## District 2440 Organised an Art Competition for Youngsters

CHANGING WORLD; CHANGING HUMAN

Rotary E-Club of District 2440, in collaboration with the District's Alsancak Rotaract Club, is organised a Virtual Exhibition. This art exhibition aims to generate support and recognition for young artists whose art practice and lives have been negatively affected during the Covid-19 Pandemic. The Art Exhibition's theme is chosen as "Changing World; Changing Human". It will be comprised of 8 categories/disciplines which are painting,

European Award "Leonardo da Vinci"  
In 1974, the annual pan-European Rotary Award "Leonardo da Vinci" was established by Rotary Clubs of Athinai (Greece), Firenze (Italy), Tours (France), Wien-Ring (Austria) to reward young scientists and artists, while promoting friendship, goodwill, peace and, European cultural values through the Rotary aims. Until today 7 more Rotary Clubs enter to the prize (totally 11 RC): Madrid (Spain), London (United Kingdom), Amsterdam (Netherlands), Brussels (Belgium), Würzburg (Germany), Dublin (Ireland) and Copenhagen (Denmark). In 2021 (46th annual ceremony) the 16-year-old Alma Deutscher, composer and piano and violin virtuoso, was honored with the award in Vienna, Austria. The award is accompanied by €12.000,00

Rotary Public Image Team Zone 21B Presents  
*Strengthen Rotary's Public Image  
...in Our Community and Beyond*

**We know No Boundaries.**

Meeting ID: 892 744 7201  
Passcode: 568005

November 24, 2020  
19:00 Bahrain Time

**Why Strengthen our Public Image?**

Despite over a century of impact in communities around the world, Rotary does not get the recognition it deserves. Rotary has united leaders committed to applying their expertise to improve their communities. We need to rethink how we tell our story so people everywhere can understand what Rotary stands for, how we're different, and why it matters.

**We inspire the Next Generation.**

### District 2430 Supporting Education - Osmaniye RC

The adventure that started with limited dreams ended with the Music and Science lesson of TRT with the help of 'Büyük Dreams Büyük İşler' (Big Dreams Big Things). The adventure of our children's dreams comes true with the enthusiasm of April 23 on the TRT Documentary channel on Friday, April 23 at 21:00. Students in Mehmetli Town of Sumbas, the most remote district of Osmaniye, took Science and Music lessons as a result of the application of the assistant teacher Melek Uğureli to the 'Büyük Dreams Büyük İşler' program broadcasted in TRT Documentary. It's up to us to fill. As Osmaniye Rotary Club, the science lesson was supported by nearly 1500 books, science technical magazine and intelligence games set. In addition, our devoted teachers distributed nearly 500 exam preparation, resource and supplementary books, articles at all exam levels and presented to the libraries of world classics in order to support the successful students of our district. Atatürk's gift to the children of the world. Happy 101st anniversary of the National Sovereignty and Children's Day.

The Membership Seminar of Zone 21, Region 24 ended last week!

The three sessions took place on Feb 25, Mar 3, and Mar 10.

Our team did its best to bring up to participants:

- Relevant information on membership and other topics of interest for Rotarians and Rotaractors,
- Senior leaders in Rotary as keynote speakers
- Interesting information presented by guest speakers
- Presentations of all the ARCs of our team and the DMCs from our region
- An opportunity for a gathering of the DMCs, districts' leaders, and other Rotarians and Rotaractors from Zone 21, and not only.

Credits:

Welcome letter for participants: 2020-21 RI President Holger Knaack

Keynote speakers: RI President-elect Shekhar Mehta, RI Director Katerina Kotsali-Papadimitriou, Trustee of the Rotary Foundation Per Høyen, RI Membership Development Manager Nicole Jones

Guest speakers: PRID Corneliu Dinca, RIP Representative for Albania and Kosovo Marijan Bulat, Region 25 RC Jamil Mouawad, Rosangela Merlino, and Mireille Metan – EAO

Speakers: RC Daniel Tanase, ARC Darko Tipuric, ARC Sergii Zavadskyi, ARC Walter Ebner

Innovative approaches in Rotary and best practice presentations:

D2240 DMC Irena Brichta, D2490 DMC Yaron Matar, D2241 DMC Radu Popescu, D1920 DMC Karin Reiter, D2232 DMC Olga Ialovenko, D1911 DMC Laszlo Kezdi, D1913 DGE Ljiljana Trstenjak, Alja Zorz on behalf of D1912 DMC Dusan Peterkovic

Moderators of the "A conversation with RI President-elect Shekhar Mehta" session: PDG DMC Irena Brichta, RRFC Covotsou-Patroclou, RC Jamil Mouawad, RC Daniel Tanase

Logistics and communication support: D2241 DG Cornel Wilfred (Fred) Calinoiu

Promoting events: D2241 DPIC Vlad Popovici, PRPIC Güneş Ertaş

Operational support: ARC Darko Tipuric, ARC Sergii Zavadskyi, ARC Walter Ebner, IARC Laura Gaita, IARC Monika Kociova, RC Suceava-Bucovina Club President Dan Zlei

Advising and assistance: RI Director Katerina Kotsali-Papadimitriou and RC Senior Specialist Nora Beamish-Lannon.

