District 2483's Centennial Foundation Project is Looking for Part...

On the occasion of Rotary Foundation Centennial District 2483 Serbia and Montenegro has initiated a project **~100 for 100~** - 100 projects for 100 schools in Serbia and Montenegro. Following the discussions we had with the Ministry of Education our intention is to supply schools with computers, laptops and other necessary equipment for networking and thus contribute to implementation of Information and Communication Technology program in primary schools curriculum. The estimated number of computers still required for this project is around 5,000.

The project has been planned to develop in several stages:

Stage 1

We have invited all Rotary clubs in District 2483 Serbia and Montenegro to start fundraising events and find sponsors in their local communities in order to provide computers for at least one school in their town. We have also asked them to invite their twin clubs from other districts to join in and offer their support to this project. Deadline: August 30, 2017 and to be continued throughout 2017/2018 Rotarian year.

Stage 2

We are looking for sponsors who can donate used computers (not older than 5 years with Windows7 installed, which will be test approved by an authorized service) and used CISCO networking equipment as well. Deadline: August 30, 2017 and to be continued throughout 2017/2018 Rotarian year.

Stage 3

My club RC Beograd-Cukarica has brought a decision to apply for **Global Grant** in the value of maximum \$ 100,000 and is inviting friendly clubs and districts, asking for support in this project. We would be very happy if we could finalize the application procedure with the Rotary Foundation until November 18, 2017 (10th anniversary of RC Beograd-Cukarica).

I would like to ask you to invite the clubs in your District to support us and make a **donation for this Global Grant** project or help us find sponsors in your District who could donate **used computers not older than 5 years with Windows7** installed and/or CISCO networking equipment with transport to Belgrade.

I would appreciate very much if you and your District could bring a decision to donate a certain amount from your DD Fund and thus support our project before you invite the clubs to support it as well. It would be an incentive and perhaps more clubs would be encouraged to join in.

Looking forward to your reply,

With kindest Rotarian regards,

DGN Vladimir Matic

District 2482, Bulgaria, Marks TRF Centennial

"100 Years of The Rotary Foundation" Postage Stamp was issued in Bulgaria on the initiative of Rotary District 2482. The stamp was validated on Tuesday, April 4th 2017. The special validation ceremony took part at the Ministry of Transport, IT and Communications in Sofia, Bulgaria, in the presence of the District Governor, the District Rotary Foundation Committee Chair, the Chair of the Union of Bulgarian Philatelists, many Rotarians and guests. The stamp, with circulation of 11000 copies, is available to collectors and to the general public at post offices.

In his speech the Deputy Minister of Transport, IT and Communications drew attention to the fact that Bulgaria has joined more than 130 countries worldwide with postage stamps dedicated to the mission of Rotary.

Bulgarian Rotarians started the initiative in Bulgaria in 2005 with the stamp "100 Years Rotary International".

District 2440 Organised a Concert for the Celebration of TRF Ce...

District 2440 organised a Syphonic Concert on 22 February 2017 for the Celebration of TRF Centennial in Izmir Ahmed Adnan Saygun Concert Hall. The program is performed by Rotary Symphonic Orchestra.

For the first time in Turkey as a NGO we established an orchestra called "Rotary Symphony Orchestra". The main objective of this orchestra is to increase the awareness of Rotary and Rotary's programs in the community. Another objective is to support young musicians and support polyphony in society. On the other hand in short term it will be one of our main "Fund Raising" instrument.

The first concert of the orchestra is organized as a special concert for celebration Rotary Anniversary and also to celebrate Centennial of Rotary Foundation. During the concert, three young musicians at the age of 13 besides three famous opera and popular music singers, presented their performances in front of 1,300 audiences, on the stage of Ahmet Adnan Saygun Center Of Art. One of the best concert hall of Turkey.

Another speciality of this concert is, the orchestra played a special music score composed by a rotaractor, Yusuf Çelik. Yusuf wrote this music score to commemorate the centennial of Rotary Foundation.

The orchestra is of course made up of professional musicians, but they made a big discount from their normal salary. At the end after the payments we raised a sum of 2800 USD approx. for our fight against Polio.

District 2440 Organised an International Painting Contest on Pe...

