, event, or activity. Promotional materials and communications cannot include any wording or design that suggests endorsement or approval of a product or service, policy or position by Rotary. *(April 2018 Mtg., Bd. Service

partnerships are global, flexible, scalable, and may range from small to large in scope, and from short to long term in duration. Service partners add measurable value to the humanitarian activities undertaken by Rotary members, including increased sustainable community impact and enhanced public image and awareness. Prospective service partners must demonstrate sufficient experience successfully working with clubs and/or districts on planning and implementing local or international projects, must have the ability to report on and quantify collaboration with Rotary members, and must have the capacity to work directly with Rotary members on project implementation. Service Partnerships receive no funding from the Secretariat. The role of the Secretariat is to manage the partnership and facilitate Rotarian engagement with partners. *(April 2018 Mtg., Bd. Prospective project partners must demonstrate sufficient experience successfully working with clubs and/or districts on planning and implementing local or international projects, must have the ability to report on and quantify collaboration with Rotary members, and must have the capacity to work directly with Rotary members on project implementation. Project partner-ships receive no funding from the Secretariat. The role of the Secretariat is to manage the partnership and facilitate

36.060. Recognition for Organizations

Guidelines for recognizing organizations are as follows:

1. Because contributions accumulate, organizations may be recognized as they reach each successive level.

2. Contributions from organizations including corporations, corporate foundations, governments, nongovernmental organizations, universities, and research institutions totaling US$100,000 or more that are not sponsorships, not a Rotary organization, and that are not being recognized in individual recognition are eligible for recognition under Rotary's Recognition for Organizations. Sponsors of World Polio Day and the Rotary International Convention receive rights and benefits according to their sponsorship package and are not included in Rotary's Recognition for Organizations.

3. The levels established for Rotary's Recognition for Organizations are as follows:

   Level 1: US$100,000 - $249,999
   Level 2: US$250,000 - $499,999

ARTICLE 37. RI GUIDELINES FOR SPONSORSHIP AND COOPERATION

37.010. Guidelines for Sponsorship of RI Meetings, Events, Projects, and Programs
37.020. Cooperation with United Nations
37.030. Cooperation with Other Organizations and Groups

37.010. Guidelines for Sponsorship of RI Meetings, Events, Projects, and Programs

The Board, acknowledging that RI meetings, events, projects and programs are supported in part through sponsorships by business entities and governmental agencies, has adopted the following terms for acceptance of sponsorship of RI meetings, events, projects and programs:

1. Sponsorships are relationships with other organizations which benefit RI, TRF, and Rotary projects(s) and Rotary program(s), in image-enhancing, promotional, monetary or other ways. Club and district events, such as conferences, PELS, etc., should be permitted to accept sponsorships; however the Council on Legislation is not an acceptable sponsorship venue. Each sponsorship relationship should terminate either within a defined period of time or with the completion of the sponsored event. It is important to maintain the appropriate level of decorum at any Rotary event.

2. RI does not endorse its sponsors, their products or services, policies or positions. Sponsorship does not imply endorsement or approval of the sponsor's products or services, policies or positions by RI. A sponsorship does not imply any exclusive arrangement with RI. A sponsorship does not imply any grant of control or influence to the sponsor over the content of any RI activity, publication, position or policy, nor does it imply that RI will exert any influence to advance the sponsor's interests outside the particulars of the arrangements made for the sponsored event or activity. Promotional materials and communications cannot include any wording or design that suggests endorsement or approval of a product or service, policy or position by RI.

3. RI will not accept a sponsorship that:

    a. Conflicts with Rotary's ethical and humanitarian values

    b. Undermines internationally recognized standards for human rights

    c. Supports the use of addictive or harmful products and activities, including but not limited to alcohol (when inappropriate in a specific cultural context), tobacco, gambling, and guns, weapons or other armaments

    d. Promotes a particular political or religious viewpoint through the partnership's activities and results

    e. Discriminates based on race, ethnicity, color age, gender, language, religion, political opinion, sexual orientation, national or social origin, property, or birth or other status through the partnership's activities and results

    f. Weakens the autonomy, independence, reputation, or financial integrity of Rotary International, The Rotary Foundation, or the specific Rotary club, district or other Rotary Entity

g. Involves any subject matter which is not in accord with the Object of Rotary

4. Further to point 3.c., above, where culturally appropriate, convention host organizing committees may solicit alcoholic beverage companies as sponsors, recognizing that the terms of any sponsorship relationship shall be subject to any restrictions with respect to the use, sale and marketing of alcoholic beverages in the venue contract(s). If there is a merchandising component to such a sponsorship, whether for give-away or sale, and whether or not for fundraising purposes, then:

   a. the label on the alcoholic beverage shall not contain the Mark of Excellence or the simplified Rotary wheel.

   b. in such instances, the general secretary shall develop a suitable substitute label design for the approval of the RI president (when known) who presides over the convention together with the general secretary, consistent with policy at 57.010.1.

5. Cultural and legal variances in business practices among nations should be identified and honored whenever possible in matters of RI meeting, event, project and program sponsorship. In realization that business practices are not universal, ethical guidelines appropriate to a given culture should be developed, published, and applied by those responsible for the solicitation and/or acceptance of RI meetings, events, projects or programs-related sponsorship.

6. Any sponsorship must comply with relevant laws.

7. Any sponsorship revenue or donations-in-kind (the value thereof, see paragraph 7, below) received will be subject to the terms of any agreement between RI and any local organizing entity.

8. Sponsorships that would appear in revenue projections for RI meetings, events, projects or programs of necessity shall be guaranteed in writing by the intended sponsor. Moreover, such written intent shall clearly state what, if anything, the sponsor expects in return for its assistance.

9. Donations-in-kind shall be considered as sponsorship to the extent of their lowest reasonable fair market financial value.

10. Recognition for sponsorships shall occur--primarily during the actual meeting, event, project or program--in the form of published attribution and acknowledgment of thanks, verbal expression of gratitude, signage anywhere within meeting facilities, and to the extent that the planning committee for that meeting, event, project or program finds acceptable. In no instance, shall a sponsor name be included in the name, title or logo of any meeting, event, project or program. Sponsors of specific events or projects of Rotary may be identified in the following manner "[Rotary event or project name] presented by [sponsor's name]."

11. All sponsorship proposals, whether obtained by RI or by a local organizing entity, shall require the approval of the general secretary in consultation with the president (when known) who presides over the convention or the general secretary and president-elect presiding over an International Assembly. Such approval shall include but not be limited to the following aspects of each sponsorship proposal:

a. Appropriateness of the sponsor

b. Nature of the sponsorship plan

c. Extent of the sponsorship relationship

d. Share of the sponsorship revenue between RI and any local organizing entity

e. Nature of the sponsorship recognition

12. "Official Sponsorship Designations": The general secretary will review applications and bids for companies that will be designated "official." For example, an "official" air carrier, and where appropriate, an "official" rental car company and other services, may receive a similar designation. Competitive firms are sought for the designations, and proposals are obtained and analyzed by the general secretary. For the air carrier, the general secretary considers not only the fare proposed but also the capacity of the carrier, the complimentary tickets and freight offered to RI.

    The selection of "official" service firms should be recommended by the general secretary's staff assigned to convention activities and approved by the general secretary and the president who will preside over the convention. Transparency in the bid process is important.

13. "Exclusive Sponsorship Categories": Unless permission from RI is sought and obtained in advance of any solicitation on the part of a local organizing entity, RI reserves exclusive rights to solicit and accept sponsorships with airline companies and banking/financial institutions, due to RI's long-term agreements and relationships with such entities.

14. First aid/medical sponsorships: The specifics and details involved with a medical/first aid sponsor must be approved by the general secretary, in consultation with the president (when known) who presides over the convention, at least three months before the meeting, event, project, or program to ensure that the sponsoring organization can comply with RI's contractual requirements, including but not limited to insurance and indemnification requirements. First aid/medical sponsors sent to the general secretary later than three months before the meeting, event, project, or program will not be considered.

15. Internet sponsorships: The specifics and details involved with an internet sponsor must be approved by the general secretary, in consultation with the president (when known) who presides over the convention, at least three months before the meeting, event, project, or program to ensure that the sponsoring organization can provide the internet services RI requires at its events and also comply with RI's contractual requirements, including but not limited to insurance and indemnification requirements. Internet sponsors sent to the general secretary later than three months before the meeting, event, project or program will not be considered.

16. Each RI sponsorship relationship should terminate either within a defined period of time or with the completion of the sponsored meeting, event, project or program.

17. Except by Board authorization, individual member data must not be used for sponsorship purposes and must stay within the control of RI. However, any determination to allow access to individual member data must respect the individual rights of Rotarians, including relevant legal restrictions. All sponsorships must follow the Rotary Privacy Statement (Rotary Code section 26.080.)

18. All uses of the Rotary Marks for the sponsorship purposes contemplated herein must be governed by the "RI and TRF Guidelines for Use of the Rotary Marks by Other Organizations" (Rotary Code Section 34.030.15.). A copy of these Guidelines must be attached to and incorporated in any contract entered into between RI or any local organizing entity and any Sponsor.

41.030. Rotary Friendship Exchange

Rotary Friendship Exchange is a program of Rotary International, adopted by the Board in 1988.

Note: The Board regularly reviews and, as necessary, amends the "Rotary Friendship Exchange Guidelines," which are as follows:

Rotary Friendship Exchanges give participating Rotarians, their families, and their friends the opportunity to host and visit one another internationally. The goal of an exchange is for participants to experience cultural immersion and intercultural exposure, foster greater international understanding, or to allow those who are new to their career to enhance their vocational skills, while making new connections and friendships, and, when possible, building a foundation for collaborative service projects.

Exchange teams should identify the purpose of each trip, such as but not limited to, a vocationally-oriented exchange, culturally-oriented exchange, service-oriented exchanges, and establishing a twin club or service partner relationship.

Rotary Friendship Exchanges have the following characteristics:

- They are reciprocal
- They are funded entirely by the participants and their respective districts
- They are open to Rotarians, their family members, and non-Rotarians
- They have an identified purpose and goals

Vocational Exchanges for Young Professionals
Rotary Friendship Exchange may also be used to provide a unique educational opportunity for young business and professional people in the initial years of professional life. These exchanges are designed to develop professional and leadership skills among young people to

prepare them to address the needs of their communities and an increasingly global workplace. These vocational exchanges will follow an extensive and rigorous program of international travel and participatory activities involving:

Vocational Activities that provide opportunities to observe vocations as practiced in another country and participate in a reciprocal exchange of ideas in their respective fields, which ultimately will benefit all communities involved;

Cultural Experiences that allow participants to study another country, its people and institutions and to promote an appreciation of cultural diversity worldwide.

Fellowship Opportunities that encourage team members and hosts to meet, communicate and live with each other in a spirit of fellowship and goodwill, to consider each other's problems, aspirations and community concerns, and to foster lasting friendships and international understanding; and

Rotarian Involvement in providing young, formative professionals an experienced perspective of their vocation in another country and culture and participating in the process of sending, receiving and sharing educational experiences of study teams that will enhance the worldwide mission of Rotary.

Districts that engage in these exchanges should consider the following factors:

1. The district should cite a clear purpose and goal to be achieved by the exchange.
2. The district should develop a draft host itinerary.
3. The district should present a plan for accommodation of the incoming team members in Rotarian homes or in other alternative housing with an explanation thereof.
4. The district should present a well-rounded plan for preparation and orientation of outgoing team members to include language, culture, and other appropriate subjects, the duration of which must be not less than 12 hours.

District governors from participating districts appoint a district Friendship Exchange chair, who is responsible for helping interested participants coordinate exchanges through an email contact list of chairs from around the world. This list is posted on the RI website for Rotarians to use. The general secretary creates resources to promote the program and help districts find exchange partners. Districts are responsible for the administration of their Friendship Exchange program and all related activities. District Rotary Friendship Exchange chairs, Rotary Friendship Exchange program leaders, and program participants must amicably resolve internal disagreements. RI will not intervene. 41.040. Rotary Youth Exchange

Rotary Youth Exchange is a program of Rotary International, adopted by the Board in 1974.

The Rotary Youth Exchange program provides young people with the opportunity to meet individuals from other countries, experience new cultures through life in another country. Host clubs, host families, and communities are enriched through engagement with students from different cultures. The program instills in young people the concept of international understanding and goodwill and helps develop intercultural competency which is essential to building and sustaining peace.

These policies assist clubs and districts to implement Youth Exchange activities effectively and responsibly, and pertain to both long-term and short-term exchanges, unless otherwise indicated.

Any other provisions consistent with these policies may be adopted by clubs or districts. Districts may reassign some responsibilities specified in these policies from one role to another. (October 2019 Mtg., Bd. Dec. 58)

41.040.1. District Governors Authority

Each governor is responsible for the supervision and control of the Youth Exchange program within the district. The district Youth Exchange officers, or committees, are under the supervision of their respective governors and should report to them.

Governors are required to complete youth protection training as outlined in Rotary Code of Policies section 2.120. and are encouraged to use the period between their nomination and assuming office to learn as much as possible about the Youth Exchange program in the district and the qualifications and skills of those who administer it. *(October 2019 Mtg., Bd. Dec. 58)*

41.040.2. District Certification Program

The general secretary shall administer a district certification program. All district Youth Exchange programs shall comply with RI youth protection policies and other requirements set forth by the general secretary in order to be certified. In order to participate in the Youth Exchange program both host and sending districts must be certified by the general secretary.

