Public Image and Public relations

RPIC/PDG Nijad K. Al Atassi

"Public Relations" is the relationship between an organization and the public. **"Public Image"** is the concept that the ideas and opinions that the public may have about a person or an organization may not be what they really are.

Public Image involves, gaining the attention of the media, that communicates any information or news, regarding a product, service, person, organization, etc. so as to create awareness in people. In contrast, public relations seek to attract the target audience, for the purpose of boosting the organization's objective.

In Rotary, Public Image and Public Relations are important functions for all that we do. When a Rotary club has a positive public image, brand or reputation, current members are motivated to participate in service above self, prospective members are eager to join and sponsors are willing to support service.

Youth Service Month

Rotary Youth Exchange

*Rotary Youth Exchange builds peace
one young person at a time.*

What are the benefits?

Exchange students unlock their true potential to:

Develop lifelong leadership skills

Learn a new language and culture

Build lasting friendships with young people from around the world

Become a global citizen

How long do exchanges last?

Long-term exchanges last a full academic year, and students attend local schools and live with multiple host families.

Short-term exchanges last from several days to three months and are often structured as camps, tours, or homestays that take place when school is not in session.

Presidential Message

I believe it is a time in our world for brave, courageous, intentional leadership.

Last month, in this column, you heard from my dear friend Anniela Carracedo. She is an amazing member of our Rotary family, and as a past Interactor and now Rotarian, she is this kind of leader.

Anni shared a very personal story about coping with a panic attack, something that I have also experienced. The outpouring and response to this story have been tremendous and punctuate how critical it is that we acknowledge not only our strengths but our vulnerabilities too.

When we talk about finding space for one another — creating comfort and care within Rotary — we're describing a club experience where we can all feel comfortable sharing like Anni did, and we can all empathize with and support one another. Whatever we are facing in life, Rotary is a place where we know we're not alone.

We spend so much time helping our world, whether it's working to end polio, cleaning up the environment, or bringing hope to communities that need it most. Sometimes we can lose track of the need to apply some of our energy and care to our fellow members and partners in service.

The comfort and care of our members is the single greatest driver of member satisfaction and retention. We need to ensure that it remains a priority — and that we further strengthen these bonds by performing service that helps reduce the stigma of seeking out mental health treatment and expands access to care.

That is why I'm so heartened by President-elect Gordon McNally's wonderful vision to help improve the global mental health system, not only for Rotary members, but for the communities we serve.

When Gordon announced our focus on mental health at this year's International Assembly in Orlando, Florida, he reminded us that helping

Jennifer Jones
President RY 2022-23

others benefits our mental health by reducing stress and improving our mood. Studies show that performing acts of kindness is an effective way to improve your own mental and physical health. Rotary service brings hope to the world and joy to our lives.

Our new focus on mental health will take some time to do right, and yet it builds on something that has been part of who we are for 118 years. We are People of Action, and behind that action is care, compassion, empathy, and inclusion.

Becoming champions of mental health is not only the right and kind thing to do, it is a tool that can Create Hope in the World, Gordon's inspiring theme for his upcoming year as president.

If we serve our members, we serve our communities, and if we can meet people where they are and lift them up, they will imagine Rotary in a new light and come to fully understand our value and our infinite potential.

Youth Service Month

Students learn a new language, discover another culture, and truly become global citizens. Exchanges for students ages 15-19 are sponsored by Rotary clubs in more than 100 countries.

What are the costs?

Room and board are provided, as well as any school fees. Each program varies, but students are usually responsible for:

- Round-trip airfare
- Travel insurance
- Travel documents (such as passports and visas)
- Spending money and any additional travel or tours.

How can I apply?

Candidates are ages 15-19 and are leaders in their schools and communities. Contact your local Rotary club to see what exchange opportunities are available and what the application process involves.

Rotary Youth Exchange Annual Report
Rotary Youth Exchange inspires young leaders to serve as catalysts for peace and social justice in their local communities and throughout the world, long after their exchanges end. This program is possible because of the dedication, leadership, and passion of the tens of thousands of volunteers — Rotary members and nonmembers alike — who make this unique program so successful.

Read the latest about how Rotary Youth Exchange is a catalyst for service, cultural understanding, and lifelong connections to Rotary.

Rotary clubs host exchanges for students ages 15-19 in more than 100 countries.

Public Image and Public relations

How do I promote my club's project?

Including a public relations component in your project plan will help ensure your club's projects and events get the attention and support they deserve. The following ideas can help you create a successful campaign.

Know your local media

Before sending stories to a journalist, get to know your audience. Read your local newspaper, listen to the evening news, and follow Facebook and Twitter to identify where a Rotary story might fit. Consider inviting a local journalist to speak to your club about how to work with the media or invite them to join a service project so they can see firsthand how your club is improving your community. You could also:

Develop a media list and keep it current. Get to know local journalists by inviting them to learn more about Rotary, your club, or a specific project.