Dear Rtn, I would like to inform you about the international painting contest that I am organizing with my Rotary club. Let me introduce myself. I am the President of İzmir Konak Rotary Club. This contest will be the first international contest organized by our club. That is why I am very much delighted to announce it to you. Painting contest has been held nationally for 40 years. My goal is to make it internationally for the first time. I am genuinely excited and encouraged that this project might draw attention to World Peace and children's hopes for better future. I kindly ask your assistance to make it happen the conditions for the contest are attached; please share it with your Club. Every year we celebrate Children's day on the 23th of April, this is a holiday that the founder of modern Turkish Republic, Mustafa Kemal Atatürk gifted to Turkish children. This day will also be celebrated by the contest. I believe children will emphasize peace and announce it to the world by their paintings. We would like that your club participate to the contest taking place by April 19. If you have a school that your club provides service to and for students between ages 6 to 10, you may announce them. If not please share the contact person info that you know from other Rotary Club around your area. Would you inform the children the contest and encourage them to join? We kindly ask that you send us the paintings with the conditions in the documents attached until March 27, 2017. The participants will be from around 10 countries and the contest will be held in İzmir, Turkey. The prizes will be given in a ceremony organized by İzmir Konak Rotary Club. If any student from your Club will be awarded you may plan his/her trip to the ceremony. If not

please present the award we send to you to the prize recipient in your Club. By this contest, we aim to pass an important message. This message is that peace is essential and children would like live in peaceful environment because war has seriously damaging effects. If possible we would like to find a child needing mechanical arm/leg and provide that to him/her. This will strengthen our message to all participants from all over the world. I would be glad to hear from you. If you have any suggestion please let me know as soon as possible, I can revise and improve the project. May our friendship be last forever.

District 2470 successfully organised a Public Image Seminar on 14 January 2017 in Athens Amalia Hotel.

Feedback From Round Table Discussion Groups

1- Lots of picture usage as opposed to only one. Yet if one is very good, it is enough. Slideshow must emphasize Rotary and identify problems, target to solve them. Innovative practices and not overused, boring, clichés. Share the messages, add the photos.

2- Organizations and Rotary partnering. Learn who/ what / why - Organization you want to approach. Choose carefully, relate to their aims. Build a good relationship with them, with locals, with municipalities. Intra-club

members who know personas or organizations can be of aid. Personal relationships always work and open doors. Invite organizations to meetings, they will get to know us, see our work. Ask for funding, know who will aid in funds before you begin any collaboration, know how much you are willing to fund on your side too. Get aid from other clubs and the District. Key is to connect all participants. Target must be discussed to all - target strategy must be upheld -> time schedule, funding, roles of each participant, who will PR to public awareness. Market your project. Local media, mayors, personas, other organizations, clubs, District. Most important - signage in position of view. Note duration of project and % you are targeting - who will benefit from it. WIN/WIN/WIN situation -> Rotary/ Organizations participating/ those who will benefit.

3- Crisis situations - criticism from local media and persons - react sensibly, not hasty and always politely, explain wherever possible as truthfully as you can, if we have done wrong, we apologize

PR club manager must be allotted role to be able to reply, inform the District. Crisis between members often arise too, do not hide them, resolve them immediately as they will grow bigger if one does not end them right away. Inform the district if problem is ongoing, sometimes when a member does not uphold the virtues of Rotary, it is best that they are asked politely to leave. Extra crisis as an example - donating without prior informative results. Once a donation has been given we must get the necessary promotion for our cause, this has to be stipulated prior to the donation. This is good practice otherwise it is a wrong way to go about things. We must be clear before we donate anything to whom we are giving, how they will use it, the duration of good usage and our promotion. Have capable people who can help you, do not do things secretly and alone or with very few members. Have an aim, program, time schedule - check the side effects and have a plan B should things go wrong. Involve members in activities.

4- See how often people visit your Fb and site so you know - who, how often, how many Tag, like, share always - ALL members must be told to do this. See comments, if you have to reply, always do so politely, clearly and truthfully. Advertise locally, see who is interested in your events, informed population is attending population. Send newsletters continuously, send mails that inform you when they are seen. Create events on fb, you get an estimated % of attendance. If all else fails, use the old fashioned phone calling method. Better methods of promotion, better events lead to great attendance numbers.