The certification process requires all district Youth Exchange programs to provide RI with evidence that they have adopted the certification requirements in their Long-term and Short-term exchange programs (including any tours or camps). Failure by individual Rotarians,

clubs, or districts to administer the program in accordance with these requirements may result in termination of a district's Youth Exchange certification.

The general secretary may grant waivers to districts that have implemented alternative policy and alternative procedures that meet the intent of RI policy in instances when RI policy or certification requirements are contrary to local law. If local circumstances are such that a district cannot legally meet any of the requirements, districts must provide the general secretary evidence of the specific circumstances that prohibit compliance and a written explanation of alternative procedures that maintain the intent of the policy or requirements. The general secretary will evaluate and determine whether the alternatives posited by districts meet the intent of the policy, and may bring matters to the Board should circumstances warrant.

Other certification policies include:

1. Certification of Districts for Sending Students Only

   Districts that wish to send outbound students without serving as hosts for inbound students can apply for outbound-only certification.

2. Certification of Multi-country Districts

   In multi-country districts where not all countries within the district wish to participate in the Youth Exchange program, the general secretary will only grant certification to participating countries that meet certification requirements.

No individual Rotarian, club, or district shall assist or cooperate in sending a young person abroad on an international travel activity unless careful plans are made in advance covering every aspect of the proposed trip, including approval from the district youth protection officer and district Youth Exchange chair. In districts without a youth protection officer, the district governor and the district Youth Exchange committee chair must approve the arrangements.

Students are prohibited from attending school at an institution where they are required to live on the premises, or where the primary room and board is provided by the school.

Students should have more than one host family; placement with three successive host families is preferable. In the event that circumstances prevent multiple host family placements, both the sponsor and host district must agree and alert the student's parent or legal guardian in advance. At least one back-up host family must be available.

Parents of outbound students shall not be required to host inbound students. However, parents of outbound students may volunteer to host or may be asked to assist in finding suitable host families.

Host clubs must select individual Rotarian counselors from their clubs with whom each student is to be in regular contact and to serve as a liaison between the student and the club, the student's parents or legal guardians, host family and community at large. Sending clubs and/or districts select an individual Rotarian to serve as a resource to an outbound student. The club counselor must not be in a position of authority over the student's exchange, such as a member of the student's host family, district or club Youth Exchange officer, school

principal, etc. and must be trained in responding to any problems or concerns which may arise during the exchange, including the prevention of physical, sexual and psychological abuse.

The host club should provide for all educational expenses, arrange an appropriate academic program, and must provide a program of orientation and continued contacts to familiarize the student with the host community.

The host club or district should provide a monthly allowance for the student in an amount determined by the parties concerned. The monthly allowance shall be sufficient to cover meals eaten at school or elsewhere.

Short-term Exchange Program
Short-term exchanges vary from several days to several weeks or months. They often take place when school is not in session and may not include an academic program. Short-term exchanges generally involve a homestay experience with a family in the host country, but may also be organized as international youth camps or tours.

All individuals involved in the exchange, including students and their parents or legal guardians, host family members and Rotarian counselors, must agree in writing to all the requirements of the program as determined by the sending and host clubs or districts.

Evidence of student travel insurance coverage shall be submitted to, received by, and accepted by the host district prior to the student's departure from home. As the host Rotary district must be in a position to arrange immediate and emergency medical attention when it is needed, the host district must approve that the insurance coverage carried by the student is with a responsible insurance company and will ensure that any service providers receive complete and prompt payment. The parent or legal guardian of the Youth Exchange student is responsible for the payment of all medical and accident costs.

Provides reimbursement for emergency visitation expenses for the cost of reasonable transport and accommodation incurred by any one close relative or friend to travel to, travel with, remain with, or escort the student as a result of serious injury, illness, or death of the student

Clubs and districts are strongly encouraged to consult insurance counsel for advice on obtaining liability insurance and other coverage and should be fully informed about government's policies and regulations regarding foreign students, including insurance coverage requirements.

Copies of these invoices should also be provided to the sending Rotary club.

(See Sections 34.030.6.; 34.040.6; 34.040.10.)

12. Whenever any of the Rotary Marks are used in combination with the logo of another organization for sponsorship or cooperative relationship purposes, including any advertisement or promotional materials directly related to a sponsored Rotary event or project (including, but not limited to, banners or signs) the logo of the other organization must be of equal or lesser unit size to that of the Rotary emblem (or other Rotary Marks, at the sole discretion of the Rotary club(s), Rotary district(s), other Rotary Entity or RI), unless the Rotary emblem or other Rotary Mark is part of a repetitive background screen. RI allows for overwriting of the Rotary emblem (or other Rotary Marks) (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed. RI agrees that in cases where a sponsor might wish to highlight its role in sponsoring a Rotary event or project in conjunction with its regular advertising, the Rotary emblem may be smaller than the sponsor's logo.

13. The Rotary Marks may not be altered, modified or obstructed in any way but must be reproduced in their entirety. No abbreviations, prefixes or suffixes such as "Rot" or "Rota" are permitted. The simplified wheel is to be used only together with "Rotary" as part of the simplified signature lock-up or with "Interact" or "Rotaract" as part of the simplified signatures for the Programs logos. RI allows for overwriting of the Rotary emblem or other Rotary Mark (watermarked, printed, screened or embossed), provided the Rotary emblem or other Rotary Mark is not otherwise partially covered and/or obstructed.

    There should be no overlap between another organization's logo and the Rotary emblem or other Rotary Mark; the two images should be clearly spaced so as to be two separate and distinct images.

    For correct color reproductions of the Rotary emblem, current guidelines are found in the Brand Center at https://brandcenter.rotary.org which gives further specifications for reproducing the Rotary emblem and guidelines for maintaining a standardized, coordinated identity for all Rotary materials. Rotarians are reminded that Rotary is both a local and a global organization and even local uses may enjoy global recognition through the use of the Internet. Different cultures have different standards and different sensitivities. Any use of the Rotary Marks under these guidelines should attempt to be culturally sensitive and in concert with the Object of Rotary. RI reserves the right to review and approve any uses of the Rotary Marks. The Rotary Marks may not be depicted in combination with images of guns, weapons, or other armaments.

14. The Rotary Marks may only be reproduced by a vendor authorized to do so. Whenever, possible, therefore, reproductions of the Rotary Marks should be done by an officially licensed vendor. If the desired goods are not reasonably available from a RI licensee, a release must be obtained from the RI Licensing Section.

15. Each use of any of the Rotary Marks in combination with the name or logo of another organization should be subject to a pre-publication review and approval process on the part of the Rotary club(s), Rotary district(s) or other Rotary Entity or by RI. RI, the Rotary club(s), Rotary district(s) or other Rotary Entity should retain the sole right to specific denial or authorization or, in the case of alteration (of copy or layout), to be mutually agreed upon by the parties.

16. The Rotary club(s), Rotary district(s) or other Rotary Entity should retain control over where promotional materials are published in any medium, including where banners or signs are allowed to be displayed when any of the Rotary Marks are used in combination with the name or logo of another organization.

17. The Rotary club(s), Rotary district(s) or other Rotary Entity should reserve the right to approve publications or other media in which any other organization wishes to advertise or otherwise promote a relationship using the Rotary Marks.

18. Membership lists, except by Board authorization, must stay within the control of RI, the district(s), the club(s), and/or other Rotary Entity(ies) involved. However, any determination to allow access to membership lists must respect the individual rights of Rotarians, including relevant legal restrictions.

19. Any use of the Rotary Marks in combination with the name or logo of another organization should

    a. Be consistent with Rotary's values and local cultural norms

    b. Be in accord with the Object of Rotary, and

    c. Enhance Rotary's public image and reputation.

50.010. Purpose of RI Public Relations

The purpose of Rotary's public relations program is to foster understanding, appreciation, and support for the programs and Object of Rotary. The program should promote awareness among all Rotarians that good publicity, favorable public relations and a positive image are desirable and essential goals for Rotary if it is to achieve that purpose and broaden Rotary's service to humanity. *(June 1998 Mtg., Bd. 50.020. Public Relations Guidelines for Pro Bono Relationships with Corporate Entities

The Board has set forth the following public relations guidelines to effectively manage a pro bono relationship with a corporate entity to safeguard the integrity and reputation of RI/TRF, while allowing public relations opportunities for all parties to the agreement.

Definition of Pro Bono Public Relations Relationship

Pro bono relationships do not involve compensation. Predetermined "out-of-pocket" costs are agreed to in advance of securing pro bono assistance. A pro bono public relations relationship involves a private communications agency supplying promotional work without compensation. In turn, RI/TRF agrees to publicize the pro bono relationship as appropriate in RI/TRF's sole discretion.

Establishment of Relationship

When an appropriate corporate entity that may provide pro bono public relations services to RI has been identified, such entity shall be referred to the general secretary for immediate review to ensure that RI/TRF's credibility remain intact, and that current Rotary publicity initiatives will be enhanced. The review will include, but not be limited to, the following elements:

1. Shared mission/interest: A review of the corporation's policies and positions on issues relevant to RI/TRF will be assessed to ensure that no conflict of interest exists with the Object of Rotary.
2. Background search: An extensive news search of the corporation and back review of annual reports will be researched to study current and past media placements.

Upon completion of the satisfactory review, the general secretary will negotiate a pro bono agreement with the corporate entity. Terms of the agreement will include, but not be limited to, the following:

1. Message development: Standing key messages exist within RI/TRF. Altering or adapting these messages must gain approval by the general secretary to deter the release of misinformation to the general public and RI membership.

2. RI Spokespeople: The general secretary in consultation with the RI president and/or Trustee chair, will designate appropriate RI/TRF spokespeople for all events and interviews, a RI/TRF spokesperson must be incorporated into all media interviews, either live or by telephone. RI will approve all media interviews related to the pro bono relationship.

3. Editorial Review: RI/TRF staff retains full editorial review of all material released by the corporate entity. This activity will ensure the release of factual information to the media, general public and membership audiences of the corporate entity and RI/TRF. These Guidelines do not authorize corporate entity to reproduce any of the ROTARY Marks for any purpose without the prior written, express consent of RI/TRF except as expressly set forth herein.

4. Media placement: All press releases, media advisories and media placements must be reviewed by RI to ensure accuracy and proper RI/TRF mention and copies of the media placements provided to RI.

5. Placement in RI/TRF publications: Efforts will be made to ensure proper recognition of the pro bono services donated by the corporate entity in Rotary publications including but not limited to: *Rotary, Rotary Leader,* and the RI website.

6. Photo credit/video credit: All material provided by RI/TRF must be credited to Rotary International and include appropriate copyright information, if owned by RI. Appropriate copyright notice would be: "© 2000 Rotary International."

7. RI/TRF name and logo requirements: "ROTARY," "ROTARY INTERNATIONAL," "ROTARY INTERNATIONAL and Design" (the Rotary Emblem), "THE ROTARY FOUNDATION," "THE ROTARY FOUNDATION OF ROTARY INTERNATIONAL and Design" (the Rotary Foundation Logo), "TRF," among numerous other marks (collectively referred to as the "ROTARY Marks"), are the intellectual property of RI and/or TRF. Usage of the RI/TRF name and logos will adhere to guidelines concerning reproduction of the ROTARY Marks or guidelines concerning use of the ROTARY Marks by other organizations as amended from time to time and/or any other relevant policies, guidelines, and/or decisions governing use of the ROTARY Marks, circularization, solicitation, and/or sponsorship, as promulgated by the RI Board of Directors.

Once final, the agreement will be submitted for appropriate review consistent with the RI contract review policy.

Maintenance

The general secretary, through Public Relations and Marketing, will provide continued monitoring of the pro bono public relations services to ensure that all elements of the approved contract are maintained to RI's satisfaction. Adjustments to or additions to key messages and media placement activities will need prior approval from the general secretary. The general secretary will update the Board of Directors on a quarterly basis on the results

of the agreement. RI/TRF retains the right to terminate the agreement at any time. *(October 2013 Mtg., Bd. Dec. 30)*

Rotary utilizes its broad policy directive to delineate and work to achieve the following goals:

1. To provide a channel of communication to disseminate and support the presidential initiatives and special programs approved by the Board.
2. To promote and report on the major meetings of RI and the various official Rotary weeks and months.
3. To serve as an educational and program resource tool for clubs and district leaders.
4. To help build service by motivating and inspiring Rotarians through reportage of outstanding examples of activity in the five Avenues of Service by clubs and Rotarians around the world.
5. To help build international fellowship by providing Rotarians with regular and effective contact with the wide world of Rotary which lies beyond their individual clubs and by informing Rotarians of the accomplishments of their fellow Rotarians.
6. To provide a forum in which the views and concerns of Rotarians--both on Rotary and non-Rotary topics of significance--can serve to challenge, develop, and strengthen their beliefs in Rotary. In addition, to broaden the horizons of Rotarians and other readers by focusing attention upon the problems of the cultural, ethical, and moral framework within which Rotary works and serves, with the understanding that there will be no comments published, no matter by whom submitted, which might reasonably be expected by the

editors to be offensive to the citizens of any nationality or be adverse to the best interests of any country.