### District 2430 - Rotary's 116th Anniversary Celebrations

Rotary International's 116th anniversary events were held on February 23 at the symbol in Turkey's capital Ankara, at Atakule, with live concert broadcast of the country's well-known artists, Tuna Kiremitçi. In this way, we had the opportunity to introduce Rotary to the community with our services.

"End Polio" advert was placed on the top of revolving Tower which drawn attention from every point of the capital city at this event.

International Rotary District 2430 Governor Serhan Antalyalı has physically attended to this event and, had the opportunity to address to thousands of people. Ankara Beysukent Rotary Club was the host of the organized event. It was very clear from the conclusion of the event that Mustafa Güler, the Club President, and the organizing committee put great effort into the night.

The statistical information of the anniversary event night was as follows. The live broadcast met with 5,540 people on the Instagram and 440 people on YouTube live. The YouTube was watched by 23,609 people after the live broadcast. 67,800 people watched some of them. Also, there were 1,058 comments during the live broadcast. In summary, we can say that Rotary and our services have been duly announced to the society.

## First Virtual International Assembly Completed

RIPE Shekhar declared 2021-2022 Theme as "Serve to Change Lives" International Assembly will continue until 11 February.

Incoming Rotary International President **Shekhar Mehta** urged members to become more involved in service projects, saying that caring for and serving others is the best way to live because it changes not only other people's lives, but also our own.

Mehta, a member of the Rotary Club of Calcutta-Mahanagar, West Bengal, India, revealed the 2021-22 presidential theme, *Serve to Change Lives*, to incoming district governors on 1 February during the Rotary International Assembly. The assembly, a yearly training event for district governors-elect, was originally set to take place in Orlando, Florida, USA, but was held virtually because of the COVID-19 pandemic.

Mehta spoke about how participating in service projects through Rotary changed him as a person and made him empathize more with the needs of others. Soon after joining his club, he helped carry out projects that benefited rural communities in India.

Some of the poor conditions he saw in those communities strengthened his commitment to service. "I truly understood the plight of my brethren," he said.

Mehta participated in initiatives that brought artificial limbs to children, clean water and sanitation to homes, and better health care facilities to communities.

"Rotary kindled the spark within me to look beyond myself and embrace humanity," he said. "Service became a way of life for me and I, like many others, adopted the guiding philosophy that 'Service is the rent I pay for the space I occupy on this earth, and I want to be a good tenant of this earth.'"

Mehta encouraged district governors-elect to lead by example during their term and inspire Rotary and Rotaract members to participate in projects that have measurable and sustainable impacts. He's asking each club to conduct a Rotary Day of Service.

"At the end of your term as district governor, you should feel that because of your leadership, because of your inspiration to Rotarians and Rotaractors, the world has changed for the better because of the service done by them during the year," he said.

For the 2021-22 Rotary year, Mehta wants members to focus their efforts on empowering girls and ensuring their access to education, resources, services, and opportunities so that future generations of women leaders will have the tools they need to succeed. Mehta asked members to use Rotary's belief that diversity, equity, and inclusion is critical in all we do as a compass to guide this work.

“There are many issues that girls face in different parts of the world, and you as leaders will ensure that we try and mitigate the disadvantage of the girl that they may have,” he said.

To be able to do more through service, Rotary needs to increase membership, Mehta said. Membership has hovered around 1.2 million for the past two decades. He challenged the incoming governors to be catalysts in their districts to help increase membership to 1.3 million by 1 July 2022. Mehta’s Each One, Bring One initiative asks every member to bring one person to join Rotary within the next 17 months.

Increasing membership while also continuing our commitment to eradicating polio, fighting COVID-19, and serving our communities is an ambitious goal. “And that should excite you,” Mehta said. “Rotarians love challenges.”