District 2451 Celebrated World Polio Day

District 2451 - Egypt celebrated Polio day on 25th of November, by a big event at one of the main malls, where a big backdrop with Rotary signs was hanged and a big entrance gate was erected with Rotary logos. End Polio Now Flags and ballons were hanged. Many small items were printed with "End Polio Now " and sold , and all Rotarians wore a special red vest with Rotary log. Media anchors, famous actors and football champions attended the event and there was big media coverage. Celebration started a week before, with Cyclers cycling 70 k wearing End Polio Now

District 2483 Organised a Public Relations Seminar

Bearing in mind that it was not a mandatory event, the turnout at the Public Relations Seminar, held on 5 November at the Hotel Park in Belgrade, exceeded our expectations by far. The seminar brought together 68 participants from 38 Rotary and 3 Rotaract clubs of our District, while it was brilliantly hosted by the RC Belgrade – Skadarlija. This time, we relied completely on our own resources, meaning that all the speakers and participants were Rotarians, and the expectations that such an approach will result in a more relaxed atmosphere and open discussion have come true. A report and recommendations of the seminar have been sent to all clubs, all participants have received presentations, while an initiative to develop a mid-term district public relations strategy has been launched. It is our pleasure to say that the following goals of the seminar have been achieved: getting acquainted with the importance of public relations and image building, mastering the main techniques of drawing public attention, learning how to write the most important journalistic form – news, getting acquainted with digital communications platform and capacity building for development and implementation of a club's PR plan. The participants in this seminar will find the knowledge acquired on this occasion useful in all aspects of life as the attitude other people have towards us primarily depends on the personal, club's, or business image we project.

District 2484 Promotes the End Polio Now Campaign

To promote the Rotary Polio Plus campaign a 3 day hike (4-6 of November) took place under the RID 2484 and the Rotary club of Drama. The meeting and starting point of the event was in the city of Drama - Greece. The DG of 2484 RID , Kostas Petridis led the "adventure" towards the most splendid autumn scenery, the virgin, wild forest of Fraktou. The magical colours transcended all the senses, transforming every one involved - making them realize how nature evolves this part of Greece into one of the best kept secrets of Europe. Perfect time to visit the area and see for yourselves and leave with a lifetime experience.

District 2484 Offered Scholarships

RC Kerkyra Rotary Club of District 2484 in a special meeting held on Wednesday October 26th 2016 at Mesogeios restaurant, awarded its annual scholarships to four Corfiot students studying at Universities in Greece. Hence, this year's scholars are Ms Athena Konstanti, Mr Christos Latsas, Ms Arsinoe Pilou and Ms Eucharis - Alexandra Kottaridi Caramassi. Club President George Pandis and PP Dimos Papadatos wished all the best to the Club's scholars. The scholars in turn thanked RC Kerkyra members for supporting them, emphasizing that weren't they awarded those scholarships, they wouldn't be able to complete their studies. We are reminding that RC Kerkyra awards four students annually with full scholarships since 1985, three of which are given upon application, and the fourth upon proposition of the Greek- Orthodox bishop of Corfu.

From 20 till 28 of August, Bulgaria hosted the XII World Tennis Championship for Rotarians. The prestigious resort „Albena“ on the Bulgarian Black Sea coast provided wonderful conditions for the fans of tennis and their

families from 10 countries of 4 continents to enjoy the game, friendship and beautiful nature. The participants in the Championship began to register even on Saturday at the courts in front of hotel „Kaliopa“. There were a few nationalities with impressive presence: the Bulgarian was understandable; the Romanian – logical, as for some of them „Albena“ is closer than for people living in our capital Sofia; but the surprise came from Estonia with participants in all categories; also representatives from Croatia, Turkey, Italy, United Kingdom, USA came here, and please note – Marta Fernandez from distant Paraguay.

District 2483 Sponsored Marathon Event to set a New Guinness ...

District 2483 sponsored Goran Nikolic who is trying to set a new Guinness World Record by running 55 Marathons in 55 days.

Goran Nikolić (1967) from Kragujevac, active amateur 25 years (long-distance running), is ready to set a new Guinness World Record for running a marathon. Goran is running 55 marathons (42,195 km) for 55 consecutive days, according to the official Guinness propositions using the equipment for the verification of the results. The current Guinness World Record is 53 marathons in 53 days.

In addition to extreme sports challenges this activity has a strong humanitarian character, because in this way Goran wants to animate the people of good will and raise funds that will invest in the purchase of sports equipment and equipment for people with disabilities, which will be made available to users in ISKRA - regional Centre for Sport and rehabilitation of persons with disabilities that was recently opened in Kragujevac. Otherwise, Goran is partially sighted and see only 5% in one eye.