7. To help strengthen the fabric of society by treating family-life topics, including helpful art-of-living resources, which are of interest to the official magazine's prime audience, Rotarians and their families.

8. To provide comprehensive and effective leadership in maintaining a network of Rotary communication around the world through cooperation with Rotary regional magazines, district publications, and club bulletins.

9. To illuminate and enhance the image of RI by publishing a high-quality magazine which informs and educates non-Rotarians about Rotary ideals and activities.

10. To generate reader interest by producing a magazine which is attractive, lively, topical, and relevant to Rotarians and their lives--and, therefore, in a position to compete successfully with the many demands upon readers' time.

51.010.5. Official Magazine Advertising Policy

The Board has adopted the following:

ADVERTISING POLICY OF THE OFFICIAL MAGAZINE

I. *General Policy*

1. The magazine shall actively solicit high-grade advertising from reputable advertisers of worthy goods and services.

2. Cautious judgment be exercised in the acceptance of advertising, to the end that there will be in the magazine no advertising which is offensive to good morals or decency, or that promises something different from what the advertiser will deliver.

3. The Board, the general secretary acting on its behalf, is responsible for administering this policy and making the final decision on questions of advertising acceptance.

4. It is recognized that Rotarians are of necessity in competition with each other in their business and professional interests and that such competition should not be the basis for rejection of legitimate advertising.

5. RI does not endorse any advertiser and does not assume financial responsibility or obligation in connection with advertised goods and services.

II. *Standard for Acceptance*

1. The value of goods or services offered must be reasonably stated and product, service, copy, and illustration must be acceptable by the standards of aesthetics and good taste one would expect in a prestige magazine.

2. The decision on the acceptability of advertising for any commodity or service can be influenced by the opinions of recognized trade or professional groups and credit agencies.

III. *Free Advertising*

Free advertising space shall be available only to RI.

IV. *Use of Rotary Emblem, Personal Rotary Affiliation, Rotary Club Supplies*

1. The general regulations of RI concerning use of the Rotary emblem also apply to advertising.

2. Mention of an advertiser's personal Rotary affiliation shall not be permitted in such advertising.

3. When the advertisement of a dealer in club supplies is received, it must be determined that the products being distributed are made by franchised manufacturers. In the case of a manufacturer's advertisement, it must be determined that such person is manufacturing under a license granted by RI.

4. The Board shall develop and periodically review categories of acceptable and unacceptable advertising to guide the general secretary in administering this policy.

5. Vendors who seek to customize merchandise that is in competition with merchandise provided by official licensees must apply for a license from RI when seeking to sell such merchandise through advertising in *Rotary* magazine and the licensed regional magazines. Alternatively, vendors seeking to advertise in *Rotary* magazine and the licensed regional magazines to sell goods which may be customized and which may compete with officially licensed products shall be required to use the following disclaimer in any of their advertising, “Not licensed to reproduce the Rotary Marks,” or other such disclaimer as the general secretary finds appropriate. The general secretary reserves the right to determine which advertisements shall require a disclaimer.

Customized, competing goods are any goods that directly compete with goods offered by Rotary International’s officially licensed vendors (“Licensed Products”). A complete list of Licensed Products is available on RI’s website, www.rotary.org.

The general secretary reserves the right to determine which goods compete with Licensed Products.

V. *Unacceptable Advertising*

Each case is to be decided on its merits. The following types of advertising are not acceptable:

1. Fraudulent or misleading advertising; false, unwarranted or exaggerated claims; vulgar, suggestive or offensive copy; and "bait" advertising where the reader is denied a fair opportunity to purchase the products or services advertised on the terms indicated

51.020.4. Guidelines for Rotary Regional Magazine Licensing

The Board has approved the following guidelines for Rotary regional magazine licensing:

I. Qualifications

1. Only regional magazines that have been approved for their country(ies) by the RI Board are eligible to be licensed.

2. Regional magazines with circulation of 5,000 or more must be directly supervised by an advisory board consisting of at least six members, including a current governor or designate, a current incoming governor or designate, the magazine's editor in chief, and three past RI officers (preferably media professionals or members with communications experience). Regional magazines with circulation of less than 5,000 must be directly supervised by an advisory board consisting of a minimum of three members, including a current governor or designate, a current incoming governor or designate and the magazine's editor in chief. Members will serve for a period of at least two years, and the advisory board must meet at least twice a year. The advisory board shall fairly and equally represent the region it serves.

3. To become licensed and maintain their licensed status, regional magazines must consistently publish the mandatory Rotary content as supplied by RI. Editorial content must reflect that the regional magazine serves all Rotary countries or districts within its territory, and is published in the primary, officially recognized language.

   a. The editors and advisory boards of regional magazines shall ensure adherence to RI policy on political and religious matters and strive to promote the Rotary principle of welcoming men and women of all races, nations, religious faiths, vocations, and political persuasions to membership.

   b. Regional magazines shall not express an editorial opinion on any pending controversial public measure.

   c. Regional magazines shall not endorse, recommend, or otherwise express an editorial opinion about any candidate for public office or Rotary office, or publish any letter, speech, or other content supporting or otherwise commenting on any such candidate.

   d. Regional magazines shall not express an editorial opinion on international political affairs or publish any letter, speech, or other content on such affairs.

4. Licenses will be issued to only one regional magazine per country or geographic area, except in countries or geographic areas where the number of languages spoken warrants more than one regional magazine, as determined by the RI Board.

5. The Communications Committee will determine if magazines meet the requirements for licensing. Following RI Board approval, all regional magazines must enter into an agreement with RI delineating the nature of the relationship and setting forth the guidelines for publishing a licensed Rotary regional magazine. Once the agreement is signed, the regional magazines may announce or publish news of their licensed status.

6. RI shall review every regional magazine. Should any noncompliance with RI guidelines be discovered, the regional magazine may be placed on probation or terminated, as set forth in the license agreement with RI.

II. Procedures

1. Regional magazines must comply with RI's report filing requirements, as set forth in the license agreement with RI.
2. Regional magazines must adhere to RI Board guidelines for reproduction and use of the Rotary Marks.
3. Regional magazines must comply with the payment obligations, as set forth in the license agreement with RI.
4. Recognizing that Rotarians must subscribe to either *Rotary* magazine or one of the regional magazines (RI Bylaws section 21.020.), licensed magazines are required to bill separately for the regional magazine subscription, making clear that any other services or products they offer are optional, and because these other services and/or products are not covered by the terms of the license agreement with RI.
5. Pursuant to Article 21.020.1. of the RI Bylaws, licensed regional magazines shall be responsible for establishing a mechanism for billing and collection of subscription fees. RI recognizes that this sometimes involves the cooperation of the local clubs and districts.
6. Further to Article 21.020.2. of the RI Bylaws, revenue received by the licensed magazines shall be applied to the publication and improvement of the magazines and any other licensed communications vehicles, wherever possible, and in accordance with the terms of the license agreement with RI.
7. Regional magazines must submit the following information to RI:
   a. A detailed content summary and Table of Contents in English of each issue, plus at least three copies of each issue immediately upon publication;
   b. a list of advisory board members, including each member's name, title (if any), and length of term, and an annual schedule of advisory board meetings;
   c. basic circulation information, including the number of paid and complimentary subscriptions and the annual subscription cost;
   d. verification that standard circulation requirements (two or more Rotary districts or at least two Rotary countries) are being met;
   e. verification of publication frequency (at least six times per year);
   f. a current magazine editorial calendar and a projection of any major changes or planned improvements for the licensed period;
   g. a report of advertising policy and rates;

h. a financial stability letter, signed by the chair of the regional magazine advisory board. The statement will verify that the regional magazine is financially viable and in a position to maintain publication.

i. Regional magazines shall also submit profit and loss statements and other financial documents that illustrate financial solvency and revenues and expenses, as set forth in the license agreement with RI. Regional World Magazine Publications shall provide audited financial statements to RI on an annual basis and publish same to their subscribers annually.

8. Failure to comply with the terms of the license agreement with RI will result in probation and/or termination, at RI's discretion, in accordance with the terms of the license agreement with RI.

51.020.5. Required Subscription

RI Bylaws Article 21.020.1. require that each member of a club not located in the United States or Canada shall become a paid subscriber to the official magazine of RI or to a Rotary magazine *approved and prescribed* for that club by the board. A district that contends that the magazine that is approved and prescribed by the board for its country or geographic area does not meet its needs may appeal to the board to have its approved and prescribed magazine changed by submitting to the general secretary a written resolution that is approved by two-thirds of the district's member clubs and endorsed by at least three of the district's current governor, governor-elect, governor nominee and immediate past governor. Such resolution should:

1. State the reasons why the board's approved and prescribed magazine for that country/region does not meet the needs of that district.

2. State what steps have been taken by the district to resolve the issue directly with the prescribed regional magazine.

3. State the response and outcome of each step cited in point 2, above.

4. Indicate an alternate choice of licensed magazine.

5. State why the desired alternate choice of licensed magazine would better suit its needs.

6. State the circulation/number of subscribers that would be affected.

Upon receipt of such resolution, the general secretary will forward a copy to the potentially impacted magazine (to both the publisher and the advisory board chair) and solicit its response within sixty (60) days. Thereafter, the resolution will be researched and considered

by the general secretary. At the general secretary's discretion, once sufficient information has been gathered and if a meritorious case exists, the general secretary will bring the matter to the board for its consideration. The board, in deciding the issue, will consider the information included in the resolution and supporting materials, the response (if timely received) from the impacted magazine, the impact such a change would have on the existing approved and prescribed magazine, the ability and willingness of the proposed new licensed magazine to handle the increased subscription, the political climate in the region and any other facts or circumstances that may be relevant. *(September 2016 Mtg., Bd. The magazines shall report all noncompliant clubs in their licensed area to RI twice a year at a time determined by the general secretary. The magazines will simultaneously notify noncompliant clubs using a message provided by the general secretary, which explains the importance of subscribing to a Rotary magazine, describes the consequences of noncompliance, and sets a deadline for compliance of three months (90 days) from the date of the notification.

Clubs not complying within this period will be subject to the following, until such time as the club is brought into full compliance:

1. Individual club members shall not be eligible to serve in any district, zone and/or RI roles, whether elected or appointed
2. Club is not authorized to submit suggestions to the nominating committee for governor
3. Club is not authorized to vote at the district conference, district assembly and in any authorized club ballot

4. Club is not authorized to concur with any proposed legislation submitted to the Council on Legislation or resolutions to the Council on Resolutions
5. Club is not authorized to concur with a challenge to the nomination of a candidate for district governor
6. Secretariat services cease immediately, including services of The Rotary Foundation, such as the acceptance of new, or the processing of current program applications; and the recognition of clubs as sponsors or hosts of active Rotary Foundation program awards
7. Club will not receive the following services from the governor: a monthly letter, inclusion on district mailing lists, and an official visit.

The magazines will notify noncompliant clubs using a message provided by the general secretary which describes the consequences listed above and copy the clubs' respective district governors, RI directors, and directors-elect. District Governors shall be responsible for monitoring which of their clubs are noncompliant and for ensuring no members from noncompliant clubs in their districts are allowed to assume any district, zone and/or RI roles, whether elected or appointed and shall inform the noncompliant club president and/or secretary without delay, as soon as the information becomes known to them.

The general secretary shall inform the Board of long-term noncompliant clubs (180 days) after 30% or more members of the club are not paid subscribers. Clubs not complying within 6 months (180 days) of being notified may be terminated at the Board's discretion, in accordance with Article 3.020.1 of the *RI Bylaws*. *(June 2025 Mtg., Bd. Dec. 172)*

52.020.1. Guidelines for Rotary Club, District, and Other Rotary Entity Electronic Publications

A Rotary Entity's website is a "publication," just as a Rotary Entity's newsletter is a "publication." The primary purpose of any Rotary publication, printed or electronic, is to advance the Object of Rotary.

Content and design of such publications should be under the direct supervision of the publishing entity's highest officer, whether it be the Rotary club president, governor, or Fellowship chair, and must conform to current RI policies. (Of particular note are those policies pertaining to Rotary Mark and Emblem usage and those prohibiting circularization.) (See Article 34, Rotary Marks, generally, and section 11.010. Circularization.) In particular, whenever the name "Rotary," the Rotary Emblem or other of the Rotary Marks are used, Rotary Entities should use the further identifier of the name of the Rotary Entity involved. When selecting a domain name that includes the word "Rotary," Rotary Entities should also include further identifying language of the name of the Rotary Entity and not solely the word "Rotary." Members are reminded that no abbreviations of the Rotary Marks, such as "Rot" or "Rota," are permitted. (See section 34.040.6.) (Proper naming examples are: "www.AnytownRotaryClub.org," "www.rotarydistrict0000.org," "www.AnytownRotaryVillage.org," and "www.Rotary [Insert Name of Rotary Entity Here].org." Examples of generic, improper naming examples that only use "Rotary" by itself or refer to RI and not a specific Rotary Entity would be "www.rotaryvillage.org," "www.rotarian.org," "www.RIactivity.org" and "www.rotarywomen.org.") Rotary International accepts no responsibility for the content of any non-RI publication.