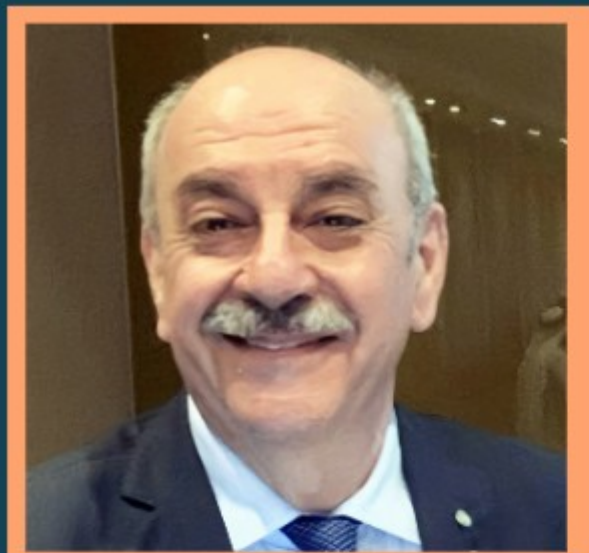

Contact the media with newsworthy story ideas, being sure to:

Know your story and anticipate questions.

Send background materials immediately following contact.

Be persuasive, persistent, and friendly, but not aggressive.

Often too little is known about Rotary in our communities and opportunities are missed. The Zone 21B Rotary Public Image Team is here to assist you in this journey. We are here to help tell our story. That is: Together, we see a world where people unite and take action to create lasting change - across the globe. in our communities. and in ourselves.

Public Image and Public Relations are top priorities of Rotary and we share that vision.

Log in to Rotary.org

Promoting Rotary to the general public can be as simple as wearing your Rotary pin or as elaborate as organizing an integrated marketing campaign. By increasing the public's understanding of Rotary, we're strengthening our ability to make an impact in communities around the world.

Whether you're new to PR or a professional, we can help. We encourage you to visit the Rotary Brand Center, where you will find a variety of media-ready materials that can be adapted to your needs.

Public Image and Public relations

Write a press release that journalists want to read

Once you've developed a relationship with your local reporter, help them remember you through regular contact. Share news about your club projects, fundraising events, or the arrival of Youth Exchange students with a press release. You should:

- Develop your "news hook," a persuasive reason for the news media to pursue a story
- Include the five Ws in the opening paragraph of your press release: who, what, where, when, and why
- Keep it concise; limit the press release to one page and paste into the body of your email rather than sending it as an attachment
- Decide who will respond to media inquiries and include their contact information
Include visuals when you send to TV stations

More ideas for promoting Rotary

There are many ways to promote Rotary. You can hold a special event, start a Facebook page, or place a billboard ad.

You could also:

Advertise on cable and public access TV
Create a public service announcement
Write op-eds and letters to the editor,
Distribute club brochures, media kits, and fact sheets
Post on your club website and social media outlets, including blogs, Facebook, Twitter, YouTube, and more.

What do I do next?

It is exciting to see your club mentioned in the newspaper or see Rotary featured on a billboard. Keep track of your public relations efforts by watching for Rotary-related news clippings in the papers you have contacted. Remember to send a thank you note to those who helped you along the way.

May is a special month in Bulgaria. We celebrate one of the greatest Bulgarian holidays – 24th of May, The Day of St St Cyril and Methodius who created our alphabetic, the Cyrillic. This is the Month of Science, Education and Culture. Almost all events are in close connection with these two topics. This is the month when special fairs of books and public readings are organized. Students – primary and secondary schools, university students and all – teachers and professors are manifesting their devotion to science, culture and education.

May is also the Month of Bulgarian Rose. There are special events in all towns in the Rose Valley. The geographical region is located between The Balkan mountains and Sredna Gora Mountain. It separated Bulgaria in 2 parts – Northern and Southern Bulgaria. Our country is the biggest producer in the world of rose oil. The fields planted with *Rosa Damascena*, are world famous of the beauty and aroma.

Dr. Stoimen Gechev is a member of the Rotary Club Kazanlak, and Dr. Gergana Gecheva is a member of the local "Inner Wheel Club". The campaign is supported by Rotarians.

The Special Month of Bulgaria

Rotary Club of Nova Zagora

Rotary club Nova Zagora, RI District 2482, supported financially the lightening of pedestrian pathways in the city.

Over the past year, the club has actively directed its attention towards supporting innovative methods in education, as well as partnering with the Municipality on socially oriented projects. The thought for the future of new generations begins with preserving the health and safety of children - a fact demonstrated by the Rotarians with their latest noble gesture.

The specialized directional lighting they donated has been installed on 12 pedestrian paths, located in key areas of the city - near schools and kindergartens, and other areas with particularly high traffic. The new lighting provides much better visibility for drivers during dark hours. Some of the lighting fixtures are connected to the street lighting, while others are powered by solar batteries.

The Mayor of Nova Zagora Municipality, Galya Zaharieva, expressed heartfelt gratitude to the Rotary Club Nova Zagora, who funded the initiative and said that this is happening at the right moment, when the Municipality has started renewing the pedestrian paths, in cooperation with the support of the Regional Police Department and Traffic Police in Nova Zagora.