Thanks to the general sponsor of the marathon - ROTARY Distinct 2483, Goran will reach 55 towns in Serbia, Montenegro and Bosnia and Herzegovina. The finale of the marathon after 55 days, is planned for 27 October 2016 in Budva.

Rotary clubs are the organizers of the marathon day for all 55 days. In each town Goran is welcomed by the presence of sports clubs and teams of people with disabilities, a press conference is organized immediately after the end of the race and a festive dinner meeting with members of the club, city leaders, businesses and organizations is held in the evening.

Rotary clubs provide accommodation, food and fuel for Goran and his team!

All detailed information about the marathon for Guinness and daily reports can be found on website www.maratonzaginisa.com and are published by all RC clubs on respective FB pages.

District 2470 Sponsored a Playground for Disabled Children

District 2470, through a 2015-2016 district grant, gave the chance to Rotary clubs to participate in achieving great work in their communities. The Rotary club of Kifissia Politia took the leading role to plan and complete the first ever all inclusive playground in Greece. Aided by the district grant participants of the Rotary clubs of Athens, Anoixii Semeli, Kifissia Ekali and Koropi they were able to soar the hearts of children with special abilities and swing them high up in the air, swirl them around in merry go rounds and allow the air to brush their hair. RID 2470 salutes such initiatives and always stands by to see them completed. Similar Project was realised by District 2420 in previous Rotary Years

District 2451 Launched Centennial Mega Project in Fayoum Gov...

For the Centennial of TRF 2016/17 District 2451 started a Mega Project for the Development of Poor Villages in Fayoum Governorate. 1000 Water Connections, 1000 Empowerment of women, 500 Literacy Classes, 1000 Revolving Funds, 1000 Medical Check Ups, 1000 Vocational Trainees and Upgrading Fayoum General Hospital Servin 1000 Patients per month are the main Goals of the Project.

District 2451 – Egypt started preparations & planning for initiating the Mega Project of RY 16/17. Fayoum Governorate was chosen to be the focus of this project. The choice was because of the near location to Cairo Governorate and according to the latest Human Development Report of the United Nations.

A delegate of District Service Committees Chairs, headed by DG Mayan Raslan made the first field visit on Tuesday, July 19, 2016. A meeting with the Governor of Fayoum was held at the beginning of the visit, in attendance of the General Secretary of the Governorate, the Undersecretary of the Ministry of Health and a group of leaders of the Governorate. DG Mayan presented the Human Development projects that the District 2451 will implement in Fayoum and the Governor of Fayoum supported these projects that will develop the Governorate of Fayoum.

Following the first field visit, and for better follow up, the second visit was conducted on August 1, 2016 where a delegate from District 2451 went to Fayoum consisted of DG Mayan Raslan, and a group of fellow Rotarian of Clubs Presidents and members and the head of Committees.

The visit began with a big meeting at the Conference hall of the governorate building, headed by the Governor of Fayoum Councilor / Wael Makram and the District Governor Mayan Raslan and moderated by the President of Rotary Club of Fayoum / Ali Osman and Coordinator of the District Committees / Amin Sabri.

The conference was attended by more than 50 people, including many Governorate officials from different sectors: as Ministry of Youth and Sports, Ministry of Education, Ministry of Health, Ministry of Social Solidarity, Tamiya City Center, National Women's Council at Fayoum, the Social Fund in Fayoum and the Civil Societies.

The Governor of Fayoum, Councilor /Wael Makram gave a brief presentation of the accomplishments in the Governorate in different aspects of development and praised Rotary's role in development and service in Egypt. Head of Rotary District Committees, then presented the target plan for the year 2016/2017 to develop the villages in Fayoum Governorate and the Governor of Fayoum expressed his full support and cooperation for the implementation of the agreed projects.

DG Mayan Raslan pinned the Governor of Fayoum / Wael Makram by Rotary Pin to join the Rotary family and presented to him the Rotary District Flag.

She recognized & thanked the President of the Rotary Club of Fayoum for organizing the visit and presented to him the Rotary District Flag

Finally, DG Mayan thanked the Governor of Fayoum and everyone who participated in the visit with a special thanks to fellow Rotarian / Hany El Ashry for all his efforts to organize the meeting and preparing all the needed information about the villages.

The delegate then headed to visit Fayoum General Hospital and inspect all its sections, and then headed to inspect the village El Rawda in Tamiya Center, where all the development projects will be implemented.