Rotary International maintains a site on the World Wide Web (www.rotary.org) to provide Rotarians with timely and accurate information about the programs of Rotary International and The Rotary Foundation. Editors of Rotary publications in all media are encouraged to

use this information in their respective Rotary organs, provided they adhere to the copyright policies posted on the RI site. Furthermore Rotarians in charge of club, district, and other Rotary Entity websites shall, when feasible, include a link to the RI website for the benefit of those wishing to learn more about Rotary.

To the extent possible, each Rotary Mark should be maintained as a domain name (in conjunction with each major TLD such as .com, .org, .net, .info, .biz and others, as they become available), a TLD or other major identifier of Rotary on the Internet.

2. Country Code Domains

"ROTARY" should also be protected in conjunction with country code ("cc") domains as much as possible based on the following order of priority:

a. Any domain name and/or country mandated by the RI Board or TRF Trustees.

b. Countries in which RI has an international office.

c. Countries in which RI is scheduled to hold an upcoming Convention and/or the home countries of elected and/or nominated RI presidents.

d. Countries in which there have historically been or in which RI is currently having problems, either because of those who infringe RI's marks or because other individuals, companies or organizations have filed numerous applications for same or similar marks requiring RI to file oppositions against these applications.

e. Countries in which RI has either a significant number of licensees or major licensees.

f. Countries in which RI has established a prominent presence, either because of large numbers of Rotarians or countries in which RI and/or the programs of RI are very active.

Rotarians, Rotary clubs, Rotary districts and other Rotary Entities are asked to support this Policy and transfer ownership rights in any of the above designated TLDs and/or domain names they may currently own to RI, at RI's request. Due to budget limitations, cc level domain names featuring any of the Rotary Marks other than ROTARY are not in line for purchase at this time, but this is subject to change at any time at the discretion of the general secretary.

3. Other TLDs and Domains

The general secretary shall determine whether there are any TLDs or domain names, other than those set forth above, which it would be in RI's best interest to protect and maintain for its exclusive use and/or benefit.

The general secretary shall determine whether and when the use of any of the Rotary Marks in a TLD or domain name by a Rotary Entity does not comply with Board policy or for an individual, company or organization not affiliated with RI constitutes infringement and shall pursue the matter accordingly.

III. Registration and Maintenance of TLDs and Domain Names

The general secretary shall purchase TLDs and domain names meeting the current goals of TLD and domain name protection, listing Rotary International as the owner. The Intellectual Property area of the Office of the General Counsel shall handle the registration, renewal and maintenance of TLDs and domain names for Rotary International and The Rotary

Foundation, with technical and substantive support from IT, Communications and CDS, as necessary.

IV. Rotary Clubs, Rotary Districts and Other Rotary Entities

1. Rotary clubs, Rotary districts, other Rotary Entities and individual Rotarians should be advised that RI reserves the right to request that TLDs and domain names featuring any of the Rotary Marks be assigned to RI now and in the future, pursuant to this policy.
2. Rotary clubs, districts, other Rotary Entities and individual Rotarians are encouraged to purchase domain names that comply with the RI Board policy concerning the use of the Rotary Marks as outlined in the *Rotary Code of Policies*. (See sections 34.040.6. Use of Name "Rotary," or other Rotary Marks by Rotary Entities; 34.040.12. Use of the Name "Rotary," the Rotary Emblem or other Rotary Marks in Multidistrict Activities). Rotary Entities are encouraged, before registering domain names, to check with their CDS representative to ensure their proposed domain name complies with Board policy for use of the Rotary Marks.
3. The purchase and/or administration of any TLDs which may become available using any of the Rotary Marks is reserved exclusively for RI.
4. The general secretary may require a disclaimer that limits RI's liability to be placed on websites of Rotary Entities.
5. The general secretary reserves the right to take any necessary action against any Rotary club, district or other Rotary Entity or individual Rotarian or group of Rotarians whose actions are not consistent with RI Board policy concerning the use of the Rotary Marks.

52.020.4. Social Business Strategy

Rotary will increasingly use digital social strategies to engage Rotarians, the "family of Rotary," and the general public. The tools we choose to implement will be worthy of Rotarians' trust. These tools will make it easier for Rotarians to build and deepen relationships with one another and to discuss and collaborate on Rotary-related business. 57.040. Site Selection

57.040.1. Convention in Successively Different Locations

The international convention shall not be held in any one country for more than one consecutive year. If possible, Conventions should be held successively in different parts of the world, with the qualification that cost factors be given careful consideration. The eastern and western regions of the United States, as divided by the Mississippi River, are to be considered two distinct regions for this site selection purpose. *(November 2007 Mtg., Bd. Dec. 87)*

57.040.2. Minimum Standards for Convention

The Board will consider a proposal only if the general secretary has explicitly confirmed that the city currently meets all of the requirements for holding a convention. If the general secretary and/or Rotary senior leader involved in the site inspection reports that a city does not meet all of the critical site specification criteria as described in the current *Manual for Conventions* and the Board proceeds to select that city, the Board shall provide an explanation of how any deficiencies will be addressed in its respective Board decision. The general secretary shall inform the Board of potential sites which vary slightly from the standards, or preferred criteria, when such variances would not inhibit the full capability of a city to hold a convention. Should no city be certified by the general secretary from among those submitting invitations, the Board will postpone any selection until a city has been so certified or solicit proposals from another group of cities. International conventions shall not be allocated to cities that do not have sufficient and proper facilities. *(January 2011 Mtg., Bd. Dec. 150)*

The number of official meals should be limited as much as possible. Any gratis items to be offered, including complimentary hotel rooms for various officers, should be established. *(January 2012 Mtg., Bd. Dec. 201)*

57.040.4. Funding of Convention Meeting Space

When considering districts' invitations to hold conventions in their cities, RI will expect the city to provide without expense to RI a suitable and convenient auditorium for the convention's general sessions and additional meeting places for other sessions. No district of any city should have to pay rental or other expenses for convention venues for RI's use. Rather, the city shall furnish such facilities, or the city government, tourist association, chamber of commerce, or a similar group of businesspeople should provide any necessary funds for such a meeting place. *(November 2007 Mtg., Bd. 57.040.6. Procedures for Selecting RI Convention Sites

In the event information is received which indicates that the location of a meeting which has already been determined has become inaccessible, the Board shall consider changing such location. *(June 2002 Mtg., Bd. Dec. 266)*

57.100.6. Convention Expense Reserve Fund

There shall be, as an appropriated fund balance, a reserve fund for net convention loss of a minimum of US$500,000, with the understanding that no convention budget should be deliberately established so as to anticipate subvention by this amount. Such reserve fund is intended to reduce the impact of conventions on RI's general administrative reserve funds.

In the event that a convention's revenues exceed expenses, the convention expense reserve fund shall be increased by the excess amount. Amounts in this reserve fund exceeding US$500,000 may be used to reduce the cost of future RI Conventions. The reserve fund will be reduced by such amounts utilized in this manner.

Funds allocated to the convention reserve in excess of those needed to protect against future convention losses should be utilized to reduce future convention registration fees.

If the convention reserve exceeds US$6,500,000 at the time of a convention committee's first official meeting, that committee may, to reduce convention registration fees, utilize a portion of the convention reserve in an amount equal to the budgeted cost of direct staff support. *Note: effective beginning with the 2020 (Honolulu) Convention.*

The reserve fund may be used for the following items to reduce the cost of future RI Conventions recommended by the International Convention Committee to the board for approval:

1. Salary Allocation for Direct Staff Support (provided the convention reserves exceed US$6.5 million)
2. Live Streaming for paid registrants (currently only for 2020 convention)

5. Modified Critical Criteria
6. Pilot Program Services (that may be successful or not)

Utilization of Surplus Funds during the year of the Convention
The President and Convention Chair, with consideration from the International Convention Committee and the General Secretary, may create a wish list of items that will further enhance the experience of the attendees provided the General Secretary projects a surplus. Enhancements of the program that would increase the expenses over US$500,000 will require approval from the board. *(October 2019 Mtg., Bd. Dec. 29)*

   d. serve as hosts to other partners of official participants
   e. attend and participate in official luncheons and dinner
   f. attend official social events as representatives of RI or The Rotary Foundation
3. A representative of Rotary's Foundation will be assigned to attend the institute. Conveners should provide this representative with at least one major speaking opportunity, as well as another program opportunity to update participants on Foundation programs, objectives, finances and problems, and to respond to participants' questions.

   Conveners are requested to consider providing lodging, meals and other local expenses for Foundation representatives and partners from institute or other funds. The Foundation will pay all transportation costs and will pay the above expenses should the institute not pay them, provided that the convener informs the representative before the latter's departure for the institute that the institute will not bear such expenses.

60.010.4. Organization

1. The general secretary shall distribute a call for proposals for institutes to all confirmed directors-nominee and directors-elect who will be serving on the Board in the year the institute may take place. If there are no directors-nominee or directors-elect from a particular region, the call for proposals can be sent to the most recent past director from that region, at the discretion of the president-nominee. Proposed institute dates, locations, conveners, and chairs will be received by the general secretary for report to the Board at their "July" meeting, at least a year in advance of the institute.

2. The general secretary shall advise those receiving the call for proposals to make every effort to ensure that proposed institute dates do not conflict with the dates of any known meetings of the RI Board of Directors and TRF Trustees, International Convention, International Assembly, and Council on Legislation or any major religious holiday celebrated in that zone.

3. The organization and program of each institute shall be directed by the convener, who is responsible for the conduct of the institute. The convener, while retaining complete control of the agenda, program, and finances of the institute, shall appoint a

   a. chair, who is responsible for the arrangements for and organization of the institute meeting;

   b. treasurer, who should be a past RI officer, responsible to the convener and the zone for the preparation of the institute budget, use and disbursement of the funds;

4. Rotary institutes, presidential conferences, district conferences and other events may be held in conjunction with each other or simultaneously at the same venue provided that:

   a. separate budgets and separate registration fees are established and maintained for each meeting;

   b. funds will be maintained separately for each meeting;

   c. prior consent is obtained from the governor where the district conference will be held and from the convener of the Rotary institute to be held.

60.010.5. Program

1. Institutes should be engaging, interactive meetings with ample time (approximately 40-50 percent) for the exchange of views among participants through panels, open forums with senior leadership, question and answer sessions, group discussions and the like.

2. In the year of the Council on Legislation, conveners are requested to:

   a. conduct a learning session either in person or virtually limited to representatives and alternates and conducted by highly experienced Rotarians, to discuss the operation and procedures of the Council, but not the substance of the proposals, with learning materials to support such learning sessions provided by the general secretary;

3. A director, or other representative of the Board, shall present the five-year forecast to each Rotary institute for discussion, pursuant to RI Bylaws section 18.060.3. If a Rotary institute is not held that year, this information can be distributed virtually.

4. Each Rotary institute should schedule a status report on PolioPlus until polio eradication is achieved.

5. The convener shall report upon the legislation and resolutions reviewed and the action taken by each council on legislation and council on resolutions, in accordance with RI bylaws section 20.020.

60.010.6. Adjunct Meetings

1. Governor-elect and governor-nominee training meetings are considered the only mandatory adjunct meetings. Separate sessions or seminars shall, with the permission of the convener, be held at (or near) the same time and location of the institutes, which may include sessions for governors-elect, governors-nominee, partners of incoming governors, and district learning facilitators. Adjunct meetings must

   a. not interfere with, and should not duplicate, the main program of the institutes;

   b. be under the direction of the convener or director responsible for the zone, if no institute is convened that year;

   c. not duplicate the program at the International Assembly;

   d. be consistent with RI policy and information developed by RI;

   e. be promoted and financed as distinct from the institute itself.

2. However, any events coming before or after an institute - such as governors-elect learning seminars (GELS), governor-nominee training, training for district learning facilitator, or recreational events - should be clearly described as pre- (or post-) institute events, which may involve a different audience than those attending an institute.

3. It is the responsibility of all Rotary institute conveners to ensure that the program for zone-level learning events for governors-elect as adopted by the Board is fully implemented.

4. It is recommended that presentation, equipment, and room charges for the learning seminar be included as part of the event budget and are provided at no cost to either RI or the GELS team. The GELS team should be provided with the appropriate meeting space and equipment. The following logistical and equipment needs are recommended:

   a. Tables and chairs for participants set-up in a "U" shape (group size of no more than 25-30 governors-elect)

   b. Podium or table for Rotary International Learning Facilitator

   c. LCD projector, laptop computer, or overhead projector

   d. Flipchart stand, paper, and markers

60.010.7. Finances

1. Each institute shall be financially self-supporting through registration fees and voluntary donations (including goods and services) or sponsorships in accordance with RI Guidelines;

2. Adjunct meetings shall also be self-supporting through registration fees;

3. Districts and clubs (and non-participating Rotarians) shall not be required to pay any institute expenses, except for the costs of their governor and incoming governor (and other future RI officers at the discretion of districts and clubs), or as sponsors in accordance with RI Guidelines;

4. The convener shall make every effort to contain costs by

   a. securing reasonably priced facilities and accommodations;

   b. minimizing the number and cost of social functions;

c. minimizing the cost of speakers and any others invited from outside Rotary or the zone;

d. offering lower-cost or hosted lodging in the area, corporate sponsorships, and/or increased flexibility for meal options.