Rotarians kayaked in support of a cause – the construction of a sensory room in the "Mermaid" kindergarten in Ruse.

The waters of the Yantra river were quite high and the weather forecast was not too good, but this did not stop the participants in the 21st kayaking event, organized by the Rotary Club Ruse Danube. They passed the impressive 30 kilometers by water in two days. Water sports enthusiasts were united by their desire to support the club's cause of building a sensory room in the "Mermaid" kindergarten in Ruse. The project by the Rotary Club Ruse Danube, is being implemented with the support of the Rotary Foundation and in partnership with the Rotary Club Russe.

The participants in the rowing journey had the opportunity to enjoy the beautiful views of the rocks hanging over the water and the natural formations in them, as well as the numerous birds flying over the Yantra. The numerous rapids forming under the bridges proved to be a challenge for the kayakers, but the experienced guides from the "White Star" travel club managed to guide all the boats through the frothy and turbulent water with their advice. Representatives of other Rotary Clubs also participated in the sailing. The President of the Rotary Club Ruse Danube, Andrey Dimitrov, handed over the Transition Cup.

We are proud to announce that we have done the repair works in the kindergarten by ourselves!

Rotary Club of Sofia Triadista

Rotary club Sofia Triaditsa, RI District 2482

Dear fellows, we are pleased to share with you information about our project "Accessible Sports for All", which started at the beginning of May 2023. The preparation, discussions, and efforts that we put into its implementation began in the fall of the previous year.

Our project aims to demonstrate how private sports facilities can partner with schools that have poorly equipped sports facilities, and thus provide students with motivation and good conditions for sports.

As a successful start to the "Accessible Sports for All" initiative, the Rotary Club Sofia-Triaditsa financed the visit of students from the 139th school "Zahariy Krusha" to professional swimming training sessions. The training sessions take place in the "Spartak" swimming pool, thanks to our good partners and friends from the team managing the pool, and personally Mr. Petar Stoychev. The project would not have been possible without the motivated principal and teachers from the 139th school "Zahariy Krusha", who embraced our idea and assisted in its implementation.

"To help yourself, help others. Whatever good you do travels a circle and returns to you many times over – but remember, life isn't about what you get, it's about what you become."

– Dennis Gaskill

The Special Month of Bulgaria

Rotary Club of Sofia Triadista

So far, over 30 students who are eager to skill themselves with this fundamental and very important sport have already attended the training sessions, which take place twice a week.

Why did we choose to finance such an activity? Because swimming has numerous direct and indirect benefits for children's health and development - it helps strengthen the muscles of growing children, overcome deformities, reduces the risk of respiratory diseases, overweight, improves coordination and teaches children how to cope in dangerous situations in publicly accessible water bodies.

The smiles of the children and the enthusiasm with which all participants in the initiative support the activities is a confirmation for us from the Rotary Club Sofia Triaditsa, that such joint projects, which connect the desires and ambitions of children, teachers, parents, and trainers have a beneficial and positive effect on our society and the future of our children.

"روتاري سيف البحرين" يغرس سمات القيادة في أوساط الشباب

البحرين، 28 مايو 2023 - في إطار سلسلة من الفعاليات التي تنظمها روتاري سيف البحرين، تم تنظيم فعالية "غرس سمات القيادة في أوساط الشباب" في 28 مايو 2023. تهدف هذه الفعالية إلى تعزيز القيم القيادية لدى الشباب من خلال أنشطة تفاعلية ومشاركة مع المجتمع.

تمت دعوة مجموعة من الشباب للمشاركة في الفعالية، حيث تم تنظيمهم في مجموعات صغيرة لمناقشة مواضيع مختلفة تتعلق بالقيادة. كما تم تقديم ورش عمل تفاعلية تهدف إلى تطوير مهارات القيادة لدى المشاركين.

تأتي هذه الفعالية كجزء من سلسلة من المبادرات التي تنفذها روتاري سيف البحرين لتعزيز القيم القيادية لدى الشباب في البحرين. تهدف هذه المبادرات إلى إعداد جيل من القادة الشباب القادرين على مواجهة التحديات المستقبلية.

Rotary Club of Chicago, Illinois, USA. Rotary vision:

To harness the great power of friendship to help do the world's work.

"Man has affinity for his fellowman, regardless of race, creed, or politics, and the greater the variety, the more the zest. All friendliness needs is a sporting chance; it will take care of itself in any company."

Being Rotary International President Jennifer Jones' Representative in D2440 conference has been an amazing experience, though it was only for two days, but for me it is a moment worthy of a lifetime to remember. The Rotarians of D2440 and the neighboring districts were very enthusiastic and awesome. The marks of Service above Self are clearly seen on their faces, as RI President's Representative and as an RPIC it inspired me a lot. Thank you RI President Jennifer for giving me the opportunity as your representative and my sincere gratitude to DG Serdar Durusut and PDG Alaeddin Demircioglu for their time and effort in making my time excellent.