### District 2470 Continues to Take Action Against Covid-19 - Herak...

Heraklion Rotary Club of District 2470 disinfected a School shortly before the resumption of classes. Continuing the initiative developed in the previous period with the disinfection of public spaces and structures, the Rotary Club of Heraklion proceeded to the disinfection of the halls and courtyards of the 6th, 44th, 21st and 48th Primary Schools, as well as the 48th Kindergarten of Heraklion. This is a move with a highly symbolic, but also substantial meaning, which is carried out with the sponsorship of "Sampson Disinfectant" - which the RC warmly thanks - and aims to contribute to the protection of students and teachers, but also to strengthen the existing hygiene measures against Covid 19. A reminder, that these actions began with the disinfection of the SOS Children's Villages, while in the coming days, it will continue in other schools and structures in Heraklion. The RC warmly thanks the Principals of the school units for their cooperation.

### District 1913 Rotarians are Taking Action After the Heavy Earthq...

29, Rotarians and clubs of our District 1913 have reached the stricken area within a few hours. Generous aid in kind flows day and night: food, clothing, disinfectants, generators, shelters, blankets, heaters, mattresses, construction materials and is continuously being distributed to all those in need. At the same time, Rotarians, as always, are also seeking possibilities for long-term, sustainable projects which will help this area by not only rebuilding the houses and infrastructure, but also the livelihoods and lives of people there. When we run out of

words, deeds remain. Dear friends, help us accomplish this by donating to District 1913 Disaster Relief Fund. We are People of Action. TOGETHER, WE REBUILD

## District 2430 Supporting Communities - Bolu RC

Bolu Rotary Club and the Bolu Office of the Foundation for Raising and Preserving Mentally Disabled Children carried out a joint project in November. During the workshop, which lasted for 4 weeks under the mentorship of Düzce University Faculty of Fine Arts, Lecturer Associate Professor Burcu Günay, our students made paintings using different techniques and materials. This project, which we set out with the motto "We are Overcoming the Obstacles with Art", completed its first phase with the excitement and pride of being able to do something together. The second phase of the project was to immortalize the products that emerged with the efforts of our youth and to turn them into a product that we and them can keep with pleasure. For this purpose, in order to remember the paintings and the owners of the works, we decided to turn it into the 2021 Desk Calendar that will stand in front of our eyes all year long and then keep it as a memory. We took our printed calendars and went to visit our students again. We will not forget the happy sparkles in their eyes throughout our lives. Their only question is, "When will you come to have a painting again?" happened. Despite the pandemic, we set out in this project by saying, "Overcoming the Obstacles with Art". We completed it by saying that Rotary Creates Opportunities, as long as we want to. Endless thanks to all friends who contributed to this project that warms our hearts.

## District 2484 Helping to the Victims of the recent Disaster in Kar...

Packages of love and solidarity were sent today by the Metropolitan Rotary Club of Thessaloniki and the Hellenic Communication Center, to the victims of the recent disaster in Karditsa. During the delivery, the Governor of the 2484 District of Rotary International Aristotelis Apostolidis, the P.D. Governor Theodoros Aspasidis, the A.V. Governor and Responsible of Public Image of the District Dinos Costopoulos, the president of the Metropolitan Rotary Club of Thessaloniki Nancy Anoixa and the vice-president of RC Metropolitan Giannis Christodoulou were there. The packages of love were sent to the Social Grocery of the Municipality of Karditsa, to relieve the 5,000 of our fellow citizens who lost their belongings in the recent great disaster in the wider area of the 25 villages that were affected. Our leading companions in this humanitarian aid were: the leading industry NESTLE HELLAS, the pasta industry MACVEL, the MANNA Flour Keramari Bros and the Tourism and Conference Organization Office VOYAGER CONRA and we thank them warmly for their response. The parcels were delivered to the Transport Company of Thessaloniki XANTHI Bros. which offered for free, safe transport and delivery to the Deputy City Halls for Social Policy and Volunteering of the Municipality of Karditsa.

## District 2484 Community Service

The Rotary Club of Trikala is once again faithful to the ideals of Rotary, donated essential food items (milk, oils, legumes, etc.) and hygiene products (shower gels, shampoos, toilet paper, diapers, toothpaste, toothbrushes, etc.) to the flood victims of Karditsa. In the difficult conditions that exist in our neighboring city, it is extremely important for its citizens to feel that there are members and groups in the society that with whatever forces they have, they extend a hand of completely selfless support. The joy for this reason was evident in the faces of the volunteers as well as mainly in the Deputy Mayor of Karditsa, Mrs. Ourania Soufla. We warmly thank Rotary's friends which when they listened of our action, they offered to immediately help as much as anyone could.