5. Rotary International provides adequate general liability (also known as public liability and third-party liability) insurance coverage for each institute. Coverage is limited to policy terms and excludes institute activities such as fireworks displays, motor racing events, and use of airplanes and watercraft to name a few. Coverage terms and limitations may change annually. Please contact RI Risk Management for additional information;

6. After all expenses have been paid, any surplus balance shall, in cooperation with the convener and the treasurer of the next institute, be carried forward for the sole use of that and future institutes. Only when necessary, due to local circumstances, and with the written agreement of the following year's institute convener and treasurer, and the general secretary, the surplus balance may be disposed of using an alternative method.

7. RI will reimburse the transportation expenses incurred by conveners for travel to the institute site on up to two occasions, if necessary, for preparation and planning purposes. Conveners are encouraged to make these trips in conjunction with other Rotary travel, whenever possible, for economic reasons.

8. RI will reimburse the transportation expenses incurred by conveners, and their partners when accompanying them, to attend Rotary institutes, in accordance with RI's established travel and expense policy.

9. Rotary institutes are expected to cover all other expenses incurred by the conveners and their partners attending their institute.

60.010.8. Reports

1. Each convener shall, within ninety days after the conclusion of an institute, send to the convener of the following institute, and to each governor and past director within that zone(s) a complete financial statement, examined and approved by the convener, the chair, and the treasurer of the institute, detailing all revenues and expenses of the institute. The financial statement shall include any surplus balance received from the prior year's institute and any surplus balance carried forward to the following year's institute. The convener shall also provide written confirmation of compliance to the general secretary within ninety days after the conclusion of an institute. Failure to comply with these requirements, after having been notified by the general secretary,

shall result in the convener being ineligible to receive any future RI or Rotary Foundation volunteer appointment or assignment until compliance is confirmed.

2. The general secretary shall provide a status report regarding past due institute financial reports to the Audit Committee on an annual basis.

Rotary adopts the following policy with regard to the translation of non-U.S. Dollar denominated transactions into U.S. Dollars.

1. Rotary International will establish the Rotary Exchange Rates for foreign currency translation
2. The exchange rates will be in compliance with US Generally Accepted Accounting Principles
3. The exchange rates will be sufficiently accurate to provide a clear picture of the operations
4. The general secretary, through delegation to the Chief Financial Officer, will be responsible for maintaining a procedure for the calculation and reporting of the exchange rates

ARTICLE 67. AUDITS

67.010. Auditing Services Charter
67.020. Guidelines for Appointment and Evaluation of the Independent Auditor

67.010. Auditing Services Charter

The Auditing Services Charter shall be as follows:

I. Policy Statement

It is the policy of Rotary International and The Rotary Foundation ("Rotary") to maintain a comprehensive program of internal auditing as an overall control measure and as a service to the senior leadership and management of the organization.

II. Purpose

The purpose of the internal audit function is to strengthen Rotary's ability to create, protect, and sustain value by providing senior leadership and management with independent, risk-based, and objective assurance, advice, insight, and foresight.

The internal audit function enhances Rotary's:

- Governance, risk management, and control processes
- Decision-making and oversight
- Reputation and credibility with its stakeholders
- Achievement of objectives

The internal audit function is most effective when:

- Internal auditing is performed by competent professionals in conformance with The Institute of Internal Auditors ("The IIA") Global Internal Audit Standards.
- The internal audit function is independently positioned with direct accountability to the Boards of Directors and Board of Trustees, via the Joint Audit Committee.
- Internal auditors are free from undue influence and committed to making objective assessments.

III. Commitment to Adhering to the Global Internal Audit Standards

The internal audit function will adhere to the mandatory elements of the IIA's International Professional Practices Framework, which are the Global Internal Audit Standards and Topical Requirements. The general auditor will report annually to senior leadership and senior management regarding the internal audit function's conformance with the Standards, which will be assessed through a quality assurance and improvement program.

IV. Scope of work

The scope of work of Auditing Services is to assist in determining whether the Secretariat's governance, risk management practices, and internal control structure, as designed and represented by management, are adequate and functioning in a manner to reasonably assure that

1. Risks (strategic, financial, operational, compliance and other) are appropriately identified and managed
2. Interaction with the various internal governance and risk management groups occurs as needed
3. Resources are acquired economically, used efficiently, and adequately protected
4. Operations, programs, plans, and objectives are achieved effectively, efficiently, economically, and safely
5. Significant financial, managerial, and operating information is accurate, reliable, and timely
6. The Secretariat and employees' actions are in compliance with policies, standards, procedures, and applicable laws and regulations
7. Quality and continuous improvement are considered in existing control processes
8. Significant legislative or regulatory issues are recognized and addressed appropriately
9. Opportunities for improving control, accountability, and image are identified

V. Authority

Auditing Services authority is established by the Board of Directors and the Board of Trustees, and its responsibilities are governed by the Joint Audit Committee as part of that committee's oversight role. Such authority allows for unrestricted access to the boards and the Joint Audit Committee. As necessary to accomplish its responsibilities, Auditing Services shall:

- Have unrestricted access to any functions, data, records, information, physical property, and personnel pertinent to carrying out its responsibilities. Internal auditors are accountable for appropriate confidentiality and safeguarding records and information.
- Allocate resources, set frequencies, select subjects, determine scopes of work, apply techniques, and issue communications to accomplish its objectives.
- Obtain assistance from the necessary personnel of the Secretariat and other specialized services from within or outside the Secretariat to complete internal audit services.

VI. Independence, Organizational Position, and Reporting Relationships

Subject to the authority of the RI Board of Directors, TRF Trustees, and the Audit Committee, the Auditing Services function will remain free from interference by any

element in the organization, including matters of audit selection, scope, procedures, frequency, timing, or report content to permit maintenance of a necessary independent and objective mental attitude.

The general auditor will report functionally to the RI Board and TRF Trustees through the Joint Audit Committee and administratively to the general secretary. This positioning provides the organizational authority and status to bring matters directly to executive/senior management and escalate matters to the board and trustees when necessary, without interference and supports the internal auditors' ability to maintain objectivity.

The general auditor will confirm to the board, at least annually, the organizational independence of the Auditing Services function. The general auditor will disclose to the committee any interference auditors encounter related to the scope, performance, or communication of internal audit work and results. The disclosure will include communicating the implications of such interference on Auditing Services' effectiveness and ability to fulfill its mandate.

VII. Responsibility

In general, all members of the Secretariat staff are responsible for the Secretariat's internal control structure. Specifically:

1. The general secretary is responsible for the establishment and maintenance of effective risk management practices and a positive control environment by providing leadership, direction and oversight to the senior managers who control and manage the business operations of the Secretariat.
2. Senior and operational managers are responsible for the design, implementation, and maintenance of specific internal control practices and procedures within their areas of supervision. These managers are also responsible for providing to the general auditor, upon request, full and unrestricted access to all activities, records, and personnel.
3. The general auditor is responsible to senior leadership and management for the following:
   a. Evaluation and assessment of the adequacy, efficiency, and effectiveness of the Secretariat's control systems, risk management, and/or governance processes.
   b. Contribution to the organization's ongoing effectiveness.
   c. Reporting of significant issues related to the processes for controlling the activities of the Secretariat, including potential improvements to those processes.
   d. Information on the status and results of the annual audit plan and the sufficiency of Auditing Services resources.
4. Auditing Services has responsibility to:
   a. Annually develop a flexible rolling three-year, risk-based audit plan taking into account any risks or control concerns identified by senior management and leadership, as well as projected benefits and costs of each planned engagement. The

general auditor will communicate the impact of resource limitations and significant interim changes to senior management and the Audit Committee.

The plan is reviewed with the general secretary and Audit Committee for necessary revisions and approval by 30 June of each year. The approved plan shall be reviewed with the Operations Review Committee at its next scheduled meeting. Any significant deviation from the approved internal audit plan will be communicated to senior management and the Audit Committee through periodic activity reports.

b. Implement the approved annual audit plan including assurance or advisory engagements, or any special tasks, projects requested and/or approved by the general secretary, the Joint Audit Committee, and/or the Operations Review Committee.

c. As requested, in consultation with the Joint Audit Committee chair, assist in the investigation of significant suspected fraudulent activities within the Secretariat or senior leadership and notify the general secretary, the Joint Audit Committee, and/or the RI Operations Review Committee of the results.

d. Consider the scope of work of the external auditors and other third parties, as appropriate, for the purpose of providing optimal audit coverage to the Secretariat.

e. Receive, evaluate, and respond to requests from the president and the president-elect, the Board of Directors acting collectively, the Joint Audit Committee, the TRF Trustees Chair, the Trustees of The Rotary Foundation acting collectively, the RI Finance Committee, the Operations Review Committee, and/or the general secretary.

f. Review the Auditing Services charter annually with the general secretary and the Joint Audit Committee for necessary updates and revisions.

VIII. Objectivity

The general auditor will ensure that Auditing Services remain free from conditions that threaten the ability of internal auditors to carry out their responsibilities in an unbiased manner, including matters of engagement selection, scope, procedures, frequency, timing, and communication. If the general auditor determines that objectivity may be impaired in fact or appearance, the details of the impairment will be disclosed to appropriate parties.

Internal auditors will maintain an unbiased mental attitude that allows them to perform engagements objectively such that they believe in their work product, do not compromise quality and do not subordinate their judgement on audit matters to others, either in fact or appearance.

Internal auditors will have no direct operational responsibility or authority over any of the activities they review. Accordingly, internal auditors will not implement internal controls, develop procedures, install systems, or engage in other activities that may impair their judgement, including:

- Assessing specific operations for which they had responsibility within the previous year
- Performing operational duties for RI, TRF, or its affiliates

- Initiating or approving transactions external to the internal audit function
- Directing the activities of any employee that is not employed by the internal audit function, except to the extent that such employees have been appropriately assigned to internal audit teams or to assist internal auditors.

Internal auditors will:

- Disclose impairments of independence or objectivity annually, in fact or appearance, to the general auditor
- Exhibit professional objectivity in gathering, evaluating, and communicating information
- Make balanced assessments of available and relevant facts and circumstances
- Take necessary precautions to avoid conflicts of interest, bias, and undue influence

IX. Reporting and Monitoring

Auditing Services will complete fair, factual, and balanced reports summarizing the activities and observations of each audit and/or project. Individual audit reports shall detail the audit objectives and scope; observations, conditions, and applicable recommendations; and management responses and action plans. Executive summaries of audit reports may be prepared for certain audiences. Special project and/or advisory engagement reports may deviate from this format depending upon the circumstances.

The general secretary and affected operational management should be given ample opportunity to review the report prior to final distribution. This review should provide an opportunity to correct errors, omissions, misunderstandings, or other inaccuracies and provide suggestions. The general secretary and management have no authority to change any aspect of the audit report. If a difference of opinion exists, the general secretary or management may submit a formal statement with the response in the audit report.

Auditing Services will be responsible for appropriate follow-up on engagement findings and recommendations. All significant findings will remain in an open issues file until cleared with approval of the Joint Audit Committee.

The General Auditor will periodically report to senior management and the Joint Audit Committee on the Auditing Services function's purpose, authority, and responsibility, as well as performance relative to its plan. Reporting will also include significant risk exposures and control issues, including fraud risks, governance issues, and other matters needed or requested by senior management and the Joint Audit Committee.

At a minimum, audit report distribution should comply with the following guidelines:

1. Audit Reports

   Final audit reports will include reportable observations, as defined by Auditing Services, and will be distributed to the following:

   a. Joint Audit Committee members

b. Operations Review Committee members

c. President and president-elect

d. General secretary

e. All general managers and affected operational management

f. TRF Trustee chair

g. External audit firm engagement partner and/or manager

h. Risk Management

2. Other Observations for Improvement Opportunities

   Final audit observations that are not considered reportable, as defined by Auditing Services, will be reported in separate communications to affected management as determined by the general auditor.

3. Special Project and/or Advisory Engagement Reports

   The general auditor will consult with the general secretary and/or Joint Audit Committee chair to determine distribution of individual reports on special projects and/or advisory engagements.

X. Quality Assurance and Improvement Program

Auditing Services will maintain a quality assurance and improvement program that covers all aspects of the Auditing Services function. The program will include an evaluation of the Auditing Services function's conformance with the Definition of Internal Auditing and the Standards and an evaluation of whether internal auditors apply the Code of Ethics. The program also assesses the efficiency and effectiveness of the Auditing Services function and identifies opportunities for improvement.

The general auditor will communicate to senior management and the Joint Audit Committee on the Auditing Services function's quality assurance and improvement program, including results of annual internal assessments and external assessments conducted at least every five years. *(October 2025 Mtg., Bd. 67.020. Guidelines for Appointment and Evaluation of the Independent Auditor

The RI Board of Directors is responsible for appointment and evaluation of the independent auditor. The Joint Audit Committee assists the Board in executing this responsibility by

- defining and communicating performance expectations;

- monitoring and assessing performance;
- making recommendations to the Board regarding services, fees and appointment; and
- overseeing any competitive selection process.

The Joint Audit Committee is to communicate with the Trustee Chair regarding any appointment or evaluation of the independent auditor.

The Joint Audit Committee will monitor and evaluate the performance of the independent auditor as outlined in the "Annual Performance Assessment" as defined in these guidelines. Each year, the Joint Audit Committee will document and communicate its assessment to the Board and the Trustee chair, and make recommendations to the Board as necessary. Recommendations may include conducting a competitive selection based on serious and/or ongoing performance deficiencies. The Joint Audit Committee will solicit and consider input from management.

In general, unless circumstances dictate otherwise, the Joint Audit Committee, on behalf of the Board and Trustees, will formally consider and conduct a comprehensive review for the selection of its independent auditor based on competitive proposals at least once every seven (7) years. The Joint Audit Committee will solicit and consider input from management.

I. Annual Performance Assessment

The general secretary will distribute evaluation criteria and related materials for use in monitoring and evaluating the performance of the independent auditor during the year. This information will be distributed prior to the start of the significant audit services (e.g. typically in January or February) to the following:

- Members of the Joint Audit Committee
- General Secretary
- Other Secretariat Managers as deemed necessary

At the conclusion of the audit services (e.g. October), the general secretary will solicit evaluation feedback from the noted Rotary leaders and managers. The evaluation and feedback will be reported to the Joint Audit Committee at its subsequent meeting. Evaluation criteria should remain fairly constant from year to year to allow evaluation of performance trends over time. Examples of potential performance evaluation criteria include, but are not limited to:

- Audit plan expected and actual results
- Quality of audit services
- Timeliness of audit and deliverables
- Audit fees (actual versus agreed)
- Independence
- Understanding of Rotary
- Type, frequency and quality of information and communication

- Availability and transparency

The Joint Audit Committee should discuss with the independent auditor (in closed session if necessary):

- Questions or concerns regarding performance of the independent auditor during the prior fiscal year and/or the overall relationship
- Performance expectations
- The proposed audit plan, scope, and fees for the next annual audit(s)
- Questions or concerns of the independent auditors

The Joint Audit Committee will communicate the results of its deliberations regarding the independent auditor's performance and proposals to the Board through its meeting minutes/report to the Board. The Joint Audit Committee will make specific recommendations, if any, to the Board concerning acceptance of the independent auditor's proposal for the next fiscal year. The Joint Audit Committee may make other recommendations to the Board, including competitive bidding of these services. If competitive bidding is recommended, the Trustee chair must be notified.

The Joint Audit Committee's deliberations will include consideration of the annual evaluation survey results. Throughout the year, the Joint Audit Committee should have complete, direct, and open access to the independent auditor. The general secretary will assist and facilitate this access.

Discussion of the independent auditor's performance may be placed on the agenda of any Audit Committee meeting.

If necessary, the independent auditor's performance may be reviewed between regularly scheduled committee meetings. Either the Joint Audit Committee chair or management may initiate this review. The chair should determine the best approach to conduct the review. The results of any review should be documented and communicated.

II. Competitive Selection

The Joint Audit Committee will oversee the process of competitive selection of the independent auditor. The Joint Audit Committee will solicit and consider input from management.

The general secretary will coordinate the competitive selection process in consultation with the Joint Audit Committee. The general manager of The Rotary Foundation, or a designee, will be included in correspondence with management, and will be invited to participate in any management group involved in the selection process.

Specific selection procedures will be defined in detail at the time the actual selection process begins. Generally, the process should include the following:

1. Establish selection process procedures and timeline
2. Define service requirements

3. Select evaluation group(s) and communicate responsibilities
4. Establish audit firm evaluation criteria and scoring methodology
5. Research audit firms and develop audit firm selection universe
6. Prepare and distribute request for proposal package
7. Evaluate proposals based on established criteria
8. Select audit firm(s)
9. Request/receive oral presentations from selected audit firms
10. Final evaluation and selection

68.030. Capital Expenditures

Note: The Board regularly reviews and amends, where necessary, the "RI Policy on Financing Capital Expenditures and Projects," which is as follows:

1. Purpose

   The purpose of this policy is to identify those circumstances under which financing capital projects or equipment with debt or through capital leases is appropriate. The policy also establishes limits for the level of permitted indebtedness and capital leases and stipulates the approvals required to incur debt or enter into a capital lease.

2. Scope

   This policy applies to the financing of Rotary International's capital expenditures and projects.

3. Policy

   a. The incurrence of debt will be considered under the following circumstances:

      i. If spending available cash on capital project(s) will impede the organization's ability to attain or maintain RI's reserve policy, and

      ii. The project being financed is expected to generate incremental income in future years that can be used to offset future debt payments.

   b. The entering into a capital lease will be considered under the following circumstances:

      i. The equipment being acquired is of a nature that technological advances will make the equipment obsolete over relatively short periods of time, and

      ii. The effective lease rate is less than the expected rate of return on investments over the term of the lease.

   c. The amount of permitted debt plus capital leases is subject to the following:

      i. Total debt and capital leases shall not exceed 15% of RI's unrestricted net assets.

ii. Income available for debt service should be equal to or greater than two times the annual debt service (principal and interest) and lease payments. Income available for debt service equals revenues less adjusted operating expenses. Adjusted operating expense equals operating expenses less depreciation, amortization, interest expense, and any extraordinary items.

4. Authority

The Board must approve any incurrence of debt. The general secretary may approve capital leases in amounts not to exceed $100,000 in any fiscal year. Amounts in excess of $100,000 in any fiscal year must be approved by the Board.

As such, it is expected the Rotary funded travelers will accept routings and fares that the travel staff determine to be the most logical as per the written travel and expense policy.

Exceptions to the policy may be applied for in writing to the general secretary. Examples of exceptions that may not be applied for include:

The annual statement as described in RI Bylaws section 15.060.4. shall include all monies received by the governor. The governor shall also send the report of the district finances to the general secretary within 12 months of the completion of the governor's year in office with proof that the report has been independently reviewed and provided to each club for discussion at a district meeting in accordance with RI Bylaws section 15.060.4.

Failure to comply with the requirement to distribute a complete financial statement to the clubs and the general secretary, and to present the statement for discussion and adoption at a district meeting within 12 months of the completion of the governor's year in office, shall result in the governor being ineligible to receive:

- any additional expense reimbursements from RI
- any RI volunteer appointment or assignment, including district elected or selected roles of assistant governor, vice-governor, interim governor, COL representative, district rotary Foundation chair (DRFC), or the district treasurer.
- any Rotary Foundation appointment or assignment

In accordance with the RI Bylaws, governors must provide for the discussion and vote to adopt a previous governors' financial statement at a district meeting or conduct a club ballot. 69.040.1.3. Reimbursements to the President and the President-elect

The president and president-elect are provided with the use of a condominium while in Evanston (see Section 69.040.1.6.). However, they typically maintain their principal residence while in office and may incur some expenses directly related to their absence from the residence. Additionally, they incur other extraordinary expenses directly related to their role as president and president-elect while traveling on official RI business, and Rotary has traditionally provided limited funding for the family of the president and president-elect to attend the Rotary Convention. The funding of these special expenses can be considered taxable compensation to the president and president-elect and therefore requires that they have authorization to be employed in the United States.

No taxable reimbursements or other compensation shall be paid to or for the benefit of a president-elect or president until the L-1 visa (or other US work visa or authorization) has been obtained without the express authorization of the Board Executive Committee. The General Secretary will assist the president-nominee in obtaining the necessary visa to allow them to legally work in the United States. Once the president and president-elect have obtained authorization to legally work in the United States and earn compensation, they will be eligible to receive the following:

A. Other Reimbursable Expenses for the President and the President-elect

The president and president-elect shall be reimbursed to cover the incremental cost of the following extraordinary annual expenses for the officer and partner, including the taxes payable on these expenses:

1. Costs of maintaining their principal residences, limited to residence insurance costs, utilities, security, lawn and garden maintenance, periodic cleaning and housekeeping, automobile insurance, and administrative expenses related to their absence from the principal residence (not to exceed US$35,000)
2. Reasonable and necessary costs for clothing, footwear, and luggage (not to exceed US$5,000), excluding accessories or jewelry
3. Reasonable and necessary personal expenses incurred while traveling on RI business (not to exceed US$1,500) limited to haircuts and haircare, nail care, and accessories for electronic devices used for Rotary business
4. Tax advice and preparation (not to exceed US$7,000)
5. Health club memberships (not to exceed US$1,500)
6. Employee equivalent of annual out-of-pocket maximum (not to exceed US$18,000) for medical/dental insurance for eligible and medically-necessary care rendered while on Rotary business in the United States
7. Any taxes payable by the recipient with respect to the expenses reimbursed in this section (tax rate not to exceed 46%)

B. Payment of Expenses of the Families of the President and the President-elect for Travel to the International Convention

RI will pay the expenses – that is, round trip economy airfare (business class airfare for any parents of the president or president-elect), per diem costs for hotel and meals, and fees for general registration and other Convention-related functions – incurred by the president and president-elect in bringing members from each of their immediate families to the convention – provided that the expenses of no more than twenty such members are paid by RI over a two year period for family members of the same officer serving first as president-elect and then as president at two consecutive Conventions. This cost shall not be part of the convention budget. Immediate family includes only the parents, grandparents, children, stepchildren, grandchildren, step-grandchildren, nieces, nephews, and siblings, and the partners of each, of the president, president-elect and their respective partners. The president and president-elect shall provide the list of persons for whom expenses are to be paid to the general secretary, who shall confirm eligibility hereunder. The expenses include any taxes payable by the recipient with respect to the costs reimbursed in this section (tax rate not to exceed 46% of the above listed items). *(October 2025 Mtg. Bd. Dec. 26)*

The president and president-elect are provided with the use of a condominium while in Evanston. The president and president-elect shall be reimbursed for the costs of reasonable and necessary meals and grocery expenses while in Evanston on Rotary business, including partner expenses when accompanied by proper business purpose documentation.

The value of the condominium and the meal and grocery expenses of the president and president-elect while in Evanston and the transportation costs for trips to their permanent residence may be taxable to them under United States tax law depending upon factors unique to each president and president-elect. The general secretary shall retain an outside tax consultant to meet annually with the president, president-elect and president-nominee to evaluate the relevant factors and determine whether these items will be taxable. If it is determined that these values are taxable to the president and/or the president-elect, RI shall reimburse any taxes payable. *(April 2025 Mtg., Bd. Dec. 122)*

70.010. Investment Policy Statement – Rotary International General Fund

70.010.1. Purpose of the General Fund

The primary purpose of the General Fund, hereinafter referred to as "the Fund," is to provide for the long-term financial security of Rotary International ("RI"). The Fund includes RI's (1) unrestricted cash, plus (2) marketable securities, plus (or minus) (3) any receivable (or payable) from (or to) The Rotary Foundation.

Other objectives for the marketable securities portion of the Fund include (1) meeting RI's financial goal of maintaining a reserve, (2) providing investment earnings to supplement revenue from other sources so that RI can meet operating expenses if need be and produce a balanced budget, and (3) provide liquidity, if needed, for working capital purposes.

RI's unrestricted cash is used for working capital purposes and resides in bank accounts throughout the world. RI's primary source of working capital is held at its main operating bank in the U.S. Specific investment guidelines for unrestricted and restricted cash are found in Rotary Code section 70.010.18. *(September 2017 Mtg., Bd. 70.010.2. Delegation of Responsibilities

The Board of Directors of RI (the "Board") is responsible for setting overall investment policy, including the investment objectives and asset allocation strategy, and for approving any changes to this Investment Policy Statement ("IPS").

The RI Finance Committee through its representation on The Rotary Foundation's Investment Committee ("IC") is responsible for recommending investment policies and for monitoring the performance of investment managers. As enumerated in the Investment Committee Charter, the IC is responsible for recommending investment policies and guidelines for the investment portfolio, ensuring that the portfolio is managed in compliance with the IPS including the decisions by staff to allocate assets to investment managers, funds and strategies, reviewing and monitoring investment results, and acting in a consultative capacity for the RI Finance Committee. The Chair of the RI Finance Committee and a member of the RI Finance Committee appointed at the discretion of the Chair will attend meetings of the IC when investment matters affecting RI are discussed.

The RI Finance Committee attendees have voting rights with respect to matters that impact RI's investment portfolio.

The Office of Investment ("ROI") is comprised of the Chief Investment Officer and investment staff. The ROI is responsible for implementation of the IPS on behalf of the Board. The ROI is delegated by the Board responsibility to allocate assets to investment managers, funds, and strategies, to implement the Fund's investment policy and asset allocation strategy.

The ROI may utilize at its discretion the services of an investment consultant to provide research and consultation to the ROI. A non-discretionary investment advisor also has been appointed to implement the direct hedge fund program in accordance with the investment preferences outlined in Rotary Code of Policies section 70.010.17. *(September 2017 Mtg., Bd. Dec. 64)*

70.010.3. Investment Goals and Objectives

This statement of investment goals and objectives expresses the Fund's position regarding risk tolerance and the asset allocation of the Fund; sets forth an appropriate set of goals and objectives for the Fund's assets; and defines parameters within which the investment managers may formulate and execute their investment decisions.

The investment objective of the Fund is to generate sufficient earnings to enable RI to balance its annual budget, while mitigating downside risk. Other investment objectives are to preserve the capital allocated to the operating reserve and provide liquidity when operating cash is insufficient to cover operating expenses.