District 2430 Rainbow Project

RAINBOW: An outstanding Global Grant Project whose aim is to ensure those with physical disabilities to integrate into the community,thus providing individual autonomy and equality and to create awareness and conduct activities enabling the disabled to have equal rights and accessibility to all facilities that other people do and to ensure they become independent and productive members of society,supporting them socially and culturally so that they can take part in all aspects of the community they live in. Two of the four phases in the project, have been completed, the first one being setting up a workshop or atelier in which the wheelchairs utilized by the disabled can be maintained,repared and/or modified according to their needs as well as recycling those leftover parts to support the local economy. More importantly, modifying each wheelchair will accomodate the disabled person's particular needs complying with his features as a result of which he will gain self-confidence. Moreover, this association will eventually could be authorized by the motorized wheelchair/vehicle suppliers for the repair and maintenance of such vehicles and this will provide a revenue for the association. This repair and maintenance workshop, or atelier not only will offer vocational training but also provide them with jobs upon completion of their training. Second phase completed was setting up a computer lab within the premises of the association offering the diasabled training courses in basic computer usage so that they can have access to different sectors of society and become part of the community they live in. The purpose of setting up a computer-based training center was to ensure sustainability by offering continual training seminars in a variety of areas. The third and fourth phases in our action plan will be contacting companies in the tourism and industry sectors as well as local authorities such as Bureau of Recruitment and Chamber of Commerce, the Municipality followed by a chain of campaigns, panel conferences and various activities to be held in order to create awareness for the recruitment of the diasabled citizens of Antalya.

District 2430 Continues to Take Action Against Covid-19

41 ventilators for "One Breath, Thousand Lives" project with the value of 285,000.-US \$ have been received today. We appreciate to the clubs and districts from Taiwan, India, Finland, Spain, USA, Rotary Foundation and Rotary Clubs of Rotary International District 2430. We thank to all the contributors and all the people involved to realise this project by saying #letsdoalltogether. The ventilators will be distributed to the needed hospitals all over the country by the clubs.

RID Katerina Kotsali-Papadimitriou Participated to RICON Break...

The COVID-19 pandemic and anti-racism solidarity demonstrations are calling out global inequities and the need for social justice. It is even more important that Rotary be an organization inclusive of all cultures, experiences, and identities. This breakout session provides an opportunity to hear from Rotarians at the forefront of change, learn about Rotary's diversity, equity, and inclusion (DEI) progress, and be equipped with tools to create a more diverse, inclusive, and equitable organization. You can watch the session online from the following link

D 2470 The second, of five fully equipped dental clinics donated as part of the 1st Global Grant of the "Dental Care in Isolated Municipalities" and regions, was set up on the remote island of Agathonisi. In this Global Grant, the only international partner was RID6250 (Wisconsin, USA). This setting up followed the installation of the remaining dental clinics on the other islands of Fourni, Lipsi and Symi. The installation of dental clinics will significantly contribute to the upgrade of The health Systems on the above mentioned islands and have been accepted with great enthusiasm by the local communities.

District 2470 donations continue. The third of the five dental clinics donated as part of the 1st Global Grant of the "Dental Care in Isolated Municipalities" district was inaugurated on the remote island of Lipsi. In this Global Grant, the only international partner was RID6250 (Wisconsin, USA). This donation follows those of the remaining dental clinics on the other islands of Fourni and Symi. The installation of the said dental clinics will significantly contribute to the upgrade of health facilities on the above mentioned islands and have cordially been accepted with great pleasure by the local.

The fourth out of five dental clinic was donated to Fourni island as part of the 1st Global Grant of District 2470 District. District 6250 (Wisconsin, USA) was the exclusive international partner with regards to the Global Grant. The final clinic will be donated in Symi. The dental clinic donation contributes significantly to the upgrade of the healthcare of the above islands and is gratefully accepted by the local communities.

District 2470 Donated a Laboratory to Athens Municipal Nursery

District 2470 donated a small scale Technological Laboratory (Maker Space) to The Athens Municipal Nursery. On July 9th 2020, in downtown Athens, Rotary Club Athens - Lycabettus joined forces in a tripartite cooperation with the Athens Municipal Nursery and the Technical University of Crete's "Transformable Intelligent Environments Laboratory" (TUC TIE Lab) through the "Designed for Better Learning" research educational program funded by the Municipality of Athens, in order to create a small scale Technological Laboratory (maker space) with open access to all the educators that work for the 72 Municipal Nurseries of Athens. This community action aims to transform academic research into social and pedagogical innovation, to enhance the learning process of every kindergarden through the use of technology and to widen the creative possibilities of educators and children. The Technological Laboratory was implemented with a donation from the Rotary Club Athens-Lykavittos in the context of its community action, combined with a sponsorship of the 2470 region of the International Rotary (District Grant).