Given that investment earnings are likely to be greater to or less than those budgeted, the RI Board established an Investment Earnings Reserve into which excess earnings are transferred or from which investment earnings shortfalls are funded. *(See Rotary Code of Policies sections 70.020. and 70.050.)*

The performance objective of the Fund is to achieve a rate of return consistent with the expected return of the target allocation found in Rotary Code of Policies section 70.010.15. Over a three- to five-year period, the rate of return earned by the Fund should exceed the annualized total return of the custom index or "Policy Index" on a net-of-fee basis.

The Policy Index is defined by the following indices and allocated based on the target allocation:

Index	**Asset Class/Strategy**
MSCI ACWI IMI	Global Equities

Dow Jones US Total Stock Market	US Equities
MSCI ACWI IMI ex US	Non-US Equities
MSCI Emerging Markets Small Cap Index	Emerging Market Equities
BC Aggregate	Core Fixed Income
50% BC Global Agg/25% BC HY/25% JPM EM	Non-Core Fixed Income
60% MSCI World/40% BC Global Aggregate	Global Asset Allocation
50% BC TIPS; 30% DJ UBS Commodities Index 20% MSCI ACWI IMI	Real Assets
Credit Suisse Hedge Fund Index	Hedge Funds

For performance evaluation purposes, all rates of return will be examined on a net-of-fee basis.

Normally, results are evaluated over a three- to five-year time horizon. However, shorter-term results will be regularly reviewed and earlier action taken as required. *(September 2016 Mtg., Bd. Dec. 21)*

70.010.4. General Investment Guidelines

Overall Fund structure targets and permissible ranges for eligible asset classes are detailed in Rotary Code of Policies section 70.010.15. Performance objectives for asset classes are included in Rotary Code of Policies section 70.010.16. Rotary Code of Policies section 70.010.17. contains the investment preferences for the Direct Hedge Fund Portfolio. The investment managers should determine that the securities to be purchased are consistent with the guidelines expressed in this Investment Policy Statement and suitable for this Fund.

Full discretion, within the parameters of this IPS, is granted to the investment managers regarding the asset allocation, the selection of securities, and the timing of transactions. All investments will be made in accordance with a pre-approved investment management agreement that outlines the limitation of the investable securities. The investment manager is responsible for making an independent analysis of each security and its appropriateness as an investment for this Fund. *(September 2016 Mtg., Bd. Dec. 21)*

70.010.5. Investment Guidelines

Cash
Cash investments will be invested in accordance with section 70.010.18. of this IPS.

Public Equity

Public equity consists of U.S. equity, non-U.S. equity, global equity, and emerging market equity mandates as further described below.

U.S. Equity Investment Mandates
U.S. equity is defined as equity securities of companies that are listed on U.S. registered exchanges or actively traded in the over-the counter market. The market capitalization of securities should be largely consistent with securities held in appropriate indices. American Depository Receipts ("ADRs"), which are U.S. dollar denominated foreign securities traded on the U.S. stock exchanges (e.g., Reuters, Nestle, Sony) may be held by each U.S. equity manager in proportions which each investment manager shall deem appropriate.
Non- U.S. Equity Investment Mandates
Non-U.S. equity is defined as equity securities of companies listed in their local markets or ADRs and Global Depository Receipts ("GDRs"). The manager may hedge currency exposure through the use of derivative instruments. Emerging markets equity is permitted and should be largely consistent with a pre-approved benchmark.

Emerging Market Equity Mandates
Emerging market equity is defined as equity securities of companies listed in emerging market (as defined by MSCI) countries. The manager may hedge currency exposure through the use of derivative instruments.

Global Equity Investment Mandates
The intent of these strategies is to give managers the flexibility to invest across equity markets, defined above, based on the manager's view of opportunities. Managers should invest within the context of controlled risk and added return.

Equity holdings consist of equity securities of companies that are listed on registered local exchanges or actively traded in the over-the counter market. The manager may hedge currency exposure through the use of derivative instruments. Emerging markets equity is permitted with a pre-approved benchmark.

Fixed Income
Fixed Income includes core, non-core, and short duration mandates as further described below.

Fixed Income Investment Mandates (interest rates)
Eligible securities are broad fixed income securities publicly traded in respective domestic markets and may include, but are not limited to, U.S. government and agency obligations, mortgage-backed securities, corporate bonds, debentures, and commercial paper. This mandate should be largely U.S. fixed income securities, with the minimum quality rating of the overall weighted average quality AA or higher. The duration of the portfolio should be largely consistent with appropriate indices. Unless otherwise agreed to, the duration of the portfolio must be within 20% of the appropriate benchmark.

Compliance with classifications provided by rating agencies (Moody's, S&P, and Fitch) is not sufficient for an issue to be deemed an appropriate investment. The investment manager

is responsible for making an independent analysis of the credit-worthiness of securities and their appropriateness as an investment for this Fund.

Fixed Income Investment Mandates (credit)
Eligible securities are broad fixed income securities publicly traded in respective domestic markets and may include, but are not limited to, U.S. government and agency obligations, global high yield, global credit and emerging market debt. Guidance on overall average quality of the non-core fixed income is B or higher. The duration of the portfolio should be largely consistent with appropriate indices. Unless otherwise agreed to, the duration of the portfolio must be within 20% of the appropriate benchmark.

Compliance with classifications provided by rating agencies (Moody's, S&P, and Fitch) is not sufficient for an issue to be deemed an appropriate investment. The investment manager is responsible for making an independent analysis of the credit-worthiness of securities and their appropriateness as an investment for this Fund.

Real Estate
Real estate is permissible as a long-term inflation hedge and source of current income as well as the potential for capital appreciation. The real estate allocation will be invested in liquid strategies investing in core, stabilized, income-generating assets. (September 2017 Mtg., Bd. Dec. 64)

70.010.6. Socially Responsible Investing

Socially Responsible Investing ("SRI") is the practice of making investment decisions on the basis of both financial and perceived social performance of a company. SRI imposes restrictions on the ability of investment managers to own securities of companies operating in certain economic sectors or regions of the world. Proponents of SRI typically state that such restrictions align an organization's investment practices with its mission.

Investment advisors selected to manage assets of RI are expected to practice corporate socially responsible investing ("CSR"). CSR functions as a self-regulatory mechanism whereby a business monitors its activities to ensure compliance with laws, regulations, ethical standards, and national or international norms.

In addition, RI considers the alignment of these firms with Rotary values. Alignment with these values and CSR investment practices are expected to positively affect the lives of the firm's employees, suppliers, customers, and the broader community surrounding the business. *(September 2017 Mtg., Bd. Dec. 64)*

Source: September 2017 Mtg., Bd. Dec. 64

70.010.7. Derivatives Policy

Derivative instruments are permitted only as specified in this Investment Policy Statement. Where appropriate, investment managers may use derivative securities for the following reasons:

1. *Hedging*. To the extent that the portfolio is exposed to clearly defined risks and there are derivative contracts (i.e. futures and options) that can be used to reduce those risks and achieve other portfolio structural objectives, the investment managers are permitted to use such derivatives for hedging purposes.
2. *Creation of Market Exposures.* Investment managers are permitted to use derivatives to replicate the risk/return profile of an asset or asset class provided that the guidelines for the investment manager allow for such exposures to be created with the underlying assets themselves.
3. *Management of Country and Asset Allocation Exposure.* Investment managers charged with tactically changing the exposure of their portfolio to different countries and/or asset classes are permitted to use derivative contracts for these purposes.

Non-U.S. equity, emerging market equity, and global bond managers may enter into forward exchange contracts for currencies provided that the use of such contracts is designed to dampen portfolio volatility rather than lever portfolio risk exposure. Currency contracts may be utilized to either hedge the portfolios currency risk exposure or in the settlement of securities transactions.

Non-U.S. equity, emerging market equity, and global bond managers may employ an active currency management program and deal in futures and options within the discipline of that currency management program. The use of futures and options to establish a leveraged position is prohibited.

By way of amplification, it is noted that the following two uses of derivatives are prohibited for the financial assets unless provided an exemption by the Board:

1. *Leverage.* Derivatives shall not be used to magnify overall portfolio exposure to an asset, asset class, interest rate, or any other financial variable beyond that which would be allowed by a portfolio's investment guidelines if derivatives were not used.
2. *Unrelated Speculation.* Derivatives shall not be used to create exposures to securities, currencies, indices, or any other financial variable unless such exposures would be allowed by a portfolio's investment guidelines if created with non-derivative securities.

Amended by September 2016 Mtg., Bd. Dec. 21

70.010.8. Rebalancing Policy

The Fund will be rebalanced when an asset class reaches the minimum or maximum allocation specified above if routine cash flows are available. Routine cash flows, or derivative instruments as governed by the previous guidelines, may be used to maintain the allocation as close as practical to the target allocations. If routine cash flows are insufficient to maintain the allocation within the permissible ranges as of any calendar quarter-end, funds may be transferred as necessary between asset classes to bring the allocation back within the permissible ranges. *(September 2017 Mtg., Bd. Dec. 64)*

Amended by September 2017 Mtg., Bd. Dec. 64

70.010.9. Diversification

The Fund is to be diversified so as to limit the impact of large losses in individual investments of the Fund unless it is reasonably determined that there are special circumstances indicating that the organization is better served not to diversify the investment.

Total assets managed by any single manager should not exceed 15% of total investments for Rotary International and The Rotary Foundation at the time of purchase and should not exceed 20% of total investments for Rotary International and The Rotary Foundation at any time. *(September 2017 Mtg., Bd. Dec. 64)*

70.010.10. Liquidity Needs

Liquidity needs will first be met from unrestricted cash. Should there be insufficient unrestricted cash, the general secretary shall arrange for cash withdrawals from investments to meet spending needs. The source of funds for these withdrawals will be based on rebalancing and cost considerations. *(June 2010 Mtg., Bd. Dec. 260)*

Responsibility is delegated to the ROI to determine how to vote proxies on behalf of Rotary International. *(September 2017 Mtg., Bd. Dec. 64)*

70.010.12. Securities Lending

For funds managed in a separate account format, the Fund may not participate in securities lending unless approved by the Board, based on recommendations from the ROI. Any authorization for securities lending in separate accounts must be reported as an information

item at the next Board meeting. Commingled funds and mutual funds are exempt from this restriction. *(September 2017 Mtg., Bd. Dec. 64)*

Amended by September 2017 Mtg., Bd. Dec. 64

70.010.13. Commingled Funds or Institutional Mutual Funds

In recognition of the benefits of commingled funds as investment vehicles (i.e., the ability to diversify more extensively than in a small, direct investment account and the lower costs which can be associated with these funds) these funds may, from time to time, be utilized. The Board recognizes that specific policy directives cannot be given to a fund whose policies are established and governed by a prospectus or offering document. *(September 2017 Mtg., Bd. Dec. 64)*

70.010.14. Control Procedures

Standards of Conduct for Investment Managers and Advisors
The expected standards of conduct for investment managers and advisors are derived from the CFA Institute Code of Ethics and Standards of Professional Conduct.

Conflict of Interests on Investments and Restrictions on Investments
It is the policy of the RI Board that general officers and RI committee members shall act in a manner consistent with their responsibilities to Rotary International and avoid circumstances in which their financial or other ties to outside persons or entities could present an actual, potential, or the appearance of a conflict of interest or impair the reputation of Rotary International.

RI Finance Committee members representing RI on the Investment Committee are required to abide by RI Code of Policies Section 28.090. Conflict of Interest Policy, which is incorporated into this Investment Policy Statement by reference.

Review of Investment Objectives
The achievement of investment objectives will be reviewed on an annual basis. This review will focus on the continued feasibility of achieving the objectives and the continued appropriateness of the Investment Policy Statement. It is not expected that the Investment Policy Statement will change frequently; in particular, short-term changes in the financial markets should generally not require an adjustment in the Investment Policy Statement.

Review of Investment Managers
With a perspective toward three-year and five-year time horizons, the managers will be evaluated on the following factors and criteria to determine if a manager has

1. Performed satisfactorily when compared with the specific objectives for its portfolio

2. Produced results that compare favorably to other investment management organizations managing similar portfolios
3. Exceeded the returns of appropriate market indices
4. Made portfolio management decisions that were reasonable and effective in view of capital market developments
5. Adhered to the relevant policies and objectives

Among the events that will be examined closely in its review of investment managers are

1. Poor results relative to objectives over a fairly short period of time (e.g., one year)
2. Poor absolute performance over a three- to five-year period
3. The departure of one or more key investment professionals
4. Violation of an investment guideline
5. Material changes in the manager's organization, such as philosophical and personnel changes, acquisitions or losses of major accounts, a change in ownership or control of the investment management organization, etc.

Review of Investment Consultant
A formal written evaluation of Rotary's investment consultant will be conducted every five years, unless circumstances dictate the need for a more frequent evaluation. This evaluation will be conducted in accordance with Rotary's Policy for Investment Consultant Evaluation. (See Rotary Code of Policies section 70.010.19.)

Reporting Requirements
Within six weeks after the end of each calendar quarter, the general secretary and/or the Fund's investment consultant will prepare a report containing information on the investment performance of the Fund in total and for each manager.

Each active investment manager will be required to submit a quarterly report within six weeks after the end of each calendar quarter containing the following information:

1. Review of investment performance (net of fees) for the quarter, fiscal year-to-date (June 30) and since-inception of the account with comments on any policy or strategy changes, which contributed either positively or negatively to that performance
2. The usage of securities lending, if any
3. Where appropriate, the use of any derivative product during the quarter, including information concerning the rationale behind the position and the size of the transaction
4. Comments on any material change in personnel, investment strategy or other pertinent information potentially affecting performance
5. List of the securities in the portfolio at the end of the quarter

On an annual basis, the investment manager will provide Part II of the Form ADV for the most recent year. (September 2017 Mtg., Bd. Dec. 64)

70.010.15. Strategic Asset Allocation

Over the long-term, the asset allocation policy will be the key determinant of the returns generated by the Fund and the associated volatility of returns. Based on the Fund's objectives, circumstances, and spending policy, the Board has developed the following asset mix guidelines:

	General Fund Percent of Total Fund		
	Minimum	**Target**	**Maximum**
Cash	**0%**	**0%**	**5%**
US Equity International Equity	5% 10%	**7.5%** **12.5%**	10% 15%

70.010.17. Investment Preferences for Direct Hedge Fund Portfolio

Goals and Objectives

The goals of the hedge fund assets are

1. Diversify risk exposures in the overall General Fund portfolio
2. Dampen the volatility of the overall General Fund portfolio
3. Achieve attractive long-term risk-adjusted return in a variety of capital market conditions

Delegation of Responsibilities

The investment consultant has discretion to select the allocation exposure, set strategic targets and hire and terminate investment managers within the preferences defined herein. The investment consultant will communicate to the Investment Committee and general secretary its decisions as soon as practicable.

Investment Guidelines

1. The hedge fund allocation shall be invested in a broad range of direct investment strategies including, but not limited to equity-linked, credit-linked, event driven, multi-strategy and macro strategies among others. Investments will be made via commingled vehicles. The investment consultant will only invest in direct strategies that are consistent with the intent of these preferences.
2. The allocation to each strategy will be reviewed at least annually with the Investment Committee, with periodic changes being implemented by the investment consultant. Any changes or modifications made to the allocation, exposure, target or ranges shall be communicated with the general secretary and the Investment Committee as soon as practicable.
3. All strategies shall be reviewed within the portfolio context. This is meant to ensure that redundancy and overlap of exposures are limited.
4. No aggregate investment with any direct hedge fund manager can represent more than 5% of the General Fund. Additionally, manager exposure shall be limited to no more than 25% of the total hedge fund allocation.
5. Certain strategies may have an initial lock-up on investments of one to three years. In building and maintaining the allocation, the investment consultant shall strive to limit lock-ups where possible.
6. All investments must have a mechanism for liquidity/exit. Minimum acceptable standards may include quarterly distributions or fees for early redemptions. In certain cases, this liquidity may be available once a lock-up period has ended.

70.010.18. Rotary International General Fund Investment Guidelines for Cash

Scope

These investment guidelines extend the Statements of Investment Policy for the Rotary International General Fund (the Fund) and apply specifically to Rotary International's unrestricted and restricted cash.

Distinction of Responsibilities

Treasury and Investment Services will oversee the investments in accordance with these guidelines.

Maturities

1. As the assets in this fund represent the temporary investment of operating funds of Rotary International, a substantial portion of the portfolio will consist of overnight and other very short-term investments.
2. A maximum of 25% of the portfolio may be invested in securities or instruments which have a maturity date exceeding 181 days from the date of purchase.
3. A minimum of 5% of the portfolio should be available each business day. This may be satisfied by maturities or demand features.
4. The weighted average maturity of the portfolio will be limited to 90 days.
5. Floating rate instruments and variable rate instruments must have interest rate resets or potential reset frequencies of 90 days or less, and an expected final maturity or weighted average life not exceeding 18 months from the date of purchase.
6. The maturity of a security or instrument shall mean the date when final payment is due. Instruments, which have a variable/floating rate of interest, shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate or the period until the principal amount can be recovered through demand.

Diversification Requirements

1. Safety of principal, liquidity and marketability should be prime considerations in the selection of individual securities.
2. The total holdings of any one issue may not exceed 10% of the market value of the portfolio, with the following exceptions:
   a. Sovereign debt issues of AAA/Aaa rated countries and agencies thereof;
   b. Diversified money market funds;
   c. Savings accounts at Rotary International's operating banks;
   d. Fixed term deposits at Rotary International's operating banks.
3. With the exception of sovereign debt issues of AAA/Aaa rated countries and agencies thereof, total holdings of any one industry may not exceed 25% of the market value of the portfolio.
4. All diversification requirements apply at the time of purchase.

70.010.19. Policy for Investment Consultant Evaluation

A formal written evaluation of Rotary's investment consultant will be conducted every five years, unless circumstances dictate the need for a more frequent evaluation. Such circumstances include (but are not limited to) arising conflicts of interest, consultant staffing instability or failure to meet Rotary's changing needs. The consultant will be evaluated based on the

1. Value added through the consultant's recommendations on

   a. *Asset allocation.* Specifically, to what extent did the consultant's recommendations on asset allocation strategies maximize investment return while minimizing risk. This criterion will be evaluated by comparing the benchmark returns and standard deviations of those returns of each fund (Annual Fund, Endowment Fund, PolioPlus Fund, Rotary Foundation (Canada), General Fund, Retirement Fund) at the inception of the relationship to the benchmark returns and standard deviations of those returns of each fund as recommended by the consultant.

   b. *Investment managers.* Specifically, to what extent did each fund outperform their stated benchmarks over a full market cycle.

   c. *Investment policy and manager guidelines.* Specifically, to what extent did the policies and guidelines recommended by the consultant stipulate appropriate levels of authority, controls, and reporting, such that the Trustees and Directors were able to fulfill their fiduciary duties with respect to the funds.

   d. *Investment manager terminations.* Specifically, to what extent did the investment consultant evaluate current investment managers in a timely manner and recommend termination as needed.

2. Quality and accuracy of quarterly investment reports, including performance measurement.
3. Ability to provide specialized studies and reports on specific investment matters.
4. Stability, depth and competency of the firm as well as the individuals staff interacts with on a daily basis.
5. Ability to work and communicate with staff and various committees, as well as responsiveness of the investment consultant.
6. Minimal, if any, conflicts of interest.
7. Experience in working with organizations similar to Rotary.
8. Peer ratings as published in industry periodicals, or otherwise provided by research organizations.
9. Fee structure.
10. Initiative in bringing forward new ideas and keeping Rotary informed of trends in endowment and foundation investment management.

Proposals from other investment consulting firms will be solicited once every ten years to ensure services provided by consultant are competitive in scope and price. The firm retained as Rotary's investment consultant will be granted a five-year contract. *(October 2014 Mtg., Bd. Dec. 98)*

70.010.20. Responsible Investment Principles

[Rotary International/TRF] acts responsibly and invests responsibly.

[Rotary International/TRF] recognizes that environmental, social and governance factors are material to the performance of investment portfolios, the objective of generating high long-term returns, and managing investment risk and aligns with its mission to act responsibly and create lasting positive change.

[Rotary International/TRF] will invest its financial resources and:

- promote alignment with its mission to act responsibly and create lasting positive change.
- incorporate environmental, social and governance factors into the investment analysis and decision-making process.
- consider investments which deliver tangible, measurable positive social and environmental impact in addition to the required financial return.
- be active and engaged owners and incorporate environmental, social and governance factors into the exercise of shareholder rights.

Selection and retention of investments
Maximum economic return is the primary criteria for selection and retention of investments, except in cases relating to the disposition of securities in certain circumstances described herein.

At no time will an investment be selected or retained for the purpose of encouraging or expressing approval of specific activities or, alternatively, for the purpose of placing [Rotary International/the Foundation] in a position to contest specific activities.

[Rotary International/the Foundation] will generally invest in companies demonstrating sound business practices, including a commitment to environmental sustainability, progressive work-place policies, responsible business operations particularly in jurisdictions that may not have a well-developed regulatory framework, ethical and visionary leadership, and strong corporate governance practices.

[Rotary International/TRF] will avoid investing in companies that have systematically failed to protect the environment, human rights, workers, or prove unwilling to engage in a meaningful process of change and will typically avoid investment in companies with egregious environmental profiles, direct involvement with severe human rights abuses, pervasive or long-standing patterns of discriminatory behavior, a record of not addressing labor issues, and companies that derive significant revenue from producing, distributing, or marketing firearms, tobacco, pornography, or military weapons systems, cluster munitions, anti-personnel mines, and nuclear explosives.

Exercise of shareholder rights
[Rotary International/TRF] will exercise its right to vote on corporate matters and take such action to prevent or correct societal harm or social injury caused by a company's actions, products, or policies.

Where a finding has been made that a company's activities cause societal harm or social injury,

- [Rotary International/TRF] will vote, or cause its shares to be voted, for a proposition which seeks to eliminate or reduce the societal harm or social injury caused by a company's activities or develop a risk management regime,
- [Rotary International/TRF] will vote against a proposition which seeks to prevent such elimination, reduction, where a finding has been made that the activities which are the subject of the proposition cause societal harm or social injury, except in cases in which the proposition seeks to eliminate or reduce social injury by means which are found to be ineffective or unreasonable.

[Rotary International/TRF] will not vote its shares on any resolution which advances a position on a social or political question unrelated to the conduct of the company's business or the disposition of its assets.

Divestment (sale) of individual securities held

Where applicable, [Rotary International/TRF] will sell a security in circumstances where a finding has been made that a company's activities cause grave societal harm or social injury and:

- it is unlikely that, within a reasonable period of time, the exercise of shareholder rights will succeed in modifying the company's activities sufficiently to eliminate the societal harm or social injury, or
- it is unlikely that modification of the company's activities will, within the near future, have a sufficiently unfavorable economic impact on the company to cause [Rotary International/the Foundation] to sell the security under maximum economic return criterion, or
- it is likely that, in the normal course of portfolio management, the security in question will be sold before the action initiated by [Rotary International/the Foundation] can be completed.

The office of investment will implement these guidelines in a commercially prudent manner based on its reasoned judgment and consideration of the facts and circumstances. *(February 2022 Mtg., Bd. Dec. 110)*

70.030. Foreign Currency Management Policy

Rotary adopts a foreign currency management policy to maximize the effectiveness of global cash management practices by reducing the impact of volatility in foreign exchange rates on Rotary's operating cash flows and to protect the forecasted value of anticipated currency exposures while minimizing the cost associated with implementing currency hedges. Rotary will not hedge for speculative purposes.

The general secretary, through delegation to the chief financial officer, will establish internal foreign currency management procedures in accordance with this policy. The Finance Committee will be responsible for reviewing the procedures from time to time as deemed necessary. *(June 2017 Mtg., Bd. Dec. 196)*

The investment rate of return assumption used for the budget and five-year financial forecast will be determined annually based on the status of the investment earnings reserve and current financial market conditions. The RI Board has established an investment earnings reserve. If in any year investment earnings are less than budgeted investment earnings, any shortfall will be funded from the investment earnings reserve fund as a transfer of Board-designated funds. If in any year investment earnings are greater than the budgeted investment earnings, that excess will be transferred to the investment earnings reserve fund, subject to a maximum reserve of US$12 million. Any transfer from the investment earnings reserve is to provide for any shortfall in investment earnings and is not for the use of additional general operating expenses. *(June 2009 Mtg., Bd. 72.010.1. Risk Management Guidelines for Rotary Institutes

1. Before entering into any contracts or other formal agreements to secure meeting accommodations and services, the convener should have legal or insurance counsel review any sections referring to indemnification and liability for injury or damage to the persons and property of others.

2. Any requests from a venue or service provider to provide indemnity from RI for our acts should be carefully reviewed. One concern is RI's responsibility for physical damage to buildings at the venue due to negligence on the part of RI or an institute participant. RI's liability could potentially result in a multi-million-dollar expense if not addressed. If possible, RI's responsibility for such damage should be limited in the contract to an amount not greater than $5 million and the venue's insurer should agree to provide a waiver of their subrogation rights. This is not unreasonable given that RI is paying a fee for use of the venue and this fee indirectly funds the cost of their insurance.

3. Service providers should be required to provide evidence of the insurance coverage they maintain and, ideally, this requirement should be specified in any contracts with them. This practice is commonplace in the USA and is becoming more widely used outside the USA in recent years.

4. Another potential source of catastrophic risk exposure is the area of transportation. Whenever possible, institute organizers should have participants purchase transportation services directly from the providers. If this is not possible for a particular institute, ensure that there are formal contracts in place for all transportation service providers that include an indemnity provision and insurance requirements. In addition, insurance certificates should be requested and carefully reviewed.

5. Institute organizers should carefully review any required rules or operating procedures that are required by venue management. These rules will often provide information on laws in the country which may be pertinent to institute participants or may be a great resource for "best practices" in that particular facility for safety and risk management. It is in the best interests of Rotary for institute organizers to understand the venue's rules and ensure that our organization does not introduce hazards in the course of our event. It should also be

noted that venues may be able to assess fines or other penalties to organizations violating their requirements.

6. In the event that the institute plans to pay the expenses of institute speakers or other participants residing outside the host country, the issue of travel medical and accident insurance should be addressed. Many standard medical insurance plans do not fully respond to costs incurred outside one's home country, and it is rare for any plan to include medical evacuation and repatriation benefits. Evacuations can involve the need for medical while in transit and private aircraft or other specialized equipment, which may cost tens of thousands of dollars.
